## Off Guard:

The Continent of St. Louis J. L. Reynolds, 2008-03-04 Southern Californians had long been accustomed to the occasional jolts of small earthquakes and for the most part had come to ignore the small jolts and considered them as more of a reminder that they lived in an area that was dissected by the great San Andreas Fault along with many other smaller fault lines Vince Davis the director of the Seismic Center located in San Diego California had been awakened from sleep at 2 00 AM the morning of August 18th 2009 by the jolt of a small earthquake not unlike many others he had experienced since moving to San Diego and taking over his position as director of the facility He felt no urgency in regard to the earthquake knowing the Seismic Center would be monitoring the quake What he didn't know but would soon learn was that the small quake was just the beginning of something more devastating and ominous Something that he and his assistant Jim Lewis never imagined could happen The two caught up in the disaster would band together with a group of new found and dedicated allies forming a courageous force of defiant individuals The government of the United States no longer viable crumbled and fell apart under the fury of the all consuming disaster Military and government officials alike deserted their posts as Washington and the White House burned If the group was going to survive they would have to find their own way and do so by their own means In a short period of 35 days they would find themselves in a constant struggle against nature and the enemies they would encounter along the way He and his allies are ultimately forced to abandon their mountaintop headquarters and go to St Louis where they will have to make their last stand and face the power of the mighty New Madrid Fault

**Parenting** Steven Tuber, 2016-06-24 *Parenting: Contemporary Clinical Perspectives* offers fresh insights into treating parents and their children that highlight the evolving role of parents throughout the lifespan and amidst contemporary social pressure and change. By drawing from their own personal experiences as well as those from clinical practice, distinguished clinicians and analysts examine each phase of parenting through a variety of lenses to tackle our biggest parenting questions. While we must be highly present for our children to help them develop a sense of self-worth, we must simultaneously step back if we want them to develop a sense of autonomy and individuality. As our role as parent changes, how can we maintain a sense of grace, humor, and perspective? How can our work in practice inform and enrich our parenting and vice versa? Thoughtful and engaging, this volume is a valuable resource for family therapists and clinicians, especially those who are parents themselves.

*Past Time* Corina Simpson, 2010 **Faith** Mimi Barbour, 2024-10-22 Hooker turned nanny Faith Whitely, known to her Johns as Sunshine, has struggled to be a decent person all her life. And her options were never the same as the good girls in town. Growing up with a sick mother and limited resources, she does the best she can until a man she loves dies in a violent, intolerable situation where she blames herself. Then her world crumbles into drugs and self-hate. She's saved by the sound of a baby's cry, an unmanageable child who she bonds with and then needs as much as she wants his daddy. Any luck Steven Corella has with the women in his life has been all bad. Sensitive, a man who works in a job unsuited to his inner nature, he manages to fool the world. When he finds he's to become a daddy, the tough-guy personality he's been portraying all along turns real. He hardens his heart and hides behind thick walls of protection he's carefully erected. And then Sunshine enters his world and nothing makes sense anymore. Her Sweet Revenge Series: Retaliation Book 1, Justice Book 2, Resolution Book 3, Endings Book 4, Faith Book 5, Leni Book 6.
