Thukaram Rao, 2000 With 25 Years Teaching Experience Behind The Author M E Thukaram Rao Has Dexterously Authored This Book It Comprehensively Provides The Seekers With A Thorough Insight Of The Subject Offered To Students Of B Com B B A B B M Intermediate Diploma Course In Office Organisation And Management Etc Need For Such A Book Was Felt Since Long For Want Of Any Other One Of Its Kind A cursory Glance Through Its Contents Suffices To Convince The Teachers And The Taught That It Takes Good Care Of All That They Need **Cash Management Made Easy**, 2002 *Leadership & Management Made Easy* Benson Katulwa, 2015-12-02 Students enrolled for the International Qualification in Diploma in Leadership and Management sometimes find it challenging to understand what is expected as they attempt to complete various work based assignments Sometimes the questions are not straight forward and one is never sure whether they are on the right track As a result some students give up others get stuck and demotivated and for many more it takes longer to finish the course than anticipated For that reason this guide was developed as a support tool to guide you by simplifying the questions and giving the needed suggestions to get you moving ahead To help you get the most out of this guide here are a few things you need to know and pay attention to General Expectations The nature of ILM Qualifications The ILM Diploma in Leadership and Management is a vocational qualification As such it is different from many other exams you have taken in other schools and colleges While many examinations test your ability to memorize and reproduce what you were taught this diploma tests your ability to apply your learning in your workplace For this reason the emphasis is not on the right or wrong answer but more so on the relevance of your argument to your situation The Length of each assignment has been given below the unit purpose This will range between 800 and 2500 words depending on the number of questions given in the particular assignment Pass mark for each question or Assessment Criteria AC is 50% That means if a question has been allocated 10 marks then you need to score a minimum of 5 out of the 10 marks Scoring less than half the total mark allocation will mean the assignment will be returned to you for necessary improvement Evidence of workplace application All ILM assignments are work based meaning your response should be based on leadership and management practice in your work place Therefore the examiner of your work will be looking for evidence that you were able to apply your learning in

your work place context Plagiarism is considered the worst crime one can commit in academic circles It involves using other people s ideas without acknowledging the source The punishment for plagiarism is a zero score for that paper and in extreme cases you may be discontinued from the study program

File Management Made Simple, Windows Edition Joseph Moran, 2015-11-24 Managing data is an essential skill that every PC user should have Surprisingly though a large number of users even highly experienced users exhibit poor file management skills resulting in frustration and lost data This brief but invaluable book *File Management Made Simple* can resolve this by providing you with the skills and best practices needed for creating managing and protecting your data Do any of the following scenarios sound familiar to you You ve downloaded an attachment from your e mail but aren t sure where you downloaded it to You spent an entire evening working on a document only to discover the next morning that you didn t save it to your flash drive like you thought you had Maybe you had a guest visiting and wanted to share with them the pictures you took of your kids recital yet when you went to get them you were unable to recall where you stored them on your PC Or you scanned your receipts for your expense reports on day and came back the next day and scanned some for another report only to find that the new ones numbered Scan 1 Scan 2 still exist Unfortunately for a vast number of PC users scenarios like these are all too common These situations are not only extremely frustrating for the user but also tend to discourage them from ever wanting to touch a PC again Why is that What is the common factor It s simple really Each of these issues can be attributed to poor file management skills In my experience the people with the worst file management skills are simply the ones that lack an understanding of how to navigate the Windows operating system However this situation can be easily rectified And once you can successfully navigate your computer s drive and folder structure you ll be hard pressed to misplace anything Although this process can seem daunting to the uninitiated this isn t black magic In fact it s actually quite simple Keeping your files and folders organized on the computer is no more difficult than keeping them organized in real life There is a place for everything and everything has its place We will show you how to navigate Windows correctly and efficiently Where specific types of files should be stored We ll also show you how best to name and manage your files such as using descriptive folders to identify files implementing the best naming conventions for files and directories and how to group various types of data together ensuring that the data you need is always readily available Finally we ll introduce you to some of the best options for transporting and protecting your data We will show you the skills you need to easily manage your data using clear and simple English without the confusing technical jargon All this and more can be accomplished with *File Management Made Simple* by your side
