Defense of Perinatal Hospice Aaron D. Cobb,2019-08-05 Perinatal hospice is a novel form of care for an unborn child who has been diagnosed with a significantly life limiting condition In this book Aaron D Cobb develops a virtue based defense of the value of perinatal hospice He characterizes its promotion and provision as a common project of individuals local communities and institutions working together to provide exemplary care Engaging with important themes from the work of Alasdair MacIntyre and Robert Adams he shows how perinatal hospice manifests virtues crucial to meeting the needs of families in these difficult circumstances As a work of applied virtue ethics this book has important normative social and political implications for the creation and development of structured programs of care It grounds the view that communities ought i to devote resources to ensure that these programs are widely available and ii to develop social structures that promote awareness of and accessibility to these forms of care A Virtue Based Defense of Perinatal Hospice will be of interest to philosophers working in bioethics and applied virtue ethics as well as scholars in the fields of neonatology nursing palliative and hospice care and counseling who are interested in the study of perinatal hospice **The Complete Directory**
