Scottish Seas:

Scottish Seas Douglas Jones, 2009 In the Scottish fishing village of Auchmithie in 1707 Mac Ayton the youngest in a family of brave Covenanters grows strong amid clashes with the sea bandits myths animals and brothers **Monarchs, Ministers, and Maps** David Buisseret, 1992-12-15 These diverse essays investigate political factors behind the rapid development of cartography in Renaissance Europe and its impact on emerging European nations By 1500 a few rulers had already discovered that better knowledge of their lands would strengthen their control over them by 1550 the cartographer's art had become an important instrument for bringing territories under the control of centralized government Throughout the following century increasing governmental reliance on maps demanded greater accuracy and more sophisticated techniques This volume a detailed survey of the political uses of cartography between 1400 and 1700 in Europe answers these questions When did monarchs and ministers begin to perceive that maps could be useful in government For what purposes were maps commissioned How accurate and useful were they How did cartographic knowledge strengthen the hand of government By focusing on particular places and periods in early modern Europe the chapters offer new insights into the growth of cartography as a science the impetus behind these developments often rulers attempting to expand their power and the role of mapmaking in European history The essay on Poland reveals that cartographic progress came only under the impetus of powerful rulers another explores the French monarchy's role in the burst of scientific cartography that marked the opening of the splendid century Additional chapters discuss the profound influence of cartographic ideas on the English aristocracy during the sixteenth century the relation of progress in mapmaking to imperialistic goals of the Spanish and Austrian Habsburgs and the supposed primacy of Italian mapmaking following the Renaissance Contributors to this volume are Peter Barber David Buisseret John Marino Michael J Mikos Geoffrey Parker and James Vann These essays were originally presented as the Kenneth Nebenzahl Jr Lectures in the History of Cartography at the Newberry Library [Britain's Living Seas](#) Hannah Rudd, 2023-01-19 Discover the incredible diversity of life within our seas and learn how we can all play a role in protecting and conserving it Our seas are home to an abundance of fascinating creatures and stunning habitats From spectacular kelp forests to intricate rocky reefs and from mud plains to open ocean the British Isles have a diversity of marine ecosystems that rival those seen on any nature documentary Yet for generations we have been slowly suffocating life beneath the waves Decades of unsustainable exploitation endless pollution and a warming climate have had a devastating effect on our marine habitats However it's not too late to make a difference and change course Written in collaboration with the Wildlife Trusts Britain's Living Seas provides a user friendly and richly illustrated guide to coasts around the British Isles uncovering the diversity of life within a range of marine habitats and the life giving services that they provide us Outlining how their very existence is under threat marine biologist Hannah Rudd presents an alternative and sustainable future for the management of our seas We can all do our bit as individuals too Through practical steps such as re thinking what we eat our

relationship with plastic and how we spend our money we can become marine conservationists in our everyday lives and help to create a healthier future for our oceans Everyone can discover more about the wonders within the waters that surround us and play a part in rebuilding our connection with the natural world

The Sovereignty of the Sea Thomas Wemyss Fulton, 2025-05-14 The Sovereignty of the Sea by Thomas Wemyss Fulton is a masterful and scholarly exposition on the historical and legal development of maritime sovereignty a cornerstone topic in the evolution of international relations and naval jurisprudence This landmark work delves into centuries of debate surrounding the rights and control of the world's oceans positioning itself as an essential reference for anyone interested in maritime sovereignty history naval power and politics and the formation of the freedom of the seas concept Originally published in the early 20th century the book meticulously traces the trajectory of legal and political arguments from medieval maritime doctrines to the codification efforts of the modern age Fulton explores the complex network of historical maritime disputes that shaped naval strategies and international diplomacy He examines landmark treaties declarations and conflicts between European maritime powers particularly the prolonged dominance of British naval authority and how it enforced British naval dominance on global sea routes The book provides detailed accounts of legal cases maritime charters and ancient writings that laid the groundwork for what would become the modern Law of the Sea origins It covers controversial issues like territorial waters debate maritime boundary conflicts and the historical evolution of jurisdictional claims on high seas Fulton's insightful critique of the claims to naval supremacy theory showcases how maritime power was not only a tool of national pride but also of geopolitical coercion The Sovereignty of the Sea is both academic and engaging revealing the intersection of seafaring history maritime diplomacy and international law Readers are guided through the unfolding legal interpretations that continue to shape the rules governing oceans and their usage From early Roman concepts to the Dutch arguments of Grotius and the forceful British assertions of maritime dominance this book unravels the intricate threads of international maritime relations in a style that remains compelling for historians legal scholars and enthusiasts of naval history literature As maritime jurisdictions continue to play a central role in global politics Fulton's work gains renewed relevance It serves as a powerful reminder of how history influences modern legal frameworks and underpins the constant tension between national interests and global commons This compelling volume stands as a pillar in the realm of classic maritime studies seamlessly blending historical narrative with legal precision and should be an essential addition to any serious collection on naval warfare and law or historical naval strategy

The Sovereignty of the Sea Thomas Wemyss Fulton, 1911 *Works* Hugh Miller, 1870 *Scotland and the Sea* T. Christopher Smout, 1992 Alexander Fenton writes on the uses of shellfish as a way of examining the relationship between small scale and large scale fishing and Ian Morrison investigates boat types in Shetland and in the Scandinavian islands Shetland is explored again by Brian Smith's exposition of local fishing tenures Gordon Jackson investigates the DPL shipping line before 1840 and Anthony Slaven writes about the business leaders in the great

ship building firms of the Clyde Robert Prescott breaks new ground by describing the Lascar seamen who were the origin of the Asian community in Glasgow and Christopher Harvie and Stephen Maxwell write jointly on the political impact of North Sea oil

The Lordship of the Isles ,2014-07-31 In The Lordship of the Isles twelve specialists offer new insights on the rise and fall of the MacDonalds of Islay and the greatest Gaelic lordship of later medieval Scotland Portrayed most often as either the independently minded last great patrons of Scottish Gaelic culture or as dangerous rivals to the Stewart kings for mastery of Scotland this collection navigates through such opposed perspectives to re examine the politics culture society and connections of Highland and Hebridean Scotland from the fourteenth to sixteenth centuries It delivers a compelling account of a land and people caught literally and figuratively between two worlds those of the Atlantic and mainland Scotland and of Gaelic and Anglophone culture Contributors are David Caldwell Sonja Cameron Alastair Campbell Alison Cathcart Colin Martin Tom McNeill Lachlan Nicholson Richard Oram Michael Penman Alasdair Ross Geoffrey Stell and Sarah Thomas

A Maritime History of Scotland, 1650-1790 Eric J. Graham,2015-04-21 The period 1650 to 1790 was such a turbulent one for Scottish seafarers that much of this fast flowing narrative reads like Treasure Island Colourful characters abound in a story teeming with incident and excitement John Paul Jones descends upon the Scottish coast creating widespread panic press gangs prowl the coastal towns wartime conditions turn merchantmen into privateers fighting the French the Spanish and the American

Colonists almost anyone flying a different flag quaintly named vessels like The Provoked Cheesemaker are on the lookout for trouble And the stakes were high Glasgow became wealthy through the tobacco trade Glasgow merchantmen could beat the English ships and sail to Chesapeake Bay in record time Eric Graham traces the development of the Scottish marine and its institutions during a formative period when state intervention and warfare at sea in the pursuit of merchantilist goals largely determined the course of events He charts Scotland s frustrated attempts to join England in the Atlantic economy and so secure her prosperity an often bitter relationship that culminated in the Darien Disaster In the years that followed maritime affairs were central to the move to embrace the full incorporating Act of 1707 After 1707 Scottish maritime aspirations flourished under the protection of the British Navigation Acts and the windfalls of the endemic warfare at sea
