Off Limits Little Saigon:

Little Saigons Karin Aguilar-San Juan, 2009 Karin Aguilar San Juan examines the contradictions of Vietnamese American community and identity in two emblematic yet different locales Little Saigon in suburban Orange County California widely described as the capital of Vietnamese America and the urban Vietnamese town of Fields Corner in Boston Massachusetts Their distinctive qualities challenge assumptions about identity and space growth amid globalization and processes of Americanization With a comparative and race cognizant approach Aguilar San Juan shows how places like Little Saigon and Fields Corner are sites for the simultaneous preservation and redefinition of Vietnamese identity Intervening in debates about race ethnicity multiculturalism and suburbanization as a form of assimilation this work elaborates on the significance of place as an integral element of community building and its role in defining Vietnamese American ness Staying Vietnamese according to Aguilar San Juan is not about replicating life in Viet Nam Rather it involves moving toward a state of equilibrium that though always in flux allows refugees immigrants and their U S born offspring to recalibrate their sense of self in order to become Vietnamese anew in places far from their presumed geographic home

Vietnam War Slang Tom Dalzell, 2014-07-25 In 2014 the US marks the 50th anniversary of the Gulf of Tonkin Resolution the basis for the Johnson administration's escalation of American military involvement in Southeast Asia and war against North Vietnam Vietnam War Slang outlines the context behind the slang used by members of the United States Armed Forces during the Vietnam War Troops facing and inflicting death display a high degree of linguistic creativity Vietnam was the last American war fought by an army with conscripts and their involuntary participation in the war added a dimension to the language War has always been an incubator for slang it is brutal and brutality demands a vocabulary to describe what we don't encounter in peacetime civilian life Furthermore such language serves to create an intense bond between comrades in the armed forces helping them to support the heavy burdens of war The troops in Vietnam faced the usual demands of war as well as several that were unique to Vietnam a murky political basis for the war widespread corruption in the ruling government untraditional guerilla warfare an unpredictable civilian population in Vietnam and a growing lack of popular support for the war back in the US For all these reasons the language of those who fought in Vietnam was a vivid reflection of life in wartime Vietnam War Slang lays out the definitive record of the lexicon of Americans who fought in the Vietnam War Assuming no prior knowledge it presents around 2000 headwords with each entry divided into sections giving parts of speech definitions glosses the countries of origin dates of earliest known citations and citations It will be an essential resource for Vietnam veterans and their families students and readers of history and anyone interested in the principles underpinning the development of slang

The Collector Cameron Cruise, 2007-01-01 She lies in a pool of her own blood More blood decorates one wall in macabre finger paintings The victim is a fortune teller from the Little Saigon community of Westminster California a seemingly random murder Detective Seven Bushard wonders cynically if she saw it coming When local artist Gia Moon shows up at the

Ecology of Fear Mike Davis, 2022-02-15 A witty and engrossing look at Los Angeles urban ecology and the city's place in America's cultural fantasies Earthquakes Wildfires Floods Drought Tornadoes Snakes in the sea mountain lions and a plague of bees In this controversial tour de force of scholarship unsparing vision and inspired writing Mike Davis the author of City of Quartz revisits Los Angeles as a Book of the Apocalypse theme park By brilliantly juxtaposing L.A.'s fragile natural ecology with its disastrous environmental and social history he compellingly shows a city deliberately put in harm's way by land developers builders and politicians even as the incalculable toll of inevitable future catastrophe continues to accumulate Counterpointing L.A.'s central role in America's fantasy life the city has been destroyed no less than 138 times in novels and films since 1909 with its wanton denial of its own real history Davis creates a revelatory kaleidoscope of American fact imagery and sensibility Drawing upon a vast array of sources Ecology of Fear meticulously captures the nation's violent malaise and desperate social unease at the millennial end of the American century With savagely entertaining wit and compassionate rage this book conducts a devastating reconnaissance of our all too likely urban future

Dragon Lady Gary Alexander, 2011-04-02 In 1965 Saigon Joe a young draftee becomes obsessed with a Vietnam girl named Mai his own Dragon Lady from his beloved Terry and the Pirates cartoon strips that his mother still

sends him As he pursues a relationship with her Saigon churns with intrigue and rumors will the U S become more involved with the Vietnamese struggle What is going on with a special unit that is bringing in all sorts of for the time high tech equipment Will the U S make Vietnam the 51st state and bomb aggressors to oblivion But for Joe the big question is does Mai love him or will she betray more than just his heart Gary Alexanders intelligent voice filled with dry wit and his own experiences give this story a sharp sense of truth recounting the horror and absurdity of war Reminiscent of books such as Catch 22 Dragon Lady serves up equal measures of outrageous humor and poignant remembrance Cultural Appropriation Aurélia Bardon,Jennifer M. Page,2025-04-22 From the fashion label Dior being accused of cultural appropriation after using American Indian imagery in an ad campaign for its Sauvage fragrance to the backlash against Kendall Jenner s afro esque hairstyle in Vogue debates about cultural appropriation have reached a fever pitch In this much needed analysis of the phenomenon Aur lia Bardon and Jennifer Page step back and ask when is cultural appropriation wrong and when are we right to criticize it Their analysis of wrongful cultural appropriation centers on three questions whether appropriation involves theft whether it communicates disrespect and whether it disregards requests made by marginalized groups about their cultural practices Sometimes they argue it is structural injustice rather than individual wrongdoing that is at stake They examine cultural appropriation s political dimensions asking whether the state should be neutral between appropriative and non appropriative artistic expression They contrast bans on wrongful cultural appropriation and the state s using its expressive power as a speaker spender and educator to discourage it They also consider the ethical questions that arise when cultural appropriation debates spur further debates about online shaming and cancel culture Using cases from music fashion and the arts Cultural Appropriation Wrongs and Rights will be of great interest to students and researchers in philosophy politics and related subjects such as race and ethnic studies sociology and cultural studies *Listen, Slowly* Thanhà Lai,2015-02-17 This remarkable and bestselling novel from Thanhha Lai author of the National Book Award winning and Newbery Honor Book Inside Out Back Again follows a young girl as she learns the true meaning of family Listen Slowly is a New York Times Book Review Notable Book and a Publishers Weekly Best Book of the Year A California girl born and raised Mai can t wait to spend her vacation at the beach Instead she has to travel to Vietnam with her grandmother who is going back to find out what really happened to her husband during the Vietnam War Mai s parents think this trip will be a great opportunity for their out of touch daughter to learn more about her culture But to Mai those are their roots not her own Vietnam is hot smelly and the last place she wants to be Besides barely speaking the language she doesn t know the geography the local customs or even her distant relatives To survive her trip Mai must find a balance between her two completely different worlds Perfect for fans of Rita Williams Garcia and Linda Sue Park Listen Slowly is an irresistibly charming and emotionally poignant tale about a girl who discovers that home and culture family and friends can all mean different things **Seattle** Jeff Dickey,Richie Unterberger,2003 This is a handbook to Seattle a dynamic and lively city

Madonna J. Randy Taraborrelli,2001-09-27 Madonna Megastar Lover Mother Opportunist Chameleon Role model She s all of these things and more Yet who is she really In Madonna An Intimate Biography author J Randy Taraborrelli s scrupulously researched and completely balanced unauthorized biography of one of the world s most celebrated entertainers the reader is allowed to draw his or her own conclusions Indeed the portrait bestselling author Taraborrelli paints here is of a truly complex woman one who is driven and determined to succeed at any cost yet who displays remarkable vulnerability when it comes to matters of the heart It is significant that Madonna An Intimate Biography is the first such book written about the star in over a decade because in the past ten years the ever changing Madonna has gone through her biggest transformation yet from tempestuous sex goddess to happily married mother Amazingly as she launches her first worldwide tour in eight years she is now at forty something enjoying one of the most successful periods of her groundbreaking career Whereas other books about Madonna have been based on previously published material Madonna An Intimate Biography is the result of ten years of exclusive interviews with people who are speaking publicly about her for the first time including close friends business associates and even family members Since Taraborrelli interviewed the star herself early in her career he is now able to draw from such firsthand experiences to place her success story in perspective and provide new stunning insights The true Madonna as presented here is not merely a sensation seeking tabloid vixen but a flesh and blood woman with human foibles and weaknesses as well as great strengths and ambitions For the first time the reader learns about the complex nature of her difficult relationship with her father and how the two finally found one another after years of estrangement how Warren Beatty broke her heart and why the two never wed how she and John Kennedy Jr became romantically involved his mother s reaction to the prospect of Madonna as a daughter in law and why it could never have worked out the truth of her relationships with the fathers of her two children and how as a loving and attentive mother she has evolved into a surprisingly different woman and what the future holds for her Madonna An Intimate Biography is a truly explosive and definitive account of the life of an entertainer who is undoubtedly one of the most popular trendsetting figures of our time Full of amazing disclosures about her private life and public career New York Times bestselling author J Randy Taraborrelli s latest work reveals Madonna in a new and surprisingly inspiring way Not only a feast for fans this book is great entertainment for anyone who enjoys a remarkable story stirringly told **Don't Thank Me For My Service** S. Brian Willson,2018-11-15 Viet Nam veteran S Brian Willson was so shocked by the diabolical nature of the US war against Viet Nam irreversible knowledge as he describes it and his own appalling ignorance from his cultural conditioning that it sparked

a lifetime of anti war activism This toxic jolt awakened him to the extent to which he and generations of American citizens had thoughtlessly succumbed to the relentless barrage of lies and propaganda that infest US American culture from the military and political parties to religious institutions academic and educational institutions sports fraternal and professional associations the scientific community the economic system and all our entertainment that seek to rationalize its otherwise inexplicable and morally repulsive behavior globally and at home US American history reveals a unifying theme prosperity for a few through expansion at any cost to preserve the exceptional American Way of Life AWOL This has been structurally guided and facilitated by our nation s founding documents including the US Constitution From the beginning the US was envisaged as a White male supremacist state serving to protect and advance the interests of private and commercial property The US waged war in Viet Nam was not an aberration but one of hundreds in a long pattern of brutal exploitation A quick review of the empirical record reveals close to 600 overt military interventions by the US into dozens of countries since 1798 almost 400 since the end of World War II alone and thousands of covert interventions since 1947 This history overwhelms any rhetoric about the United States as a beacon of freedom and democracy committed to promoting domestic and global equal justice under law These interventions have assured de facto subsidies for US American interests regulated global markets on our terms and provided us with access to cheap or free labor and to raw materials Millions of people around the globe have been murdered with virtual impunity as a result of our interventions in a pattern that illustrates what Noam Chomsky calls the Fifth Freedom the freedom to rob and exploit This freedom is ultimately protected with use of force when a country or movement seeks to protect or advance the domestic needs and desires of its members or citizens for political freedom or economic wellbeing This book provides an invaluable tool for today s activists however they may be similarly shocked into wakefulness

Remembering Heaven's Face John Balaban,2002 The author recounts his years in Vietnam as a conscientious objector serving as a teacher and a rescue worker for an organization that sent children with war injuries to the United States
