Simons,2014-10-21 This is a story of adventure and mystery that takes place 700 years from now Tanei a foreign student from East Africa and her fellow students at the University of Great Falls attempt to find the origin of a small gold coin so that they can find additional artifacts to help them learn why our current civilization collapsed As they search for the old and seemingly homeless woman who found the coin and then sold it they are drawn into a dark and dangerous world The Great Falls of the future is a city of 500 000 people that was destroyed by war and then rebuilt twice in the distant past In its center are the remains of an ancient city where gangs criminals and homeless people find shelter in the abandoned buildings and underneath in the ancient tunnel systems Tanei is good at searching but she is not so good at staying out of trouble and there is plenty of trouble waiting for her and her fellow students in the tunnels under the old city Helen in America Beverly Westman,2020-09-18 As Helen clutches the rail of the ship as it gently rolls through the ocean waves her mind fills with thoughts of her future in America While her memories of the past year haunt her nightly she has no idea that she is the subject of talk on the ship Everyone wants to know how an unescorted woman has gained access to a first class cabin and a seat at the captain's table Helen who grew up in an affluent family is traveling to meet her betrothed Gustav Krueger who once she arrives in America plans to take her to the Dakotas to homestead with him As her journey leads her away from devastating circumstances in the old country to a new life in a foreign land she must accept that she will not see those she left behind including her true love for a long time if ever But when she arrives at the dock and Gustav is not there to meet her a chain of events unfolds that leave Helen wondering if life in America will demand more of her to survive than she imagined Helen in America continues a story of perseverance strength and determination as a young woman attempts to prevail against all odds in a new land **Airman**,1999 **The New Statesman**,1921 *Coin of Gold* Linda E. Edwards,2001-03-07 A small boy finds a coin in the aftermath of a severe storm He takes it home to his mother but does not recognize what it is She does not either She shows it to her husband thinking it may be an old army coat button He recognizes it and pretends not to He tells her he lost it somewhere His girlfriend tells her other boyfriend about the coin He tries to steal it under the state antiquities act The jeweler to whom he showed the coin casually mentions it to his down on luck cousin who is fired up by the thought of buried treasure This leads to tragedy on a small Caribbean island where tales El Dorado have haunted explorers from Columbus to present day diggers on the beach Police corruption is the backdrop against which the drama is played out Weekly World News,1992-01-21 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world's only reliable news source since 1979 The online hub www.weeklyworldnews.com is a leading entertainment news site **Modern Coin Magic** J. The Science Fiction of Mark Clifton Mark Clifton, 1980 This collection of the best short stories of Mark Clifton makes these fine tales readily available for the first time in two decades Winner with Frank Riley of the 1955 Hugo Award for *They'd Rather Be Right* Clifton has for a variety of reasons unrelated to the quality of his writing all but disappeared from the awareness of today's science fiction audience Never a prolific writer he had published only about twenty five short stories before his death in 1963 But with those stories and his three novels he irrevocably altered the course of contemporary science fiction Almost single handedly he introduced the full range of psychological insights to the commonly occurring themes of the genre alien invasion expanding technology revolution against political theocracy and space exploration and colonization to ever more truthfully portray how humanity would react to a future that could be either mindless or intellectually stunning With his first published story *What Have I Done* Clifton initiated the theme of a starkly realistic world in which at its best humanity is inalterably vile a theme that became an inextricable part of all his subsequent works In his later works Clifton occasionally clothed his bitter indictment in the garb of comedy The stories collected here include *What Have I Done* *Star Bright* *Crazy Joey* *What Thin Partitions* *Sense from Thought* *Divide* *How Allied Remembrance* and *Reflection* *Hide Hide* *Witch* *Clerical Error* *What Now* *Little Man* and *Hang Head* *Vandal*
