Antonio Santosuosso

Scipio Africanus Soldier And Politician:

Scipio Africanus: Soldier and Politician Howard Hayes Scullard, 1970 **Scipio Africanus** H. H. Scullard, 1970 **H. Scullard: Scipio Africanus, soldier and politician. 1970. [Review].** Erich S. Gruen, **Soldiers, Citizens, And The Symbols Of War** Antonio Santosuosso, 2019-05-20 In this comprehensive overview of ancient warfare Antonio Santosuosso explores how the tactical and strategic concepts of warfare changed between the beginning of the fifth century B C and the middle of the second century B C and why the West Greece Macedonia and Rome triumphed over the East understood geographically as Persia or ideologically Besieged Paul K. Davis, 2003 From ancient times to the present great sieges have had an enormous impact on the shaping of world history Now in this spectacular fully illustrated volume one hundred of the world's most monumental and mind boggling sieges are laid out in detail Besieged covers the most important sieges from around the world throughout history from Joshua's assault on Jericho in the fifteenth century B C to the Russian attack on the Chechen capital of Grozny at the end of the twentieth Each entry provides the name and date of the siege its exact location in terms of today's world the number of forces engaged when known the names of the commanders on each side and the overall importance of the siege in its historical context Thoroughly examining the actions of both the attackers and the defenders the book explores the motivations of both and strategically surveys the technical and tactical innovations and conditions both inside besieged positions and in the besiegers ranks The entries detail the historical setting the particular circumstances of the event itself and the long term results of the siege These riveting accounts are enhanced by illustrations over seventy maps and references for further reading A glossary and a comprehensive index complete the book Global in scope and with stirring accounts of familiar sieges as well as many lesser known conflicts Besieged is essential reading for military buffs and everyone interested in how the modern world came to be Includes the sieges of Jericho 1405 B C Troy 1250 B C Acre 1189 1191 Constantinople 1453 Tenochtitlan 1521 La Rochelle 1627 1628 Leningrad 1941 1944 Malta 1940 1942 Dien Bien Phu 1954 Khe Sanh 1968 Beirut 1982 Sarajevo 1991 1995 Dictator Mark Wilson, 2021-09-13 Roman consuls were routinely trained by background and experience to handle the usual problems of a twelve month turn in office But what if a crisis arose that wasn't best met by whoever happened to be in office that year The Romans had a mechanism for that the dictatorship an alternative emergency executive post that granted total unanswerable power to that man who was best suited to resolve the crisis and then stand down restoring normality This office was so useful and effective that it was invoked at least 85 times across three centuries against every kind of serious problem from conspiracies and insurgencies to the repelling of invaders to propitiation of the gods In Dictator The Evolution of the Roman Dictatorship Mark B Wilson makes the first detailed and comprehensive examination of the role and evolution of the dictatorship as an integral element of the Roman Republic Each stage of a dictatorship need call choice invocation mandate imperium answerability colleague and renunciation is explored with examples and case studies illustrating the dictators rigorous adherence to a set of core principles or in rare cases of

deviation showing how exceptions tended to demonstrate the rule as vividly as instances Wilson also charts the flexibility of the dictatorship as it adapted to the needs of the Republic reshaping its role in relation to the consuls the senate and the people The routine use of the dictatorship is only part of the story The abandonment and disuse of the dictatorship for 120 years its revival under Sulla and its appropriation and transformation under Caesar are all examined in detail with attention paid to what the dictatorship meant to the Romans of the late Republic alternative means of crisis resolution in contrast with the dictatorship and the groundwork laid in those last two centuries for that which was to come Dictator provides a new basis for discussion and debate relating to the Roman dictatorship Roman crisis management and the systems and institutions of the Roman Republic Chaucer Name Dictionary Jacqueline de Weever,2014-04-08 Praised by reviewers as highly recommended indispensable and thorough comprehensive usable and unquestionably useful theChaucer Name Dictionary is the ultimate A Z guide to the writer who stands at the head of the English curriculum It provides full information on all the hundreds of proper names mentioned throughout Chaucer and essential to an understanding of his works Each entry provides historical and or literary definition references to occurrences in Chaucer s works with explanations of the context a list of related words etymology and a bibliography of primary and secondary works Special Features The only reference source that identifies the hundreds of historical literary and mythological names mentioned in Chaucer Provides reliable background information essential to understanding Chaucer s text Alphabetical arrangement and clear format allow quick answers to reference questions Includes an important Glossary of Astronomical and Astrological Terms along with six astrological maps Suitable for courses in Chaucer Medieval English Poetry Medieval Literature in Translation Old and Middle English Literature Glossary Also includes maps War and Imperialism in Republican Rome, 327-70 B.C. William Vernon Harris,1985 Between 327 and 70 B C the Romans expanded their empire throughout the Mediterranean world This highly original study looks at Roman attitudes and behavior that lay behind their quest for power How did Romans respond to warfare year after year How important were the material gains of military success land slaves and other riches commonly supposed to have been merely an incidental result What value is there in the claim of the contemporary historian Polybius that the Romans were driven by a greater and greater ambition to expand their empire The author answers these questions within an analytic framework and comes to an interpretation of Roman imperialism that differs sharply from the conventional ones **Leadership and Leaders in Polybius** Nikos Miltsios,2023-06-19 The issue of leadership is crucial to Polybius desire to explain the rise of Rome over almost the entire known world and provide benefit and utility to readers who may have to assume positions of responsibility This book focuses on descriptions of leadership behaviors in the Histories aiming to identify regularly recurring patterns motifs and themes in the relevant passages which could precisely because of their persistence heighten our sensitivity to the subtleties of Polybius treatment of the subject Given that the interest in leadership permeates Polybius work and engages with his main thematic concerns this study brings the reader face to face with

questions of power and control identity and nationality the role of fortune narrative strategies thereby providing a basis for reading the Histories more generally At the same time a major concern throughout the book is with the ways Polybius representation of leadership seems to have been influenced by literary depictions of the conquests of Alexander the Great Polybius interplay with his literary context and tradition deepens our understanding of what he is trying to accomplish in the narrative and how he is interacting with the expectations of his audiences Dictionary of World Biography Barry Jones,2018-05-02 Barry Jones Dictionary of World Biography weaves historical facts with perspective on the subjects and the influence they had on theirs and on modern times Gain a unique insight into the life and times of important identities cultural icons and controversial characters The Romans Karl Christ,1984 Roman civilization is one of the bases of the modern world The extraordinary achievements of Rome political military cultural and its dramatic thousand year history during which it grew to dominate the whole world of classical antiquity before being overwhelmed in its turn have been continuously studied and variously interpreted ever since Rome has been commended for its administration praised for its system of justice admired for its arts and technology extolled for its virtues such as love of freedom independence discipline courage and austerity It has also been condemned for its aggression its exploitation of slaves its excesses and the decadence that led to its decline But such was Rome s impact and so remarkable was the empire it built that its influence has never ceased to be felt Whether as a model of political power of moral behavior or of social control Rome with its splendors and triumphs its failings and disasters is an inexhaustible quarry for the lessons that its history offers and the legacies that it has bequeathed Karl Christ conveys the essence of this vital Roman tradition with a coherence and compact precision that few scholars if any have been able to achieve Following the main chronological developments of Roman history he combines the necessary minimum of political and military narrative with lucid social and economic analysis separate chapters of Roman ways of life and law and wide ranging coverage of literature art science technology and religion With maps and photographs as well as a specially prepared bibliography for further reading The Romans is the most up to date authoritative and comprehensive single volume introduction to the history and civilization of Ancient Rome Great Generals of the Ancient World Richard A. Gabriel,2017-01-30 The military expert and author of Philip II of Macedonia presents 9 profiles of exemplary leadership from the ancient world Of all the military commanders throughout history only a few are remembered as great leaders of men in battle Is there a combination of personal attributes and historical circumstances that produces great commanders Professor Richard A Gabriel analyses the biographies of ten great generals all of whom lived between 1481 BC and AD 632 in order to identify the characteristics of intellect psychology personality and experience that allowed them to tread the path to greatness Some of the names included in Gabriel s selection such as Moses and Muhammad will surprise many readers as will the historical figures Gabriel chooses to omit including Alexander the Great and Atilla the Hun But Gabriel is not merely interested in famous military exploits A retired soldier and professor at the Canadian Defence College he distils the timeless

essence of military leadership through the examples of Julius Caesar Philip II of Macedonia Thutmose III of Egypt and others

A to Z of Ancient Greek and Roman Women Marjorie Lightman, Benjamin Lightman, 2008 Presents a biographical dictionary profiling more than 500 important ancient Greek and Roman women including when and where they lived and notable accomplishments

Ancestor Masks and Aristocratic Power in Roman Culture Harriet I. Flower, 1996 Flower explains why the Roman elite commemorated politically prominent family members with wax masks worn by actors at the funerals of the deceased She looks at literary sources legal texts epigraphy archaeology numismatics and art tracing the functional evolution of ancestor masks from the third century BC to the sixth century AD By putting these masks into their legal social and political context Flower elucidates their central position in the media of the time and their special meaning as symbols of power and prestige

The Rise and Decline of the State Martin van Creveld, 1999-08-26 This unique volume traces the history of the state from its beginnings to the present day

The Lives of Aristides and Cato Plutarch, 1989 Plutarch's Lives have always attracted a large number of admirers particularly because of his pragmatic concern with ethics and politics But Plutarch intended his Lives to be read in pairs an intention that is often ignored by those who treat these works as merely historical sources

The Roman War of Antiochos the Great John D. Grainger, 2017-09-18 This is the first detailed study of the collision of the two greatest powers of the Hellenistic world The Roman Republic victorious over Carthage and Macedon met the Seleukid kingdom which had crushed Ptolemaic Egypt The preliminary diplomatic sparring was complicated by Rome's attempts to control Greece and by the military activities of Antiochos the Great and ended in war Despite well meaning attempts on both sides to avoid and solve disputes areas of disagreement could not be removed Each great power was hounded by the ambitions of its subsidiary clients When the Aitolian League deliberately challenged Rome and Rome seemed not to respond Antiochos moved into Greece to take Rome's place The Roman reaction produced the war and a complex campaign by land and sea resulted in another Roman victory

Studies in Greek Culture and Roman Policy Gruen, 2025-01-27 This book is an examination of the impact of Greek learning literature and religion on central aspects of Roman life in the middle Republic Acclaimed historian Erich S Gruen discusses the introduction of and resistance to new cults the relationship between Roman political figures and literary artists schooled in Greek and the reaction to Hellenic philosophy and rhetoric by the Roman elite This book contributes new and important information on the place of Greek culture in Roman public life

A History of Exile in the Roman Republic Gordon P. Kelly, 2006-07-24 Roman senators and equestrians were always vulnerable to prosecution for their official conduct especially since politically motivated accusations were common When charged with a crime in Republican Rome such men had a choice concerning their fate They could either remain in Rome and face possible conviction and punishment or go into voluntary exile and avoid legal sentence For the majority of the Republican period exile was not a formal legal penalty contained in statutes although it was the practical outcome of most capital convictions Despite its importance in the political arena Roman

exile has been a neglected topic in modern scholarship This 2006 study examines all facets of exile in the Roman Republic its historical development technical legal issues the possibility of restoration as well as the effects of exile on the lives and families of banished men

Hellenistic Land Battles 300-167 BCE Fred Eugene Ray, Jr., 2020-09-11 The Hellenistic Period 323 31 BCE saw the Grecian phalanx long dominant in Mediterranean warfare challenged by legionary formations from the rising city state of Rome The Roman way of war would come to eclipse phalanx based combat by the 160s yet this was not evident at the time Rome suffered numerous defeats against the phalanxes of Pyrrhus and Hannibal its overseas campaign against the brilliant Spartan mercenary Xanthippus met disaster and several Roman victories over Hellenistic foes were not decisive The story of combat in this pivotal era is not well documented This book for the first time provides detailed tactical analyses for all 130 significant land engagements of Hellenistic armies 300 167 BCE

Whispering the Strategies of Language: An Emotional Journey through **Scipio Africanus Soldier And Politician**

In a digitally-driven world where displays reign great and quick conversation drowns out the subtleties of language, the profound strategies and mental nuances concealed within phrases frequently go unheard.
