Science Of Coercion Communication Research And Psychological Warfare 1945 196:

Science of Coercion Christopher Simpson, 2015-03-03 A provocative and eye opening study of the essential role the US military and the Central Intelligence Agency played in the advancement of communication studies during the Cold War era now with a new introduction by Robert W McChesney and a new preface by the author Since the mid twentieth century the great advances in our knowledge about the most effective methods of mass communication and persuasion have been visible in a wide range of professional fields including journalism marketing public relations interrogation and public opinion studies However the birth of the modern science of mass communication had surprising and somewhat troubling midwives the military and covert intelligence arms of the US government In this fascinating study author Christopher Simpson uses long classified documents from the Pentagon the CIA and other national security agencies to demonstrate how this seemingly benign social science grew directly out of secret government funded research into psychological warfare It reveals that many of the most respected pioneers in the field of communication science were knowingly complicit in America s Cold War efforts regardless of their personal politics or individual moralities and that their findings on mass communication were eventually employed for the purposes of propaganda subversion intimidation and counterinsurgency An important thought provoking work *Science of Coercion* shines a blazing light into a hitherto remote and shadowy corner of Cold War history

The Liquefaction of Publicness Slavko Splichal, 2020-04-28 The successful Brexit referendum campaign Donald Trump s election and the rise of right wing nationalist populist political parties and movements all of these events have incited renewed interest in public communication and the internetised media deliberative democracy and public spheres challenged by an informational abundance that generates a communicative liquefaction of publicness and politics This book celebrates the 25th anniversary of the journal *Javnost The Public* bringing together internationally renowned scholars from 20 countries to discuss topical issues in contemporary media and communication research It focuses on challenging issues of the changing nature of publicness and the public sphere in the internet age issues of democracy and the crisis of public communication and the tasks of media and communication research as a social practice It critically reflects on the democratisation crisis and the demise of popular and scholarly optimism which the emerging internet inspired in early 1990s when *Javnost The Public* was founded

The Capitalist University Henry Heller,2016-10-20 Can the ivory tower rise above capitalism Or are the humanities and social sciences merely handmaids to the American imperial order The Capitalist University surveys the history of higher education in the United States over the last century revealing how campuses and classrooms have become battlegrounds in the struggle between liberatory knowledge and commodified learning Henry Heller takes readers from the ideological apparatus of the early Cold War through the revolts of the 1960s and on to the contemporary malaise of postmodernism neoliberalism and the so called knowledge economy of academic capitalism He reveals how American educational institutions have been forced to decide between teaching students to question the dominant order and helping to perpetuate it The Capitalist University presents a comprehensive overview of a topic which affects millions of students in America and increasingly across the globe

The Production of Modernization Hemant Shah,2011-03-11 How Daniel Lerner s seminal work contributed to the overall professionalization of communication theory and sociology

Wilbur Schramm and Noam Chomsky Meet Harold Innis Robert E. Babe,2015-04-21 Wilbur Schramm and Noam Chomsky Meet Harold Innis is an original critical in depth analysis of the media and communication thought of Canada s most highly acclaimed scholar Harold Adams Innis Even in Canada however Innis s writings until now have been only partially cited and interpreted Innis is usually stereotyped as being merely an economic historian fixated on previous civilizations whereas in fact he was an astute analyst whose main concerns were with present problems and future trajectories In the United States meanwhile Innis s media and communication writings have been quite neglected and even denigrated Drawing on Innis s less frequently cited work including his long neglected Political Economy in the Modern State

Robert Babe opens up Innis's media scholarship as a whole unfolding it in startling critical yet ultimately appreciative ways By comparing Innis's media scholarship with Wilbur Schramm's and Noam Chomsky's moreover Babe tests the claims positions and modes of analysis not only of Innis but also of the other two celebrated scholars as well casting new light on their works and allowing the reader to imagine what sort of discourses might have been possible had the three been in conversation together Wilbur Schramm and Noam Chomsky Meet Harold Innis provides comparative insight into foundational media scholarship in the United States and Canada and explores in some detail the relevance of Innis for twenty first century digitized society

Rational Action William Thomas, 2015-04-10 The evolution of a set of fields including operations research and systems analysis intended to improve policymaking and explore the nature of rational decision making During World War II the Allied military forces faced severe problems integrating equipment tactics and logistics into successful combat operations To help confront these problems scientists and engineers developed new means of studying which equipment designs would best meet the military's requirements and how the military could best use the equipment it had on hand By 1941 they had also begun to gather and analyze data from combat operations to improve military leaders' ordinary planning activities In Rational Action William Thomas details these developments and how they gave rise during the 1950s to a constellation of influential new fields which he terms the sciences of policy that included operations research management science systems analysis and decision theory Proponents of these new sciences embraced a variety of agendas Some aimed to improve policymaking directly while others theorized about how one decision could be considered more rational than another Their work spanned systems engineering applied mathematics nuclear strategy and the philosophy of science and it found new niches in universities in businesses and at think tanks such as the RAND Corporation The sciences of policy also took a prominent place in epic narratives told about the relationships among science state and society in an intellectual culture preoccupied with how technology and reason would shape the future Thomas follows all these threads to illuminate and make new sense of the intricate relationships among scientific analysis policymaking procedure and institutional legitimacy at a crucial moment in British and American history

Malaysia's Defeat of Armed Communism Ong Weichong, 2014-10-03 The Malayan Communist Party's MCP decisive defeat in 1960 led many academics and Counterinsurgency COIN experts to overlook the resurrection of its armed struggle in 1968 Most scholars continue to regard the so called Second Emergency in Malaysia 1968-1989 as a non event and most of the recently published work on the MCP tends to focus on the earlier Malayan Emergency 1948-1960 This book looks at the Second Emergency through recently released archival material from the National Archives in London the National Australian Archives and the Australian War Memorial as well as interviews with military and diplomatic officers from the UK and Thailand It presents the first serious strategic and operational study of the Second Emergency and analyses three areas of historical significance the CPM's strategy for armed struggle in the Second Emergency the actual effectiveness of the CPM's subversive propaganda on its

target population and most importantly the counterinsurgency COIN response and strategy of the Malaysian state and to a lesser extent the counter subversion strategy of Singapore in the post colonial era *Political Communication* Richard M. Perloff, 2013-10-18 In this political communication text Richard M Perloff examines the various ways in which messages are constructed and communicated from public officials and politicians through the mass media to the ultimate receivers the people With a focus on the history of political communication he provides an overview of the most significant issues in the study of politics and the media In addition to synthesizing facts and theories and highlighting the scholarly contributions made to the understanding of political communication effects Political Communication addresses such factors as the rhetorical accomplishments of American presidents the ongoing tangles between the press and the presidency and the historical roots of politics as it is practiced and studied today It also addresses major issues about the press and politics that continually resurface such as question of press bias and the use and manipulation of media by politicians to accomplish national goals As a comprehensive and engaging introduction to contemporary political communication this volume provides all readers with a historical perspective on American politics and press and offers a unique appreciation of the strengths and virtues of political communication in America
