Scottish Borders And Edinburgh

Julian Goodare, Michael Lynch

Scottish Borders And Edinburgh:

A Visitor's Guide to the Scottish Borders and Edinburgh Roger Smith,1983 *The Borders* Alistair Moffat,2011-08-12 This is the story of a part of Scotland that has played a huge role in the nation's history for thousands of years The hunter gatherers who first discovered the bounty of the ancient Wildwood the Celtic warlords the Romans the Northumbrians and the Reivers who dominated the Anglo Scottish borderlands for more than three centuries have all had their part to play in the constantly evolving life of the area It is the people of a place who make its history Alistair Moffat's acclaimed book is a testament to those who have made the Borders their home and who have created the traditions myths and romance that define it so strongly Scotland Murray Stewart Leith,Duncan Sim,2020-04-07 Scotland's future in the Union is in question Since Devolution in 1997 there has been a sea change in Scotland's sense of itself A distinct Scottish political culture has emerged confident assertive and increasingly divergent from that of its southern neighbours Yet as this timely and perceptive book shows Scottish nationalism has been on the rise since the Second World War Today the Scottish National Party are in the ascendant winning nearly half of all votes cast in the 2019 General Election and most of the seats The Scottish Parliament has been a legislative trail blazer enacting progressive legislation well before England and Wales And Scotland voted overwhelmingly to remain in the European Union putting it at odds with much of the rest of the United Kingdom on the most important political decision this century The country has transformed from the socially and politically conservative climate of the post war period to a nation contemplating for the second time a move to independence for all the uncertainty and turmoil that would bring At a time when the country's future has topped the agenda in Britain and abroad this book unpicks the complex weave of Scottish politics society and culture providing an essential insight into Scotland's present and its future **Divided Scotland?** David Newlands,2019-06-04 Originally published in 2004 In recent years there has been much debate about the economic performance of the Scottish economy in relation to the economy of Britain as a whole However with the establishment of the Scottish Parliament the debate has shifted somewhat to focus on the economic disparities between areas within Scotland Leading Scottish regional scientists are brought together in this volume to examine the nature causes and consequences of these regional economic disparities Following an introductory overview the book divides into two main sections The first section examines and compares three key areas in detail the Highlands and Islands Edinburgh and its hinterland and Greater Glasgow The second section covers a number of cross cutting issues such as economic development education and training transport and communications and community planning It concludes with a critical appraisal of the various policies discussed and their implications **The Oxford Handbook of British Romanticism** David Duff,2018-09-13 The Oxford Handbook of British Romanticism offers a comprehensive guide to the literature and thought of the Romantic period and an overview of the latest research on this topic Written by a team of international experts the Handbook analyses all aspects of the Romantic movement pinpointing its different historical phases

and analysing the intellectual and political currents which shaped them It gives particular attention to devolutionary trends exploring the English Scottish Welsh and Irish strands in British Romanticism and assessing the impact of the constitutional changes that brought into being the United Kingdom at a time of revolutionary turbulence and international conflict It also gives extensive coverage to the publishing and reception history of Romantic writing highlighting the role of readers reviewers publishers and institutions in shaping Romantic literary culture and transmitting its ideas and values Divided into ten sections each containing four or five chapters the Handbook covers key themes and concepts in Romantic studies as well as less chartered topics such as freedom of speech literature and drugs Romantic oratory and literary uses of dialect All the major male and female Romantic authors are included along with numerous lesser known writers the emphasis throughout being on the diversity of Romantic writing and the complexities and internal divisions of the culture that sustained it The volume strikes a balance between familiarity and novelty to provide an accessible guide to current thinking and a conceptual reorganization of this fast moving field

The Government of Scotland 1560-1625 Julian Goodare, 2004-10-14 In *The Government of Scotland 1560-1625* Goodare shows how Scotland was governed during the transition from Europe's decentralized medieval realms to modern sovereign states The expanding institutions of government crown parliament privy council local courts are detailed but the book is structured around an analysis of governmental processes A new framework is offered for understanding the concept of centre and localities centralization happened in the localities Various interest groups participated in government and influenced its decisions The nobility in particular exercised influence at every level There was also English influence both before and after the union of crowns in 1603 It is argued that the crown's continuing involvement after 1603 shows the common idea of absentee monarchy to be misconceived Goodare also pays particular attention to the harsh impact of government in the Highlands where the chiefs were not full members of Scottish political society and on the common people who were also excluded from normal political participation

Scotland's Society and Economy in Transition, c.1500-c.1760 Ian Whyte, 1997-01-29 During the last twenty years there has been an explosion of new research into the development of Scotland from a small backward country on the periphery of Europe to one poised to undergo industrialisation in step with England This book provides an overview of key themes related to social change and economic development in early Modern Scotland aimed at demonstrating how this transformation occurred

Sociolinguistics in Scotland R. Lawson, 2014-01-22 *Sociolinguistics in Scotland* presents a comprehensive overview of sociolinguistic research in Scotland and showcases developments in sociolinguistic theory method and application highlighting Scotland's position as a valuable sociolinguistic laboratory This book is a key resource for those interested in language use in Scotland

King, Alexis Easley, John Morton, 2016-09-01 The 2017 winner of the Robert and Vineta Colby Scholarly Book Prize Providing a comprehensive interdisciplinary examination of scholarship on nineteenth century British periodicals this volume surveys the current state of research and offers researchers an in depth examination of contemporary methodologies The impact of digital media and archives on the field informs all discussions of the print archive Contributors illustrate their arguments with examples and contextualize their topics within broader areas of study while also reflecting on how the study of periodicals may evolve in the future The Handbook will serve as a valuable resource for scholars and students of nineteenth century culture who are interested in issues of cultural formation transformation and transmission in a developing industrial and globalizing age as well as those whose research focuses on the bibliographical and the micro case study In addition to rendering a comprehensive review and critique of current research on nineteenth century British periodicals the Handbook suggests new avenues for research in the twenty first century This volume s 30 chapters deal with practically every aspect of periodical research and with the specific topics and audiences the 19th century periodical press addressed It also covers matters such as digitization that did not exist or were in early development a generation ago In addition to the essays readers will find 50 illustrations 54 pages of bibliography and a chronology of the periodical press This book gives seemingly endless insights into the ways periodicals and newspapers influenced and reflected 19th century culture It not only makes readers aware of problems involved in interpreting the history of the press but also offers suggestions for ways of untangling them and points the direction for future research It will be a valuable resource for readers with interests in almost any aspect of 19th century Britain Summing Up Highly recommended J D Vann University of North Texas in CHOICE Concise Dictionary of Women Artists Delia Gaze, 2013-04-03 This book includes some 200 complete entries from the award winning Dictionary of Women Artists as well as a selection of introductory essays from the main volume *Contest(ed) Writing* Mary Lamb, 2013-01-14 This collection is about writing contests a vibrant rhetorical practice traceable to rhetorical performances in ancient Greece In their discussion of contests cultural work the scholars who have contributed to this collection uncover important questions about our practices For example educational contests as epideictic rhetoric do indeed celebrate writing but does this celebration merely relieve educators of the responsibility of finding ways for all writers to succeed Contests designed to reward single winners and singly authored works admirably celebrate hard work but do they over emphasize exceptional individual achievement over shared goals and communal reward for success Taking a cultural rhetorical approach to contests each chapter demonstrates the cultural work the contests accomplish The essays in Part I examine contests and riddles in classical Greek and Roman periods educational contests in eighteenth century Scotland and the Lyceum movement in the Antebellum American South The next set of essays discusses how contests leverage competition and reward in educational settings medieval universities American turn of the century women s colleges twenty first century scholarship essay contests and writing contests for speakers of other languages at the University of Portsmouth The last set

of essays examines popular contests including poetry contests in Youth Spoken Word popular American contests designed by marketers and twenty first century podcasting competitions This collection then takes up contests as a cultural marker of our values assumptions and relationships to writing contests and competition **Early Medieval Settlement in Upland**

Perthshire: Excavations at Lair, Glen Shee 2012-17 David Strachan, David Sneddon, Richard Tipping, 2019-10-31 Excavation of seven turf buildings at Lair in Glen Shee confirms the introduction of Pitcarmick buildings to the hills of north east Perth and Kinross in the early 7th century AD Clusters of these at Lair and elsewhere in the hills are interpreted as integrated spatially organised farm complexes comprising byre houses and outbuildings **The Man Who Found Time** Jack

Repcheck, 2008-12-15 There are three men whose contributions helped free science from the straitjacket of theology Two of the three Nicolaus Copernicus and Charles Darwin are widely known and heralded for their breakthroughs The third James Hutton never received the same recognition yet he profoundly changed our understanding of the earth and its dynamic forces Hutton proved that the earth was likely millions of years old rather than the biblically determined six thousand and that it was continuously being shaped and re shaped by myriad everyday forces rather than one cataclysmic event In this expertly crafted narrative Jack Repcheck tells the remarkable story of this Scottish gentleman farmer and how his simple observations on his small tract of land led him to a theory that was in direct confrontation with the Bible and that also provided the scientific proof that would spark Darwin s theory of evolution It is also the story of Scotland and the Scottish Enlightenment which brought together some of the greatest thinkers of the age from David Hume and Adam Smith to James Watt and Erasmus Darwin Finally it is a story about the power of the written word Repcheck argues that Hutton s work was lost to history because he could not describe his findings in graceful and readable prose Unlike Darwin s Origin of the Species Hutton s one and only book was impenetrable A marvelous narrative about a little known man and the science he founded The Man Who Found Time is also a parable about the power of books to shape the history of ideas **The People of the**

Scottish Borders, 1650-1800 David Dobson, 2012 Drawing upon the resources of the National Archives of Scotland in Edinburgh Dr Dobson here identifies upwards of 3 000 inhabitants of the Scottish Borders who themselves or whose descendants took part in the exodus from the Scottish Borders to either the industrial towns of the Scottish Lowlands England the Americas or later to Australasia His sources consist in the main of court records registers of deeds or sasines burgh records family and estate papers published monument inscription lists and so forth For each person identified e g George Home who ends up in Nova Scotia in 1649 we are given a date location and the source The majority of entries also provide at least one other piece of identifying information such as occupation the kind of document in which the name appears or relationship to another person husband son etc **Social Justice and Social Policy in Scotland** Gerry

Mooney, Gill Scott, 2012 Social justice and social policy in Scotland offers a critical engagement with the state of social policy in Scotland focusing on a diverse range of topics and issues including income inequalities work and welfare criminal justice

housing education health and poverty each reflecting the themes of social inequality and social justice The Reign of James VI Julian Goodare, Michael Lynch, 2000-01-11 The reign of James VI 1567-1625 remains one of the most enigmatic in Scottish history There are long periods within it that resemble black holes in our knowledge This study is a concerted attempt by a group of ten scholars of the reign drawn from three different disciplines to shed light on its politics and government viewed through various perspectives These include the royal court which is analysed through its literature architecture and ceremony noble factionalism relations with England a revised model of tensions between church and state and the relationship between the government and the Highlands the Borders and the south west a future region of opposition to Charles I This study also analyses James as a literary author correspondent husband and universal king The book offers alternatives to accepted views of the reign dismissing both Melvillianism and laissez faire monarchy as useful tools It sees the centre of politics as the interaction between an expanded and increasingly expensive royal court and a phenomenal growth of the state based on a huge increase in legislation and the business of the Privy Council

Uncover the mysteries within Explore with is enigmatic creation, **Scottish Borders And Edinburgh** . This downloadable ebook, shrouded in suspense, is available in a PDF format (PDF Size: *). Dive into a world of uncertainty and anticipation. Download now to unravel the secrets hidden within the pages.
