## **Scientific Palm Reading:**

**Palmistry, a True Science** Anu Venkat, 2002 The book PALMISTRY A TRUE SCIENCE is a carefully compiled book which contains 13 theories 210 sketches of lines of the human palms 64 case studies 61 clearly and uniquely taken palm impressions Ever since the origination of this subject this is the first time that the human palms have been thoroughly analyzed with reference to both the palms For the author the left hand and the right hand of 1000 s of cases functioned as one whole comprehensive unit to enable him to compare the structural inter relationships between different lines The net result was that he could decipher the differences in dimensions between the left and the right palms such as difference in lengths slope shortness direction location fading characteristics whether present in one or both the palms etc The above aspect in his approach to the research was aimed at finding just the structural aspects of the lines on human palms The other side of the coin is to relate the functions events diseases and temperaments to the line patterns already discovered by the author For this part of the research he had to employ sophisticated techniques that only an investigator a logician an analyst or a statistician could have employed In other words the author employed some of the appropriate human qualities such as tact wildest imagination deep analytical power trial and error method wild guesses and compilation techniques so that he could bind together all the varied structural and functional extravaganzas present in the hands of his innumerable clients into cohesive presentable as well as verifiable rules and theories Keeping in mind the vast dimension of this great science the author could accommodate only 3 functions MONEY and BUSINESS JOB CAREER and OVERSEAS TRAVEL STAY in this book His forthcoming books deal with other life events diseases and human temperaments This book boasts of so many firsts To quote some examples 1 No book has documented any provable testable theories 13 in number in such a minute degree In the process this book has secured an exalted status to PALMISTRY as a TRUE SCIENCE It goes without saying that palm reading is a scientific exercise on par with any other science 2 No book has featured as many as 64 case studies and 61 clear palm impressions A very high number of real examples for a book of this genre an all time record all accommodated in just 250 pages 3 One among many highlights of the book is that almost all the palm impressions have been marked out and their corresponding function s indicated A first time ever phenomenon which enhances its authenticity as well as proves its scientific nature 4 Genuineness of the whole venture lies in the fact that the whole edifice of this book rests on the solid foundation of real life events diseases temperaments of all his clients Principles rules and theories all derived from these real stories 5 And the people the world over are going to be exposed to an entirely new subject for the most part of the book about 95% is hitherto unheard of 6 Last but not the least this book has the great potential to spawn a new breed of researchers as this subject has immense scope for further research In a world of continuing research even one discovery fetches world acclaim and recognition one can imagine what lies in store for this book which has innumerable discoveries dotting the entire book Dear Readers Please watch out for NEW WINE IN A NEW BOTTLE The author can be contacted

The Top Books of the Year Scientific Palm Reading The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have captivated audiences this year. Scientific Palm Reading : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Scientific Palm Reading : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Scientific Palm Reading : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
