Scottish Embroidery Medieval To Modern:

Scottish Embroidery Margaret H. Swain, 1986

Needlework of Mary Queen of Scots Margaret Swain, 2013-08-31

Although a large body of needlework has always been attributed to Mary Queen of Scots little attempt was made to authenticate these pieces or to explain how so energetic and impetuous a woman could have found pleasure in the meticulous craft of embroidery This is the first comprehensive study of the Queen as a needlewoman describing all the works associated with her For the first time every piece marked by her cipher or monogram is illustrated in full A biographical outline provides the framework for understanding her work by setting it in the context of her unsettled and stormy life It recounts the influence of her formative years in France and her absorption in needlework during the years of imprisonment Many of the embroideries can be seen in British country houses and in Scottish collections A significant work in the history of costume and textiles and sheds a new light on those little known aspects of Mary Queen of Scots life The first comprehensive study of the Queen of Scots as a needlewoman and how such an energetic and impetuous woman could have found pleasure in the meticulous craft of embroidery Illustrated in full with 12 colour 70 black white photographs and 20 illustrations Margaret Swain is an expert on the history of costume and textiles and was awarded an MBE for her work on embroidery and tapestries

Women's Agency in Early Modern Britain and the American Colonies Rosemary O'Day, 2014-06-11 Women in early modern Britain and colonial America were not the weak husband and father dominated characters of popular myth Quite the reverse strong women were the norm They exercised considerable influence as important agents in the social economic religious and cultural life of their societies This book shows how women on both sides of the Atlantic while accepting a patriarchal system with all its advantages and disadvantages contrived to carve out for themselves meaningful lives Unusually it concentrates not only on the making and meaning of marriage but also upon the partnership between men and women It also looks at the varied roles cultural religious and educational that women played both inside and outside marriage during the key period 1500 1760 Women emerge as partners patrons matchmakers investors and network builders

Threads of Life Clare Hunter, 2019-10-15 This globe spanning history of sewing and embroidery culture and protest is an astonishing feat richly textured and moving The Sunday Times UK In 1970s Argentina mothers marched in headscarves embroidered with the names of their disappeared children In Tudor England when Mary Queen of Scots was under house arrest her needlework carried her messages to the outside world From the political propaganda of the Bayeux Tapestry World War I soldiers coping with PTSD and the maps sewn by schoolgirls in the New World to the AIDS quilt Hmong story clothes and pink pussyhats women and men have used the language of sewing to make their voices heard even in the most desperate of circumstances Threads of Life is a chronicle of identity memory power and politics told through the stories of needlework Clare Hunter master of the craft threads her own narrative as she takes us over centuries and across continents from medieval France to contemporary Mexico and the United States and from a POW camp in Singapore to a family attic in

Scotland to celebrate the universal beauty and power of sewing Embroidering Her Truth Clare Hunter, 2022-03-17 I felt that Mary was there pulling at my sleeve willing me to appreciate the artistry wanting me to understand the dazzle of the material world that shaped her At her execution Mary Queen of Scots wore red Widely known as the colour of strength and passion it was in fact worn by Mary as the Catholic symbol of martyrdom In sixteenth century Europe women's voices were suppressed and silenced Even for a queen like Mary her prime duty was to bear sons In an age when textiles expressed power Mary exploited them to emphasise her female agency From her lavishly embroidered gowns as the prospective wife of the French Dauphin to the fashion dolls she used to encourage a Marian style at the Scottish court and the subversive messages she embroidered in captivity for her supporters Mary used textiles to advance her political agenda affirm her royal lineage and tell her own story In this eloquent cultural biography Clare Hunter exquisitely blends history politics and memoir to tell the story of a queen in her own voice A charmed feat of imagination and learning HILARY MANTEL The Grove Encyclopedia of Medieval Art and Architecture Colum Hourihane, 2012 This volume offers unparalleled coverage of all aspects of art and architecture from medieval Western Europe from the 6th century to the early 16th century Drawing upon the expansive scholarship in the celebrated Grove Dictionary of Art and adding hundreds of new entries it offers students researchers and the general public a reliable up to date and convenient resource covering this field of major importance in the development of Western history and international art and architecture **Maids and Mistresses, Cousins and Queens** Susan Frye, Karen Robertson, 1999-01-28 This new collection of sixteen essays considers evidence for the varied forms of women's alliances in early modern England It shows how women prohibited from direct participation in the institutional structures that shaped the lives of men constructed informal connections with other females for purposes of survival advancement and creativity The essays presented here consider a variety of communities formed among groups as diverse as serving women vagrants aristocrats and authors in order to study the historical traces of women's connections Alliance as understood by the essayists in this volume does not preclude competition or antagonism since the bonds among women were frequently determined by an opposition to other women As shown here the theorizing of women's connections and the recovery of the historical evidence for these connections can only add to our understanding of women's activities in early modern English society *Maids and Mistresses Cousins and Queens* is divided into four sections The first two *Alliances in the City* and *Alliances in the Household* examine the circumstances of women's communities in two primary sites for women of this place and time The second two *Materializing Communities* and *Emerging Alliances* fully study the aspirations that guided and transformed the courses of women's lives All of these interdisciplinary essays deftly combining literary and historical methods and materials are informed by feminism queer theory and studies of class and race in the early modern period *The Orders of Knighthood and the Formation of the British Honours System, 1660-1760* Antti Matikkala, 2008 Sheds considerable new light on the nature development and functions of the orders in a key phase of their history and goes

a long way to explaining how such archaic institutions could flourish in a culture that is commonly thought anti traditional and especially hostile to the middle ages Professor JONATHAN BOULTON University of Notre Dame This is the first comprehensive study to set the British orders of knighthood properly into the context of the honours system by analysing their political social and cultural functions from the Restoration of the monarchy to the end of George II s reign It examines the revival of the Order of the Garter and the proposals to establish the Orders of the Royal Oak and the Esquires of the Martyred King at the Restoration the foundation 1687 and the revival 1703 4 of the Order of the Thistle as well as the foundation of the Order of the Bath 1725 It establishes just how central a part the orders played in the British high political life and its comprehensive and multidimensional approach carefully contrasts the idealistic discourse of virtue and honour to the real workings of the honours system it also makes the case for the Chivalric Enlightenment The orders over the water the Garter and the Thistle conferred by the Jacobite claimants are discussed for the first time in the context of the established British honours system Overall the comparison between the socially very restricted British and the increasingly meritocratic Continental orders highlights the isolation of the British honours system from the European tendencies **Making History** Barbara Brackman,2008-07-01 This wide ranging book shows how to create quilts with an authentic antique look collect period textiles while revealing the history of American fabrics Learn the fascinating true story of fabrics in America and make your own period quilts with this comprehensive guide to fabrics and their influence on American quilts from the machine age to the atomic age From quilt historian Barbara Brackman author of America s Printed Fabrics 1770 1890 Making History not only includes 9 quilt projects inspired by vintage quilt designs and fabrics but is packed with historic photos stories and insights into the role of fabrics in everyday life Interwoven Globe Amy Elizabeth Bogansky,2013 Published in conjunction with an exhibition held at The Metropolitan Museum of Art New York Sept 16 2013 Jan 5 2014 *The Scottish Home* Annette Carruthers,1996 This work explores how domestic spaces in Scotland their form furnishings and function have been influenced by a range of social economic and personal factors The book approaches the home room by room looking at the history and development of each the changing relationships of public and private space and the interplay of the functional and decorative **Public Opinion in Early Modern Scotland, c.1560-1707** Karin Bowie,2020-12-17 Reveals the dynamics and rise in prominence of Scottish public opinion in a period of religious and constitutional tension *The Literary Culture of Early Modern Scotland* Sebastiaan Verweij,2016 This book explains the literary history of Scotland in the early modern period 1560 1625 by investigating what was the most important way of publishing such literature mostly poetry the manuscript It organises the majority of surviving manuscripts by three different types of place where they were written and read 1 the royal court 2 the city and 3 the country It has long been believed that the renaissance in Scotland was a disappointing affair but this book argues that in fact it has long been misunderstood the contents of little known manuscripts paint a picture of a much more interesting cultural history than was previously known *Tapestries and Textiles at the*

Palace of Holyroodhouse in the Royal Collection Margaret Swain,1988 Scottish Art and Design Wendy Kaplan,1991

Textile Treasures Naomi E. A. Tarrant,2001 An illustrated introduction to the collections of decorative household textiles in the National Museums of Scotland highlighting in particular the diverse range of large richly decorated European and Scottish wall hangings The development of the collection is also discussed and individual pieces largely from the 17th and 18th centuries are described and placed in their historical context *Women in Eighteenth-Century Scotland* Deborah Simonton,2016-12-05 The eighteenth century looms large in the Scottish imagination It is a century that saw the doubling of the population rapid urbanisation industrial growth the political Union of 1707 the Jacobite Rebellions and the Enlightenment events that were intrinsic to the creation of the modern nation and to putting Scotland on the international map The impact of the era on modern Scotland can be seen in the numerous buildings named after the luminaries of the period Adam Smith David Hume William Robertson the endorsement of Robert Burns as the national poet hero the preservation of the Culloden battlefield as a tourist attraction and the physical geographies of its major towns Yet while it is a century that remains central to modern constructions of national identity it is a period associated with men Until recently the history of women in eighteenth century Scotland with perhaps the honourable exception of Flora McDonald remained unwritten Over the last decade however research on women and gender in Scotland has flourished and we have an increasingly full picture of women's lives at all social levels across the century As a result this is an appropriate moment to reflect on what we know about Scottish women during the eighteenth century to ask how their history affects the traditional narratives of the period and to reflect on the implications for a national history of Scotland and Scottish identity Divided into three sections covering women's intimate intellectual and public lives this interdisciplinary volume offers articles on women's work criminal activity clothing family education writing travel and more Applying tools from history art anthropology cultural studies and English literature it draws on a wide range of sources from the written to the visual to highlight the diversity of women's experiences and to challenge current male centric historiographies **Medieval and Early Modern Representations of Authority in**

Scotland and the British Isles Kate Buchanan,Lucinda H.S. Dean,2016-05-20 What use is it to be given authority over men and lands if others do not know about it Furthermore what use is that authority if those who know about it do not respect it or recognise its jurisdiction And what strategies and language written and spoken visual and auditory material cultural and political did those in authority throughout the medieval and early modern era use to project and make known their power These questions have been crucial since regulations for governance entered society and are found at the core of this volume In order to address these issues from an historical perspective this collection of essays considers representations of authority made by a cross section of society within the British Isles Arranged in thematic sections the 14 essays in the collection bridge the divide between medieval and early modern to build up understanding of the developments and continuities that can be followed across the centuries in question Whether crown or noble government or church burgh or merchant all desired

power and influence but their means of representing authority were very different These essays encompass a myriad of methods demonstrating power and disseminating the image of authority including material culture art literature architecture and landscapes saintly cults speeches and propaganda martial posturing and strategic alliances music liturgy and ceremonial display Thus this interdisciplinary collection illuminates the variable forms in which authority was presented by key individuals and institutions in Scotland and the British Isles By placing these within the context of the European powers with whom they interacted this volume also underlines the unique relationships developed between the people and those who exercised authority over them

Glasgow 1900 Elizabeth Cumming, 1992 This book covers the flowering of the visual arts that occurred in Glasgow between 1880 and 1914 Featured artists include Charles Rennie Mackintosh Jessie M King George Walton Ernest Taylor and Francis Newbery

Scottish Life and Society: Scotland's domestic life Susan Storrier, 2000 Examines the variety in Scottish home life and considers what has shaped its society This book in fourteen volumes aims to examine the interlocking strands of history language and traditional culture within an international context and their contribution to the making of a national identity
