Proust 1st Edition:

Proust's Snobs, Inverts, and Jews Adeline Soldin, 2025-03-06 An intersectional investigation of identity formation in Marcel Proust's magnum opus. As metonyms for broader categories such as class, sexuality, and ethnicity, the three most discussed identity groups in Proust's *La Recherche du Temps Perdu*—snobs, inverts, and Jews—prove to be deeply intertwined and perplexing representations. Attentive to these interwoven complexities, *Proust's Snobs, Inverts, and Jews* examines the novelist's exploitation of classification systems as a means to subvert the notion of a fixed identity. To illustrate Proust's challenges to a social order that restricts our perceptions of identity, Adeline Soldin addresses the inconsistencies and friction surrounding the portrayal of these key figures in his seven-volume novel. Many scholars have recognized that the narrator's formative journey in *La Recherche* leads to disillusionment and increased mockery of his fellow characters. Soldin contends, however, that Proust does not merely deride characters' behavior but rather interrogates their diverse motivations and tendencies, thereby exposing the performative nature of identity. *Proust's Snobs, Inverts, and Jews* draws on Judith Butler's theories of performativity to illustrate Proust's precocious portrayal of identity in *La Recherche* as an elusive, unattainable idea that characters pursue yet consistently fail to establish. Ultimately, the enigmatic and anonymous narrator models fluidity and promotes fantasy and imagination to compensate for the limitations imposed on individuals by social and linguistic conventions.

The William Inge Collection Of Independence Community College Library Independence Community College Library, 1986 *Proust's English* Daniel Karlin, 2007 A study of English words and phrases in *À la recherche du temps perdu* dealing with the social comedy of French Anglomania and with Proust's understanding of the necessary impurity of all languages and artistic creation. Karlin demonstrates that English is a significant presence in this French masterpiece.

Deleuze and Guattari Ronald Bogue, 2008-03-07 The philosopher Gilles Deleuze and the psychoanalyst and political activist Félix Guattari have been recognised as among the most important intellectual figures of their generation. This is the first book-length study of their works in English, one that provides an overview of their thought and of its bearing on the central issues of contemporary literary criticism and theory. From Deleuze's philosophy of difference to Deleuze and Guattari's philosophy of schizoanalytic desire, this study traces the ideas of the two writers across a wide range of disciplines, from psychoanalysis and Marxist politics to semiotics, aesthetics, and linguistics. Professor Bogue provides lucid readings accessible to specialist and non-specialist alike of several major works: Deleuze's *Nietzsche and Philosophy* (1962), *Difference and Repetition* (1968), and Deleuze and Guattari's *Anti-Oedipus* (1972) and *A Thousand Plateaus* (1980). Besides elucidating the basic structure of Deleuze and Guattari's often difficult thought with its complex and often puzzling array of terms, this study also shows how theory influences critical practice in their analyses of the fiction of Proust, Sacher-Masoch, and Kafka.

Proust's Library Anka Muhlstein,2012-11-06 Reading was so important to Marcel Proust that it sometimes seems he was unable to create a personage without a book in hand Everybody in his work reads servants and masters children and parents artists and physicians The more sophisticated characters find it natural to speak in quotations Proust made literary taste a means of defining personalities and gave literature an actual role to play in his novels In this wonderfully entertaining book scholar and biographer Anka Muhlstein the author of Balzac s Omelette draws out these themes in Proust s work and life thus providing not only a friendly introduction to the momentous In Search of Lost Time but also exciting highlights of some of the finest work in French literature **Proust's Songbook** Jennifer Rushworth,2024-06-04 In Proust s Songbook Jennifer Rushworth analyzes and theorizes the presence and role of songs in Marcel Proust s novel la recherche du temps perdu In Search of Lost Time Instead of focusing on instrumental music and large scale forms such as symphonies and opera as is common in Proust musical studies Rushworth argues for the centrality of songs and lyrics in Proust s opus Her work analyzes the ways in which the author inserted songs at key turning points in his novel and how he drew inspiration from contemporary composers and theorists of song Rushworth presents detailed readings of five moments of song in la recherche du temps perdu highlighting the songs significance by paying close attention to their lyrics music composers and histories Rushworth interprets these episodes through theoretical reflections on song and voice drawing particularly from the works of Reynaldo Hahn and Roland Barthes She argues that songs in Proust s novel are connected and resonate with one another across the different volumes yet also shows how song for Proust is a solo amateur and intimate affair In addition she points to Proust s juxtapositions of songs with meditations on the notion of mauvaise musique bad music to demonstrate the existence

of a blurred boundary between songs that are popular and songs that are art According to Rushworth a song for Proust has a special relation to repetition and memory due to its typical brevity and that song itself becomes a mode of resistance in la Recherche especially on the part of characters in the face of family and familial expectations She also defines the songs in Proust's novel as songs of farewell noting that to sing farewell is a means to resist the very parting that is being expressed and demonstrates how songs in formal terms resist the forward impetus of narrative

Deleuze on Art Michael Jasper, 2017-08-21 This book examines the role of art in French philosopher Gilles Deleuze's 1925-1995 late writings Can works of art produce not only visual and spatial effects but also render ideas manifest Can movement be treated in architecture so that it changes our relation to time In what ways can sculpture help us to think differently in a more open and creative way In the last decade of his life Deleuze wrote about these and other questions increasingly turning to art as a model for a new way of thinking Using examples from twentieth century architecture film literature painting and sculpture this book follows Deleuze's engagement with art to illustrate a new image of thought This book is of interest to architects artists and theorists and to those wishing to learn about Deleuze's work and contemporary aesthetic practice and theory

Proust's Duchesses Caroline Weber, 2019-11-26 PULITZER PRIZE FINALIST A brilliant look at turn of the century Paris through the first in depth study of the three women Proust used to create his supreme fictional character the Duchesse de Guermantes Weber has done a remarkable job of bringing to life a world of culture glamour and privilege The Wall Street Journal Geneviève Halévy Bizet Straus Laure de Sade Comtesse de Adhémar de Chevalign and Lisabeth de Riquet de Caraman Chimay the Comtesse Greffulhe these were the three superstars of fin de siècle Parisian high society who as Caroline Weber says transformed themselves and were transformed by those around them into living legends paragons of elegance nobility and style All well but unhappily married these women sought freedom and fulfillment by reinventing themselves between the 1870s and 1890s as icons At their fabled salons they inspired the creativity of several generations of writers visual artists composers designers and journalists Against a rich historical backdrop Weber takes the reader into these women's daily lives of masked balls hunts dinners court visits nights at the opera or theater But we see as well the loneliness rigid social rules and loveless arranged marriages that constricted these women's lives Proust as a twenty year old law student in 1892 would worship them from afar and later meet them and create his celebrated composite character for The Remembrance of Things Past

Aberrant Nuptials Paulo de Assis, Paolo Giudici, 2019-12-11 Unique focus on the relation between artistic research and the philosophy of Gilles Deleuze Aberrant Nuptials explores the diversity and richness of the interactions between artistic research and Deleuze studies Aberrant nuptials is the expression Gilles Deleuze uses to refer to productive encounters between systems characterised by fundamental difference More than imitation representation or reproduction these encounters foster creative flows of energy generating new material configurations and intensive experiences Within different understandings of artistic research the contributors to this book architects composers film makers painters

Plaster Monuments Mari Lending, 2022-06-14 We are taught to believe in originals In art and architecture in particular original objects vouch for authenticity value and truth and require our protection and preservation The nineteenth century however saw this issue differently In a culture of reproduction plaster casts of building fragments and architectural features were sold throughout Europe and America and proudly displayed in leading museums The first comprehensive history of these full scale replicas *Plaster Monuments* examines how they were produced marketed

sold and displayed and how their significance can be understood today Plaster Monuments unsettles conventional thinking about copies and originals As Mari Lending shows the casts were used to restore wholeness to buildings that in reality lay in ruin or to isolate specific features of monuments to illustrate what was typical of a particular building style or era Arranged in galleries and published in exhibition catalogues these often enormous objects were staged to suggest the sweep of history synthesizing structures from vastly different regions and time periods into coherent narratives While architectural plaster casts fell out of fashion after World War I Lending brings the story into the twentieth century showing how Paul Rudolph incorporated historical casts into the design for the Yale Art and Architecture building completed in 1963 Drawing from a broad archive of models exhibitions catalogues and writings from architects explorers archaeologists curators novelists and artists Plaster Monuments tells the fascinating story of a premodernist aesthetic and presents a new way of thinking about history's artifacts

The Notes Ludwig Hohl, 2021-01-01 A collection of illuminating observations on life and art from an acclaimed Swiss modernist Tess Lewis's translation is worthy of her willfully demanding subject leaping between what Hohl calls the incandescence of the aphorism and in his dream narratives and miniature fairy tales a shadowy beauty reminiscent of his better known compatriot Robert Walser Max Norman Wall Street Journal The Notes should be celebrated it is wonderful that this volume of Hohl's compact aphoristic observations has finally arrived in English Alexandra Sattler Arts Fuse Revered by Bertolt Brecht and Max Frisch as one of Switzerland's most commanding writers Ludwig Hohl spent most of his waking hours with a pen in hand collecting quotes from others and recording ruminations of his own Composed between 1934 and 1936 during his residence in the Netherlands in a state of extreme spiritual desolation The Notes is Hohl's magnum opus an assemblage of his epiphany like observations disparate in subject yet threaded together by a relentless exploration of the nature and origins of creativity

Inspired by Spinoza Goethe and many others *The Notes* contends with the purpose of work the vitality of art and the inevitability of death a valiant uncompromising exercise in hope against the devastating backdrop of twentieth century Europe This abridged edition expertly translated by Tess Lewis and with an illuminating foreword by Joshua Cohen introduces the reader to this remarkable work and its writer *Essays on Deleuze* Daniel W Smith, 2012-05-31 Brings together 18 key essays plus two completely new essays by one of the world's leading commentators on the work of the French philosopher Gilles Deleuze **Critical Excess** Colin Davis, 2010-04-06 This lucidly written book looks at the interpretative audacity of five major overreaders Jacques Derrida Gilles Deleuze Emmanuel Levinas Slavoj Žižek and Stanley Cavell and asks what is at stake and what is to be gained by their approaches to literature and film
