Official History Of Colonial Devel Volume 1:

The Official History of Colonial Development: The origins of British aid policy, 1924-1945 David John Morgan, 1980 **Colonialism and Development** Michael A. Havinden, David Meredith, 2002-06-01 British colonial rule of the tropics is the critical background to contemporary development issues This study of Britain's economic and political relationship with its tropical colonies provides detailed analyses of trade and policy The considerations of past successes and failures elucidate current opportunities and developments No other book covers this broad topic with such detail and clarity

Developing Africa Joseph Hodge, Gerald Hodl, Martina Kopf, 2016-05-16 This book investigates development in British French and Portuguese colonial Africa during the last decades of colonial rule During this period development became the central concept underpinning the relationship between metropolitan Europe and colonial Africa Combining historiographical accounts with analyses from other academic viewpoints this book investigates a range of contexts from agriculture to mass media With its focus on the conceptual side of development and its broad geographical scope it offers new and unique perspectives An extensive introduction contextualises the individual chapters and makes the book an up to date point of entry into the subject of colonial development not only for a specialist readership but also for students of history development and postcolonial studies Written by scholars from Africa Europe and North America Developing Africa is a uniquely international dialogue on this vital chapter of twentieth century transnational history

Governors, Politics and the Colonial Office Gavin Ure, 2012-06-01 This book fleshes out the impact of political figures and how their actions and inactions affect various imperial or Hong Kong political and administrative affairs The tendrils of Hong Kong's budding autonomy from the United Kingdom are identified and followed with attention paid to the various actors including observing which actors fade in importance and which ones seize more of the stage

Africa and the Second World War David Killingray, Richard Rathbone, 1986-07-02 **Argument and Change in World Politics** Neta Crawford, 2002-07-25 Arguments have consequences in world politics that are as real as the military forces of states or the balance of power among them Neta Crawford proposes a theory of argument in world politics which focuses on the role of ethical arguments in fostering changes in long standing practices She examines five hundred years of history analyzing the role of ethical arguments in colonialism the abolition of slavery and forced labour and decolonization Pointing out that decolonization is the biggest change in world politics in the last five hundred years the author examines ethical arguments from the sixteenth century justifying Spanish conquest of the Americas and from the twentieth century over the fate of Southern Africa The book also offers a prescriptive analysis of how ethical arguments could be deployed to deal with the problem of humanitarian intervention Co winner of the APSA Jervis Schroeder Prize for the best book on international history and politics

A History of African Higher Education from Antiquity to the Present Y. G-M Lulat, 2005-08-30 This book surveys the history of higher education principally universities in Africa Its geographical coverage encompasses the entire continent from Afro Arab Islamic Africa in the north to the former

apartheid South Africa in the south and the historical time span ranges from the Egyptian civilization to the present Since little has been written on this topic particularly its historical component the work fills an important gap in the literature The book delineates the broad contours of the history of higher education in Africa in exceptional historical breadth voluminously documenting its subject in the text detailed footnotes and lengthy appendices Its methodological approach is that of critical historiography in which the location of the African continent in world history prior to the advent of European colonization is an important dimension In addition the book incorporates a historical survey of foreign assistance to the development of higher education in Africa in the post independence era with a substantive focus on the role of the World Bank It has been written with the following readership in mind those pursuing courses or doing research in African studies studies of the African Diaspora and comparative international education It should also be of interest to those concerned with developing policies on African higher education inside and outside Africa as well as those interested in African Islamic history the development of higher education in medieval Europe the contributions of African Americans to African higher education and such controversial approaches to the reading of African history as Eurocentrism and Afrocentrism The Caribbean City Rivke Jaffe,2008 Caribbean cities are a unique yet underexposed phenomenon Their distinctiveness results from a combination of interrelated factors including a history of slavery development under the hemispheric hegemony of the United States and spatial limitations imposed by the settings of most Caribbean urban areas This innovative volume presents a detailed introduction to the spatial socio cultural and economic characteristics of the Caribbean city followed by case studies of selected cities in the Dutch Hispanophone Francophone and Anglophone Caribbean It discusses a broad range of disciplinary approaches in examining the urban Caribbean incorporating perspectives from anthropology sociology history political science geography and literary and cultural criticism BOOK JACKET **Human Rights, Development and Decolonization** D. Maul,2012-01-27 An innovative diplomatic and intellectual history of decolonization post colonial nation building and international human rights and development discourses this study of the role of the ILO during 1940 70 opens up new perspectives on the significance of international organisations as actors in the history of the 20th century **British Colonial Development Policy After the Second World War** Rohland Schuknecht,2010 The concept of development is one of the lasting legacies of the late colonial era in Africa Taking Sukumaland in Tanzania as a reference this book explores British colonial ideas about rural development and examines the results of their application after 1945 Colonial attempts to change African systems of agriculture are discussed extensively and critically assessed Other issues like the exploitative character of British colonial development policy in the postwar period the role of cooperatives and the connection between development policy and decolonisation are also addressed This book is the published version of author Rohland Schuknecht s doctoral thesis Triumph of the Expert Joseph Morgan Hodge,2007-02-15 The most striking feature of British colonialism in the twentieth century was the confidence it expressed in the use of science and expertise especially when joined with the

new bureaucratic capacities of the state to develop natural and human resources of the empire Triumph of the Expert is a history of British colonial doctrine and its contribution to the emergence of rural development and environmental policies in the late colonial and postcolonial period Joseph Morgan Hodge examines the way that development as a framework of ideas and institutional practices emerged out of the strategic engagement between science and the state at the climax of the British Empire Hodge looks intently at the structural constraints bureaucratic fissures and contradictory imperatives that beset and ultimately overwhelmed the late colonial development mission in sub Saharan Africa south and southeast Asia and the Caribbean Triumph of the Expert seeks to understand the quandaries that led up to the important transformation in British imperial thought and practice and the intellectual and administrative legacies it left behind *Science, War and Imperialism* Jagdish Sinha,2008-05-31 Why could not the Second World War catalyse science in India as it did in the West This is one of the central questions of this volume on the British policy towards science and technology in India Its focus is on education research innovation and organisation of science in such sectors as industry agriculture public health and transport and communications In the process the author comes across revealing developments where science played a crucial role an Anglo American tussle for dominance in the region the clash between capitalism and socialism and the entry of neo colonialism triggering Cold War in Asia Many faces of humanity and science are on view British scientists concerned about India s development and Indian scientists planning for national reconstruction Of interest to all those aiming for a better understanding of the impact of science war and international influences on the socio economic progress in India or other erstwhile colonies **The Making of British Colonial Development Policy 1914-1940** Stephen Constantine,2005-08-05 First published in 1984 Routledge is an imprint of Taylor Francis an informa company *Bitter Rehearsal* Charlie Whitham,2002-12-30 Promoted as a means for rectifying the problems of a region in extreme need the Anglo American Caribbean Commission AACC only exposed and exacerbated the underlying antagonisms between Britain and the United States over the economic and political structure of the post war world This study places the AACC formed in 1942 within the context of the Anglo American wartime special relationship and examines the political economic and security motives at the heart of this unique and little known collaboration It exposes the determination of the United States to use exigencies of war to impose its post war plans upon Britain and the tenacity of the British to defend even the smallest and least regarded of its possessions regardless of local and international opposition The AACC was a battleground of conflicting British and American visions of a new West Indies and it would thus serve as a rehearsal for key debates that would emerge at the end of the war For the United States the AACC was a vehicle for promoting America s broad postwar ambitions in the West Indies for Britain it was simply part of the price that had to be paid for American assistance in the war effort Debates within the AACC over the future of West Indian sugar the regulation of tariffs and trade constitutional reform and the expansion of civil aviation mirrored wider British and American differences Zanzibari Muslim Moderns Anne K Bang,2024-12 Reveals how a

generation of Muslim scholars intellectuals and civil servants adapted and adopted ideas of modernity in colonial interwar Zanzibar

Democratic Socialism and Economic Policy Jim Tomlinson, 2002-06-20 This major study analyses the economic policies of the Attlee government

Industrialisation and the British Colonial State Lawrence Butler, 2012-12-06 Taking colonial policy towards West Africa as a case study Butler shows that during the 1940s the Colonial Office evolved a policy of encouraging colonial industry as part of a broad programme of development intended to prepare colonies for independence

Routledge Library Editions: World Empires Various, 2021-07-09 The 16 volumes in this set originally published between 1919 and 1998 draw together research by leading academics in the area of World Empires and provide an examination of related key issues The books examine French Colonialism the German Empire and the Ottoman Empire as well as the effect European colonialism had in Africa and Asia This set will be of particular interest to students of world history

Churchill and Industrial Britain Jim Tomlinson, 2024-11-14 This book offers a new understanding of the main economic and political trends of 20th century Britain through the lens of Churchill's early career and approach to industrialisation Shedding fresh light on Churchill's political endeavours between 1900 and 1922 this study analyses his work within his political constituencies and highlights how he attempted to balance their local concerns with his larger imperial agenda Tomlinson guides readers through Britain's industrial challenges at the start of the twentieth century with a particular focus on the textile economies of Churchill's constituencies in Lancashire and Scotland and shows how industrial competition within the Empire exemplified the tensions between domestic economic policy and attempts at globalization and influenced Churchill's later politics Tomlinson acknowledges the role of the First World War in boosting the industrial output and bargaining power of countries within the Empire and analyses these alongside key moments in Churchill's early career such as his defeat at Dundee and time at the Exchequer In doing so the author highlights the context in which Churchill's ideas on the politics and economics of Empire were first formed particularly in relation to the impact of imperial economic policy on British domestic prosperity Ultimately this book delivers a new assessment of twentieth century British economic history in the light of Britain's relationship to the Empire and the first great globalization

European Decolonization 1918-1981: An Introductory Survey Robert F. Holland, 1985-03-04 One of the most dramatically significant themes of the twentieth century has been the decline and final dismemberment of the European colonial empires This book outlines the general features which influence this decline and by concentrating on a series of case studies emphasises the varieties of experience within this broad historical process While primarily concerned with events in the British Empire the largest of the imperial systems Dr Holland also considers developments in the French Belgian Dutch and Portuguese dependencies The chronologically arranged sections focus on the sources of weakness in the European empires between 1918 and 1939 the impact of the Second World War the upheavals of the post war crisis the move to decolonization in the later 1950s and early 1960s and the subsequent realignment of relations between advanced and non advanced nations The aim of this study is to

provide an introductory text for sixth form and university students on a vital dimension of change within international relationships in twentieth century
