Superman faces social injustice and battles some of his earliest foes including mad scientist Lex Luthor In these formative adventures Superman stands against the Emperor whose nonresistance ray enables him to take over the presidency a renegade scientist who controls darkness Mr Sinister who uses a secret ray to hijack entire buildings and more Plus the Prankster makes his debut and Lex Luthor survives the electric chair Collects Action Comics 48 57 Superman 16 19 and World s Finest Comics 6 8 *Laughing Under Castro* Modesto Arocha,2011-07-30 Cuba is the birthplace of magical realism there the truth often masquerades as a joke and jokes often conceal the truths that cannot be spoken The joke began on January 1 1959 and is now the world s longest running joke It has transformed a nation that once had the third highest GPA in the Western Hemisphere into a pauper state It has endeavored to turn a people once proverbially happy and carefree into a grim pessimistic tribe of automatons where individuality and initiative are punished and passivity and stagnation is the only way of life This is the real legacy of the Cuban Revolution and a legion of doctors setting the bones that the Secret Police break or a legion of teachers teaching the young how not to think cannot change that reality Fidel Castro and his brother Raul Big Brother and Little Brother have always been targets for the humor of the Cuban people The first newspaper that Castro suppressed upon taking power in Cuba in 1959 was not as most believe the *Diario de la Marina* founded in 1832 the country s oldest newspaper and an inveterate enemy of Communism before and after the Revolution No the first newspaper that Castro ordered shut was *Zig Zag* Cuba s Mad Magazine He next banned Cuba s most beloved comedian Leopoldo Fernandez Trespatines because while performing on a stage with a large portrait of Fidel Castro he had quibbled pointing to Castro s picture And that one there we have to hang him very high In the next 45 years there would be no more jokes told in public in Cuba But the Cuban people did not lose their sense of humor now steeped in pathos but took it underground Twenty years ago a resourceful man living in Cuba Modesto Arocha began to compile these jokes about the Revolution and managed to smuggle his collection out of the country Now this book published in the U S and banned of course in Cuba stands as a

monument to the indomitable spirit of a few heroic and funny men who would not let the laughter die in Cuba amid the endless propagandistic din Laughter can be a cry of despair as much as tears can be an expression of joy There are essentially two ways to deal with the predations and privations of tyrannical rule to surrender to its authority and become its slave or accomplice or to fight it with the only weapons at your disposal contempt and ridicule sublimated into humor

**Not All Supermen** Tim Hanley, 2022-07-15 An eye opening exploration of the toxic masculinity and sexism that pervades the superhero genre Superheroes have been exciting and inspirational cultural icons for decades dating back to the debut of Superman in the 1930s The earliest tales have been held up as cornerstones of the genre looked upon with nostalgic reverence However enshrining these tales also enshrines many outdated values that have allowed sexist gender dynamics to thrive In *Not All Supermen Sexism Toxic Masculinity and the Complex History of Superheroes* Tim Hanley examines how anger aggression and violence became the norm in superhero comics paired with a disdain for women that the industry has yet to fully move beyond The sporadic addition of new female heroes over the years proved largely ineffective the characters often underused and objectified Hanley also reveals how the genre's sexism has had real world implications with many creators being outed as sexual harassers and bigots while intolerant fan movements are awash with misogynistic hate speech Superheroes can be a force for good representing truth justice and courage but the industry is laden with excessive baggage The future of the genre depends on what elements of its past are celebrated and what is left behind *Not All Supermen* unravels this complex history and shows how superheroes can become more relevant and inspiring for everyone
