Scottish Doocots:

Scottish Doocots Tim Buxbaum, 2008-03-04 On many Scottish estates a dovecote or doocot can be found It may be disguised as a classical temple transformed into a cottage or incorporated into a cupola but many doocots are more humble structures of random rubble with simple dressings that date from medieval times when pigeons and their eggs were a valuable source of food while their dung was used for fertiliser and even gunpowder This book traces the development of simple beehive and lectern pigeonhouses into increasingly elaborate architectural structures associated with pioneering agricultural improvements the enclosure of estates and the design of pleasure grounds **The Scottish People 1490-1625** MAUREEN M MEIKLE, 2013 The Scottish People 1490 1625 is one of the most comprehensive texts ever written on Scottish History All geographical areas of Scotland are covered from the Borders through the Lowlands to the G idhealtachd and the Northern Isles The chapters look at society and the economy Women and the family International relations war peace and diplomacy Law and order the local administration of justice in the localities Court and country the politics of government The Reformation preludes persistence and impact Culture in Renaissance Scotland education entertainment the arts and sciences and Renaissance architecture the rebuilding of Scotland In many past general histories there was a relentless focus upon the elite religion and politics These are key features of any medieval and early modern history books but The Scottish People looks at less explored areas of early modern Scottish History such as women how the law operated the lives of everyday folk architecture popular belief and culture The Changing Scottish Landscape Ian Whyte, Kathleen Whyte, 2021-10-12 Originally published in 1991 and focussing on the countryside this book examines patterns of settlement and agriculture in Scotland and considers how these were increasingly altered during the 17th and 18th Centuries by the first Improvers and then by the more widespread impact of the Agricultural Revolution It considers the effect on the landscape of the changing role of the church the development of improved communications and the rise of new industries The book analyses in detail the ways in which the landscape changed in Scotland s transition from a medieval impoverished country and an undeveloped economy to a modern society and one of the most highly urbanised countries in Europe **The Scottish Educational Journal** , 1921 Scottish Studies , 1998 **Tenement Nation** Christa Ballard Tooley, 2023-06-06 Around the world blue collar politics have become associated with resistance to the multicultural While this may also be true in Edinburgh Scotland a closer look reveals the growth of liberal democratic ideals in the working class population which has a much different goal How can this European city keep the entrepreneurial forces of globalization from commodifying what is distinctly theirs In Tenement Nation Christa Ballard Tooley explores the battle for a neighborhood called the Canongate in Edinburgh s Old Town Tooley s insightful study of the working class Canongate community as they negotiate gentrification plans offers a complex view of class and nation The threat of the Canongate s redevelopment motivated many throughout Edinburgh to lend their support to the residents campaign Against such development projects alliances formed between upper class

heritage supporters and working class urban residents all of whom turned to institutions such as the European Union and UNESCO for support in restricting commercial development Tenement Nation explores these negotiations between socioeconomic classes and even nationalities to show what Tooley calls a working class cosmopolitanism in pursuit of social economic and political inclusion
