Scipio Africanus The Man Who Defeated Hannibal:

Scipio Africanus Ross Leckie, 1998 Now from the author of the highly acclaimed novel Hannibal a History Book Club Selection comes the second installment in an epic trilogy on the rise of Carthage and the rise of Rome **Scipio Africanus** Charles River Editors, 2020-04-06 Includes pictures Includes excerpts of ancient accounts Includes a bibliography for further reading Carthage was one of the great ancient civilizations and at its peak the wealthy Carthaginian Empire dominated the Mediterranean against the likes of Greece and Rome with commercial enterprises and influence stretching from Spain to Turkey In fact at several points in history it had a very real chance of replacing the fledgling Roman empire or the failing Greek polis city states altogether as master of the Mediterranean Although Carthage by far preferred to exert economic pressure and influence before resorting to direct military power and even went so far as to rely primarily on mercenary armies paid with its vast wealth for much of its history it nonetheless produced a number of outstanding generals from the likes of Hanno Magnus to of course the great bogeyman of Roman nightmares himself Hannibal Certain foreign policy decisions led to continuing enmity between Carthage and the burgeoning power of Rome and what followed was a series of wars which turned from a battle for Mediterranean hegemony into an all out struggle for survival Although the Romans gained the upper hand in the wake of the First Punic War Hannibal brought the Romans to their knees for over a decade during the Second Punic War While military historians are still amazed that he was able to maintain his army in Italy near Rome for nearly 15 years scholars are still puzzled over some of his decisions including why he never attempted to march on Rome in the first place While Hannibal had been in Italy it had been relatively easy for the Carthaginian oligarchy particularly the Hundred and Four a federation of powerful traders and Hannibal's chief political rival Hanno the Great to marginalize him For years his political party the Barcids had struggled to obtain even a token amount of funds and troops for his enterprise but Hannibal's arrival on the scene changed all that Even his rivals could not deny the simple fact that all else aside the man could fight a battle like no other general alive With Rome threatening invasion Hannibal was suddenly the necessary hero of the hour Bolstering his Italian mercenaries with levies from Africa and Carthage the Carthaginian ruling elite desperately invested the money that Hannibal had begged for throughout the last decade While he remains far less known than Hannibal Publius Cornelius Scipio the man who has become known to history as Scipio Africanus is widely regarded as one of the greatest military leaders of all time In the space of less than 10 years the genius of Scipio took Rome from being on the brink of utter destruction to becoming the dominant power in the Mediterranean He displayed not just acute understanding of the tactical needs of the battlefield but also a strategic overview that consistently allowed him to confound his enemies Scipio has been described as the embodiment of grand strategy as his campaigns are the supreme example in history of its meaning However like many other successful military leaders Scipio proved much less able to deal with the envy and political machinations of the Roman Senate and he ended his life not in glory but in bitter self imposed

retirement much the same way Hannibal did Both men left legacies of military genius catastrophic defeats perseverance in the face of setbacks astounding victories Their stories also heavily involve ingratitude envy and enmity from within Scipio Africanus The Life and Legacy of the Roman General Who Defeated Hannibal during the Second Punic War chronicles how Scipio rose to prominence his legendary victory at Zama and the legacy he had on antiquity Along with pictures depicting important people places and events you will learn about Scipio Africanus like never before *Scipio Africanus* Richard A. Gabriel,2008-06-30 The world often misunderstands its greatest men while neglecting others entirely Scipio Africanus surely the greatest general that Rome produced suffered both these fates Today scholars celebrate the importance of Hannibal even though Scipio defeated the legendary general in the Second Punic War and was the central military figure of his time In this scholarly and heretofore unmatched military biography of the distinguished Roman soldier Richard A Gabriel establishes Scipio s rightful place in military history as the greater of the two generals Before Scipio few Romans would have dreamed of empire and Scipio himself would have regarded such an ambition as a danger to his beloved republic And yet paradoxically Scipio s victories in Spain and Africa enabled Rome to consolidate its hold over Italy and become the dominant power in the western Mediterranean virtually ensuring a later confrontation with the Greco Macedonian kingdoms to the east as well as the empire s expansion into North Africa and the Levant The Roman imperium was being born and it was Scipio who had sired it Gabriel draws upon ancient texts including those from Livy Polybius Diodorus Silius Italicus and others as primary sources and examines all additional material available to the modern scholar in French German English and Italian His book offers a complete bibliography of all extant sources regarding Scipio s life The result is a rich detailed and contextual treatment of the life and career of Scipio Africanus one of Rome s greatest generals if not the greatest of them all **Black Man of the Nile and His Family** Yosef Ben-Jochannan,1989 In a masterful and unique manner Dr Ben uses Black Man of the Nile to challenge and expose Europeanized African history Order Black Man of the Nile here [English Men of Letters](#) John Morley,1894 **International Encyclopedia of Military History** James C. Bradford,2004-12-01 With its impressive breadth of coverage both geographically and chronologically the International Encyclopedia of Military History is the most up to date and inclusive A Z resource on military history From uniforms and military insignia worn by combatants to the brilliant military leaders and tacticians who commanded them the campaigns and wars to the weapons and equipment used in them this international and multi cultural two volume set is an accessible resource combining the latest scholarship in the field with a world perspective on military history **History of Rome** Mandell Creighton,1880 [Scipio Africanus](#) Alexander Acimovic,2007-04-03 Scipio Africanus was one of the greatest generals and statesmen of the Ancient World When he was 18 he saved his father s life in battle during the Second Punic War and later survived the horrific Roman defeat at Cannae At the age of 26 he was named Commander in Chief of the Roman army in Spain and in 4 years by daringly storming the city of Cartagena and crushing two Carthaginian armies in battle conquered almost the entire peninsula for Rome After returning to

Rome he leveraged popular support to gain command of an army to invade Carthage Lacking logistical and material support he welded trained and armed a battle hardened army Landing in Africa he delivered a stunning defeat to the Carthaginians with a surprise attack by night and fire After the famed Hannibal Barca returned to defend his homeland Scipio and his army utterly defeated the Punic general at the Battle of Zama This book based on exhaustive research of both ancient and modern sources describes Scipio s life and career in detail analyzes his military and political strategies and decisions and illustrates the timelessness of his leadership skills and far seeing diplomacy

Man, Know Thyself Rick Duncan,2013-07-09 Man Know Thyself is perhaps one of the world s oldest and most important sayings This adage was originally coined by Imhotep the world s first multi genius and perhaps the greatest creative mortal individual who ever lived Imhotep lived over five and a half thousand years ago from our present age It must be said immediately that Imhotep was an African He is among our first Notable Ancestors Considering Imhotep s instruction it means that as individuals as a family collectively as a people a community a society or a nation we should know ourselves that is who we are This includes knowledge of who spawned us where we have been and where we currently are Knowing this as our Notable Ancestor and Grandmaster Teacher Baba Dr John Henrik Clarke has said will tell us who we are and where we must get to Who we are is dependent on who we were Who we were should determine who we should be To emphasise the point Marcus Garvey another of our most important Notable Ancestors frequently reiterated this advice when he reminded us that our first obligation is to know ourselves He told us that we should make our knowledge about us so complete so as to make it impossible for others to take advantage of us He told us that in order to know ourselves we must know who our Ancestors were and what they achieved We would then realize who we are and what we are capable of achieving This is the meaning of the African adage and Sankofa symbol of looking back in order to go forward The importance of knowing our ancestors has been summed up in an old Native American saying that It is the spirit of our ancestors that should guide our path There is a sense however that Africans have forgotten our ancestors Because of this there is no spirit to guide us and so Africans are lost and confused The roots of African spirituality and culture have been made redundant Yet as Dr Clarke points out the unbilicord that tied Africans to our spiritual and cultural roots have only been stretched It has never been broken It is for Africans to come to this realization and to rediscover the spirit of our ancestors This volume lists some of our Notable Ancestors in the hope that knowledge about them and their achievements will aid some of us in understanding where we have been who we presently are and consequently who we must become Ultimately it is hoped that we may use this knowledge to reconnect with the spirit of our Ancestors and let them be our guide This volume is based on the truth about Africans and therefore correcting what is told about us This corrective knowledge of us is important because as Imhotep said Know the truth and the truth shall set you free This means being free to interpret our own story and to define who we are This is crucial because although history is a witness to the truths history has been

stolen by others who have hidden the truths about us History has never been true or kind to Africans and therefore it cannot tell us about us Yet as Peter Tosh intimated we cannot come to a consciousness of ourselves of who we are if we do not know the truths about us History has been described as the Queen of the academic subjects So important is History that it is said that whoever controls history controls the future In one sense education in general and history in particular is about teaching us who we are History teaches who we are so as to help us to know where we belong in our community or society Africans cannot know where we belong in society however because our story has been told by others those who own history Africans are therefore unaware of who we are because what is known about us is not the truth about us The story of Africans the oldest people on earth like the history of the world is taught by others Yet these others came into the world thousands of years after Africans had already established great civ

The Romans Kevin M McGeough,2009-03-26 Kevin McGeough approaches the centuries long story of Rome thematically exploring its geography history economics social structures material culture and intellectual achievements The book not only addresses such topics as historical personalities forms of government and religion but also coinage administrative organization festivities the art of leisure death and burial rituals and much more Each chapter provides an up to date summary of our knowledge of Roman civilization making this book an ideal introduction to this fascinating and complex culture

Memorable Deeds and Sayings Valerius Maximus,2004-03-01 Popular in its day both as a sourcebook for writers and orators and as a guidebook for living a moral life this remarkably rich document serves as an engaging introduction to the cultural and moral history of ancient Rome Valerius thousand tales are arranged thematically in ninety one chapters that cover nearly every aspect of life in the ancient world including such wide ranging topics as military discipline child rearing and women lawyers As a whole the work gives the reader fascinating insights into what it felt like to be an ancient Roman what the ancient Romans really believed what their private world was like how they related to one another and what they did when nobody was watching

Hannibal and Scipio Africanus,2020-04-20 Includes pictures Includes excerpts of ancient accounts Includes a bibliography for further reading Carthage was one of the great ancient civilizations and at its peak the wealthy Carthaginian empire dominated the Mediterranean against the likes of Greece and Rome with commercial enterprises and influence stretching from Spain to Turkey In fact at several points in history it had a very real chance of replacing the fledgling Roman empire or the failing Greek poleis city states altogether as master of the Mediterranean Although Carthage by far preferred to exert economic pressure and influence before resorting to direct military power and even went so far as to rely primarily on mercenary armies paid with its vast wealth for much of its history it nonetheless produced a number of outstanding generals from the likes of Hanno Magnus to of course the great bogeyman of Roman nightmares himself Hannibal In the history of war only a select few men always make the list of greatest generals Napoleon Caesar Alexander They are always joined by Hannibal who has the distinction of being the only man who nearly brought Rome to its knees before its decline almost 700 years later Rome never suffered a

more horrifying defeat in its history than at Cannae and indeed Hannibal nearly rewrote the course of Western history during the Second Punic War. Even today there remains great debate on just how he accomplished his masterful invasion of Italy across the Alps. Since his army included war elephants historians still argue over exactly where and how he crossed over 2 000 years after he managed that incredible feat. Hannibal will always be listed among history's greatest generals and his military campaign in Italy during the Second Punic War will always be studied but part of the aura and mystique surrounding the Carthaginian legend is that there is still a lot of mystery. Since Carthage was destroyed by Rome a generation after Hannibal most of what is known about Hannibal came from the very people he tormented in the late 2nd century BCE and thus much of his background is unknown. Moreover even as military historians are still amazed that he was able to maintain his army in Italy near Rome for nearly 15 years they are still puzzled over some of his decisions including why he never attempted to march on Rome in the first place. While he remains far less known than Hannibal Publius Cornelius Scipio the man who has become known to history as Scipio Africanus is widely regarded as one of the greatest military leaders of all time. In the space of less than 10 years the genius of Scipio took Rome from being on the brink of utter destruction to becoming the dominant power in the Mediterranean. He displayed not just acute understanding of the tactical needs of the battlefield but also a strategic overview that consistently allowed him to confound his enemies. Scipio has been described as the embodiment of grand strategy as his campaigns are the supreme example in history of its meaning. However like many other successful military leaders Scipio proved much less able to deal with the envy and political machinations of the Roman Senate and he ended his life not in glory but in bitter self imposed retirement much the same way Hannibal did. Both men left legacies of military genius catastrophic defeats perseverance in the face of setbacks astounding victories. Their stories also heavily involve ingratitude envy and enmity from within. Hannibal and Scipio Africanus. *The Lives and Careers of the Second Punic War's Legendary Generals* chronicles the two rivals their campaigns and their lasting legacies. Along with pictures depicting important people places and events you will learn about Hannibal and Scipio Africanus like never before.

Military Commanders Nigel Cawthorne, 2004. From ancient Greece to Desert Storm *Military Commanders* presents a chronological history of great battles and the men who won them. Beginning with Leonidas of Sparta who died at Thermopylae and ending with Colin Powell this book includes such world famous leaders as Alexander the Great Napoleon Grant and Lee Patton and Rommel. In addition it includes the military theorist Sun Tzu who wrote *The Art of War* as well as lesser known but important figures such as Red Cloud Shaka Zulu and General Giap. *Military Commanders* containing pertinent quotations anecdotes and detailed facts is a highly readable combination of history and biography.

Ancient Romans Mary Hamilton, 2018-01-19. More than two thousand years ago at a time

when the people in the British Isles and in most parts of Western Europe were living the lives of savages occupied in fighting hunting and fishing dwelling in rude huts clad in skins ignorant of everything that we call civilization Rome was the centre of a world in many ways as civilized as ours is now over which the Roman people ruled The men who dwelt in this one city built on seven hills on the banks of the river Tiber gradually conquered all Italy Then they became masters of the lands round the Mediterranean Sea of Northern Africa and of Spain of Greece Egypt Asia Minor and the Near East and of Western Europe The greatness of Rome and of the Roman people does not lie however in their conquests In the end their conquests ruined them It lies in the character mind and will of the Romans themselves A History of Literary Criticism M. influence on the institution of psychoanalysis When Freud met the patient known as the Wolf Man Johnson maintains psychoanalysis was at an impasse because of Freud s inability to work through repressed material from his own childhood Freud overcame this impasse through a countertransference that cast his patient in the role of a rival for the control of psychoanalysis his means for vanquishing him set the terms for Freud s legacy to psychoanalysis Johnson offers a rigorous methodological framework for discussing the relationship between psychoanalytic writing and the lives of those who engage in it He fruitfully extends the work of Nicholas Abraham Maria Torok and Jacques Derrida into the realm of Freud s own life The result is both sophisticated psychobiography and psychoanalytic theory grounded firmly in historical lives The Ancient History of the Egyptians, Carthaginians, Assyrians, Babylonians, Medes and Persians, Grecians, and Macedonians
