Berman, Silvano DiGenova, 2007-03 A bible for coin investment in the 21st century A Complete Statistical Analysis of How
Coin Collectors Can Profit With Rare Coins Twenty years ago the first edition of this book was revolutionary in its approach
to the buying and selling of rare coins Collectors and investors were told that if they followed empirical models of price
performance and investment return not only would they profit handsomely but their coin purchases would also outperform
traditional investment vehicles For this new edition the well known professional numismatist Silvano DiGenova and Dr Jason
Perry Financial Economist at the Federal Reserve Bank of Boston have joined the book's original author Neil S Berman to
fully update the contents taking into account the steady acceleration in rare coin prices changes in trading practices the
revolution in grading standards and external factors affecting the buying and selling of coins The result is a no holds barred
look at today's evolving market that is indispensable to experienced collectors and investors as well as neophytes Included is
an extensive price history of all United States coins from 1955 to date with notable auction results and listings of key dates
The numerous charts of data and illustrative graphs interspersed throughout will be useful to dealers and collectors alike in
forming strategies to take advantage of what will be one of the great growth areas of the 21st century
