*Scotland Yard: a personal inquiry* Peter Laurie, **Scotland Yard: a Personal Inquiry** Peter Laurie, 1970 **A Bibliography of British History, 1914-1989** Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index **Crime and Investigative Reporting in the UK** Marianne Colbran, 2023-12-12 Drawing on interviews with journalists and police officers this is the first ethnographic study of crime news reporting in the UK for over twenty five years It shows the impediments to crime reporting that exist in the aftermath of the Leveson Report and considers the future of investigative journalism non profits *Criminal Records T*. Thomas, 2007-10-17 Terry Thomas considers the use of criminal records within the criminal justice system and beyond especially the growth of their use for pre employment screening via the Criminal Records Bureau This book also considers future developments and the impact that transferring criminal records across international borders will have **The Police Journal**, 1928 Includes section Reviews **London in the Twentieth Century** Jerry White, 2009-11-10 Jerry White's *London in the Twentieth Century* Winner of the Wolfson Prize is a masterful account of the city's most tumultuous century by its leading expert In 1901 no other city matched London in size wealth and grandeur Yet it was also a city where poverty and disease were rife For its inhabitants such contradictions and diversity were the defining experience of the next century of dazzling change In the worlds of work and popular culture politics and crime through war immigration and sexual revolution Jerry White's richly detailed and captivating history shows how the city shaped their lives and how it in turn was shaped by them *Balderdash & Piffle: One Sandwich Short of a Dog's Dinner* Alex Games, 2010-12-15 *Balderdash Piffle One Sandwich Short of a Dog's Dinner* is a thrilling ride through the provocative bewildering and often downright bizarre world of language and etymology From the brash jargon of celebrity magazines to the delicacies and feints of the euphemism author and word sleuth Alex Games has uncovered the remarkable stories that lie behind some of our best loved words and expressions By grouping words into distinct themes such as put downs and insults the vocab of fashionistas and the lingo of dodgy dealings *Balderdash Piffle* looks at the English language in a fresh and revealing light Who was the original Jack the Lad What is the tragic story behind the expression Sweet F A *Balderdash Piffle* will show you where thugs come from why barmy once had more to do with your beer than your brain and how a little bit of hanky panky could literally work magic From the Cloud cuckoo land of Aristophanes to the town of Balaclava this is a funny but rigorously researched account of English words and their origins Drawing together sources as diverse as William Shakespeare David Cameron and the Burnham on Sea Gazette Alex Games recalls the trends innovations and scandals that have produced some of our most familiar but least explored words and phrases Accompanying a brand new series of the hit BBC television programme *Balderdash Piffle* and containing

all the results of the Wordhunt from the first series this entertaining book is a treasure trove for English language lovers everywhere *The Saturday Review of Politics, Literature, Science and Art*, 1869 **Policing Images** Rob

Mawby, 2013-08-21 In recent years the police have become one of the most watched and most visible organisations and across the media there has been constant interest in the police In such a situation the police themselves have been intensely concerned with promoting projecting and protecting the police image This book is concerned to document and to explain this image work the activities in which the police engage that construct and project images of policing Drawing upon first hand research with the police themselves including such examples as the way the South Yorkshire Police handled the Miners Strike and the Hillsborough stadium disaster the book includes a detailed look at police press and public relations officers at work and at operational policing and police work Its broader argument is that image work has the capacity to both legitimate policing and to mask problems of legitimisation At a time of intense debate about the future role and nature of the police this book makes a key contribution and raises important questions about the implications of police image work for both democratically accountable policing and the wider transformations in society being brought about by the media and its management Kick the Bucket and Swing the Cat Alex Games, 2011-01-31 Kick the Bucket and Swing the Cat takes a

humorous tour through the fascinating sometimes tragic and often surprising history of the English language and its etymology Author humorist and word sleuth Alex Games uncovers the trends innovations and scandals that have shaped the meanings of our most popular words and expressions from Chaucer to Internet jargon and Ancient Greek to American slang Who was the original Jack the Lad Gordon Bennett or Bloody Mary Where do dodgy geezers and hooligans come from What are skeldering dithering and sabre rattling This amusing but rigorously researched account of English words and their origins combines the findings of the major BBC TV series and the nationwide Wordhunt and is an entertaining treasure trove for English language lovers everywhere **A Modern Corsair** Richard Savage, 1897 **Saturday Review of Politics,**

**Literature, Science and Art**, 1869 A Modern Corsair Richard Henry Savage, 1897 **In the Face of the Verdict** John

Rhode, 2025-07-19T00:00:00Z After the inquest that the death of Major Walter Bedworthy was an accident due to drowning his friend summons in Priestley due to his belief that it was in fact murder This proves to be the case when the dead man s brother is also found drowned a few days later Assisted by Superintendent Hanslet and Inspector Waghorn of Scotland Yard Priestley sets out to unmask the cunning killer **Institutionalised Dissent** Nigel Fletcher, 2023-12-22 This book provides

a comprehensive analysis of a peculiar but now firmly established British institution the Official Opposition tracking its development since 1935 Despite its inherent importance to the conduct of politics and government the Official Opposition as an institution remains poorly understood The concept of Loyal Opposition has become so entrenched in the Westminster parliamentary model that it is now taken for granted that the principal challengers to the government of the day are given significant official recognition by the state Political dissent has become institutionalised and legitimised Using previously

unpublished archive material and candid interviews with former Leaders of the Opposition and their staff the book examines the constraints and dilemmas facing the Official Opposition Detailing the way successive opposition leaders have organised their staff and Shadow Cabinets it highlights the practical difficulties they face in holding the government to account and preparing for government The study concludes by arguing that the role of the Official Opposition is vital but ill defined that the inadequacy of its resources has impacted on its effectiveness and that there are potentially serious challenges to it as a model The book will be of key interest to scholars of British politics British history parliamentary and legislative studies and government and democracy more generally

### **Unauthorised tapping into or hacking of mobile communications**

Great Britain: Parliament: House of Commons: Home Affairs Committee,2011-10-28 The Commons Home Affairs Committee deplores News International s attempt to deliberately thwart the original investigation into phone hacking in 2005 06 but also states that the police set aside a huge amount of material that could have identified other perpetrators and victims The committee agrees with John Yates s own assessment that his 2009 review of this investigation was very poor that he did not ask the right questions and that he was guilty of a serious misjudgement The committee criticises Andy Hayman s cavalier attitude towards his contacts with those in News International who were under investigation which even if entirely above board risked seriously undermining confidence in the impartiality of the police and accuses him of deliberate prevarication in order to mislead the committee It urges the swift and thorough investigation of allegations that payments were made to police officers by the media which will help to establish whether or not such payments may have influenced police inquiries into phone hacking The committee welcomes DAC Sue Akers s decision to contact all potential victims of phone hacking by the News of the World as part of the current investigation but is alarmed that only 170 have as yet been informed At this rate it would take years to inform all of the several thousands of people potentially affected The committee therefore recommends that extra resources are allocated to her investigation by the Government directly if necessary The committee also expresses concern about both the scope and understanding of current laws on phone hacking with prosecutors and police still arguing over the meaning of relevant sections of the Regulation of Investigatory Powers Act 2000 However this was no reason for the Metropolitan Police to limit their investigation of these matters Finally potential victims of phone hacking should be given a means of seeking formal advice from the Information Commissioner and easier access to redress The Information Commissioner should be given additional powers to deal with breaches of data protection including phone hacking and blagging Mobile phone companies should give greater prominence to security advice in the information provided to their customers The report sets out 24 conclusions and recommendations
