Katherine Larsen, Lynn Zubernis

Science Fiction Audiences Doctor Who Star Trek And Their Fans:

Science Fiction Audiences Henry Jenkins, John Tulloch, 2005-07-25 Science Fiction Audiences considers the continuing popularity of two television institutions of our time through an examination of their followers and fans *Media and Audiences: New Perspectives* Karen Ross, Virginia Nightingale, 2003-12-16 a simple yet excellent overview of the multilayered path of audience research tracing its evolution over the last century European Journal of Communication How has the concept of the audience changed over the past 50 years How do audiences become producers and not just consumers of media texts How are new media affecting the ways in which audiences are researched The audience has been a central concept in both in media and cultural studies for some considerable time not least because there seems little point exploring forms of increasingly global communication in terms of their content if the targets of media messages are not also the focus of study This book ranges across a wide literature taking both a chronological as well as thematic approach in order to explore the ways in which the audience as an analytical concept has changed as well as examining the relationships which audiences have with texts and the ways in which they exert their power as consumers We also look at the political economy of audiences and the ways in which they are delivered to advertisers as well as attending to the ratings war being waged by broadcasters and the development of narrowcasting and niche audiences Finally the book looks ahead to the future of audience research suggesting that new genres such as reality TV and new ICTs such as the internet are already revolutionising the way in which research with audiences is taking place in the 21st century not least because of the level of interactivity enabled by new media Science, Culture and Society Mark Erickson, 2005-09-23 In this easily accessible text Mark Erickson explains what science is and how it is carried out the nature of the relationship between science and society the representation of science in contemporary culture and how scientific institutions are structured **New Dimensions of Doctor Who** David Mellor, Matt Hills, 2013-09-03 The Doctor may have regenerated on many occasions but so too has Doctor Who Moving with the times the show has evolved across fifty years New Dimensions of Doctor Who explores contemporary developments in Doctor Who's music design and representations of technology as well as issues of showrunner authority and star authorship Putting these new dimensions in context means thinking about changes in the TV industry such as the rise of branding and transmedia storytelling Along with its faster narrative pace and producer fan interaction via Twitter new Who also has a new home at Roath Lock Studios Cardiff Bay Studying the Doctor Who Experience in its Cardiff setting and considering audience nostalgia alongside anniversary celebrations this book explores how current Doctor Who relates to real world spaces and times New Directions of Doctor Who is the scholarly equivalent of a multi Doctor story bringing together the authors of *Triumph of a Time Lord* and *TARDISbound* as well as the editors of *Time and Relative* *Dissertations in Space* *Impossible Worlds* *Impossible Things* *Torchwood Declassified* and *Doctor Who The Eleventh Hour* It also features contributions from experts on TV brands bioethics transmedia and cultural icons As new Who creates ongoing mysteries and

poses exciting questions this collection demonstrates the vitality of Doctor Who studies **Re-Thinking Agency** Joanna Godlewicz-Adamiec, Paweł Piszczatowski, 2024-10-07 The book explores the multi faceted nature of contemporary reflections on agency focusing on various discursive practices that shape the posthumanist approach to the relationship between the human and non human world from a planetary perspective The chapters delve into critical human animal studies examine new non anthropocentric identity constructs and offer analyses that reinterpret meanings through semiotic inversions and challenge static cultural patterns The book concludes with discussions on decolonization practices that aim to liberate agency from oppressive systems particularly those dominated by imperial phallogocentrism **The Ivory Tower and Harry Potter** Lana A. Whited, 2004 Now available in paper The Ivory Tower and Harry Potter is the first book length analysis of J K Rowling s work from a broad range of perspectives within literature folklore psychology sociology and popular culture A significant portion of the book explores the Harry Potter series literary ancestors including magic and fantasy works by Ursula K LeGuin Monica Furlong Jill Murphy and others as well as previous works about the British boarding school experience Other chapters explore the moral and ethical dimensions of Harry s world including objections to the series raised within some religious circles In her new epilogue Lana A Whited brings this volume up to date by covering Rowling s latest book Harry Potter and the Order of the Phoenix **Doctor Who in Time and Space** Gillian I. Leitch, Donald E. Palumbo, C.W. Sullivan III, 2013-03-13 This collection of fresh essays addresses a broad range of topics in the BBC science fiction television series Doctor Who both old 1963 1989 and new 2005 present The book begins with the fan There are essays on how the show is viewed and identified with fan interactions with each other reactions to changes the wilderness years when it wasn t in production Essays then look at the ways in which the stories are told e g their timeliness their use of time travel as a device etc After discussing the stories and devices and themes the essays turn to looking at the Doctor s female companions and how they evolve are used and changed by their journey with the Doctor **Fan Fiction and Fan Communities in the Age of the Internet** Karen Hellekson, Kristina Busse, 2014-09-17 Fans have been responding to literary works since the days of Homer s Odyssey and Euripedes Medea More recently a number of science fiction fantasy media and game works have found devoted fan followings The advent of the Internet has brought these groups from relatively limited face to face enterprises to easily accessible global communities within which fan texts proliferate and are widely read and even more widely commented upon New interactions between readers and writers of fan texts are possible in these new virtual communities From Star Trek to Harry Potter the essays in this volume explore the world of fan fiction its purposes how it is created how the fan experiences it Grouped by subject matter essays cover topics such as genre intersection sexual relationships between characters character construction through narrative and the role of the beta reader in online communities The work also discusses the terminology used by creators of fan artifacts and comments on the effects of technological advancements on fan communities Instructors considering this book for use in a course may request an

examination copy here Triumph of a Time Lord Matt Hills, 2010-01-30 Before Saturday March 26th 2005 Doctor Who had been off the air as a regular new TV series for more than fifteen years until a production team led by Russell T Davies reimagined the programme so successfully so triumphantly that it's become an instant Christmas tradition a BAFTA winner an international superbrand and a number one rated show It's even been credited with reinventing family TV This is the first full length book to explore the new Who phenomenon through to the casting of Matt Smith as the new Doctor It explores Doctor Who through contemporary debates in TV Studies about quality TV and how can we define TV series as both cult and mainstream Further the book challenges assumptions in focusing on the importance of breath taking dramatic moments along with narrative structures and in analysing the significance of Murray Gold's music as well as the series visual representations Matt Hills is a lifelong Who fan and he also considers the role of fandom in the show's return He investigates too the multi generic identity the monster led format and the time travelling brand of BBC Wales Doctor Who In the twenty first century TV is changing but the last of the Time Lords has been more than ready he's been fantastic **Fan Culture** Katherine Larsen, Lynn Zubernis, 2012-03-15 Fan Culture Theory Practice brings together the most current scholarship on fan studies in a way that makes it accessible and usable for both students and teachers The essays in this collection explore the relative influence of academic and fan perspectives in the current group of scholar fans and the ethical dilemmas that sometimes emerge from this interplay of identities the impact of the increasingly reciprocal relationship between textual producers and consumers and gender differences in fannish meaning making and interaction Fan Studies addresses these current issues through some of the most popular fannish texts including Doctor Who Torchwood Star Wars Star Trek Supernatural Smallville and Twilight Fan Culture Theory Practice is thus designed to challenge some accepted notions while asking relevant questions about pedagogy How do we understand the state of the field and teach fan studies both effectively and responsibly The essays contained in this volume explore the dominant themes in the field and seek to situate fan studies as a discipline with a pedagogy of its own

Yeah, reviewing a ebook **Science Fiction Audiences Doctor Who Star Trek And Their Fans** could accumulate your near contacts listings. This is just one of the solutions for you to be successful. As understood, success does not suggest that you have astonishing points.

Comprehending as competently as harmony even more than other will meet the expense of each success. next-door to, the broadcast as competently as sharpness of this Science Fiction Audiences Doctor Who Star Trek And Their Fans can be taken as skillfully as picked to act.
