Offering To Isis:

Offering to Isis M. Isidora Forrest, 2005 Humankind has made offerings to spirits and deities for centuries This hallowed tradition helped ancient Egyptians develop a close and enduring relationship with one of their most beloved goddesses Isis M Isidora Forrest an ordained priestess of the Fellowship of Isis guides magical practitioners down a modern devotional path to this popular Egyptian goddess She discusses the theory and practice of ancient offering rites and shows how they can be applied today for spiritual growth and sacred magic Readers can choose from over seventy scripted offerings to Isis from Acacia to Words of Power Also included are the sacred hieroglyphs associated with Isis and how these powerful magical symbols can aid in forging a strong connection with the goddess **A Guide to the Antiquities of Upper Egypt** Arthur Edward Pearse Brome Weigall, 1910 Wine & Wine Offering In The Religion Of Ancient Egypt Mu-chou Poo, 2013-12-16 First published in 1995 Striking a niche among an intensely studied literary civilization this title assesses the meaning of wine and wine offering in the context of Egyptian religion by presenting observations about the implication of this study for the study of Egyptian religion in general Ancient Egypt has yielded the outlines of its religious political economic and social institutions Yet we know relatively little of the actual process through which an object of daily life such as wine was integrated into the religious system Scholars have studied various ritual offerings in Egyptian religion and clarified the religious significance of the offering objects This title aims to fill a gap in knowledge in a similar fashion **The Coffin of Heqata** Harco Willems, 1996 The coffin published in this book represents a type that had some popularity in southern Upper Egypt in the early Middle Kingdom but which despite its extraordinary decoration had not attracted attention so far The most striking feature of the decoration is that the object friezes the pictorial rendering of ritual implements usually found on coffin interiors of the period also include complete ritual scenes some of which are attested only here Apart from this the decoration includes an extensive selection of the religious texts known as the Coffin Texts The author first studies the archaeological context and dating of the coffin and attempts a reconstruction of the construction procedures from his technical description of the monument The detailed account of the decoration in the rest of the book interprets the ritual iconography and offers fresh translations and interpretations of the Coffin Texts A methodological innovation is that he regards the scenes and texts not as individual decoration elements but as components of an integral composition The background of this composition is argued to be a view of life in the hereafter in which the deceased is involved in an unending cycle of ritual action which reflects the funerary rituals that were actually performed on earth On the one hand these netherworldly rituals aim at bringing the deceased to new life by mummification on the other the newly regenerated deceased partakes in embalming rituals for gods representing his dead father Osiris or Atum These gods in their turn effectuate the deceased's regeneration The entire process results in a cycle of resuscitation in which the afterlife of the deceased and of the father gods are interdependent The sociological bias of this interpretation with its emphasis on kinship

relations differs significantly from earlier attempts to explain Egyptian funerary religion **ISIS** Fawaz A. Gerges, 2021-11-02 The Islamic State has stunned the world with its savagery destructiveness and military and recruiting successes What explains the rise of ISIS and what does it portend for the future of the Middle East In this book one of the world's leading authorities on political Islam and jihadism sheds new light on these questions as he provides a unique history of the rise and growth of ISIS Moving beyond journalistic accounts Fawaz Gerges provides an account of the deeper conditions that fuel ISIS The book describes how ISIS emerged in the chaos of Iraq following the 2003 U S invasion how the group was strengthened by the suppression of the Arab Spring and by the war in Syria and how ISIS seized leadership of the jihadist movement from Al Qaeda Part of a militant Sunni revival ISIS claims its goals are to resurrect a caliphate and rid Islamic lands of all Shia and other minorities In contrast to Al Qaeda ISIS initially focused on the near enemy Shia the Iraqi and Syrian regimes and secular pro Western states in the Middle East But in a tactical shift ISIS has now taken responsibility for spectacular attacks in Europe and other places beyond the Middle East making it clear that the group is increasingly interested in targeting the far enemy as well Ultimately the book shows how decades of dictatorship poverty and rising sectarianism in the Middle East exacerbated by foreign intervention led to the rise of ISIS and why addressing those problems is the only way to ensure its end **Travels in Egypt and Nubia, Syria, and the Holy Land; Including a Journey Round the Dead Sea, and Through the Country East of the Jordan** Charles Leonard Irby, 1844 [A History of Egypt: From the XIXth to the XXXth dynasties](#), by W.M.F. Petrie William Matthew Flinders Petrie, 1905 [A History of Egypt: From the XIXth to the XXXth dynasties](#), by W. M. F. Petrie Sir William Matthew Flinders Petrie, 1905 **A History of Egypt** William Matthew Flinders Petrie, 1894 [Travels in Egypt and Nubia, Syria and Asia Minor: during the years 1817 & 1818](#) Charles Leonard IRBY (Hon.), 1844 **Proceedings of the Society of Antiquaries of Scotland** Society of Antiquaries of Scotland, 1892 Includes List of members [Proceedings of the Society of Antiquaries of Scotland](#), 1892 **A History of Egypt, from the XIXth to the XXXth Dynasties** William Matthew Flinders Petrie, 1905 **A History of Egypt** Sir William Matthew Flinders Petrie, 1905 **Wine and Wine Offering in the Religion of Ancient Egypt** Muzhou Pu, 1995 First Published in 1995 Routledge is an imprint of Taylor Francis an informa company **SENSORIVM: The Senses in Roman Polytheism**, 2021-05-31 **SENSORIVM** The Senses in Roman Polytheism explores how a range of cults and rituals were perceived and experienced by participants through one or more senses The present collection brings together papers from an international group of researchers all inspired by the sensory turn Focusing on a wide range of ritual traditions from around the ancient Roman world they explore the many ways in which smell and taste sight and sound separately and together involved participants in religious performance Music incense images and colors contrasts of light and dark played as great a role as belief or observance in generating religious experience Together they contribute to an original understanding of the Roman sensory universe and add an embodied perspective to the notion of Lived Ancient

Richter,2016-04-15 The Ptolemaic period witnessed an enormous increase in the number of hieroglyphic signs and iconographic elements composite crowns scepters and cult objects The ancient scribes exploited this complexity when composing the reliefs used in temple decoration selecting particular words hieroglyphic signs and iconographic elements in order to create interconnected multiple layers of meaning forming a tapestry of sound and sight The Theology of Hathor of Dendera examines these techniques on both micro and macro levels from their smallest details to their broadest thematic connections foregrounding individual techniques to determine the words and phrases singled out for emphasis By synthesizing their use in the three dimensional space of the most important cult chamber in the Temple of Hathor at Dendera this new method of analysis not only reveals the most essential characteristics of the local theology but also shows how the ancient scribes envisioned the universe and the place of humankind within it **Opera omnia** Sextus Propertius,1905 [Egyptology at the Dawn of the Twenty-first Century](#) Zahi A. Hawass,Lyla Pinch Brock,2003 This comprehensive three volume set marks the publication of the proceedings of the Eighth International Congress of Egyptologists held in Cairo in 2000 the largest Congress since the inaugural meeting in 1979 Organized thematically to reflect the breadth and depth of the material presented at this event these papers provide a survey of current Egyptological research at the dawn of the twenty first century The proceedings include the eight Millennium Debates led by esteemed Egyptologists addressing key issues in the field as well as nearly every paper presented at the Congress The 275 papers cover the whole spectrum of Egyptological research Grouped under the themes of archaeology history religion language conservation and museology and written in English French and German these contributions together form the most comprehensive picture of Egyptology today
