Scottish Estate Tweeds E. P. Harrison, 1995 SCOTTISH IAN. URQUHART, 2018 Tweed Fiona Anderson, 2016-12-15 The story of tweed is tied to a series of social economic and cultural shifts that have molded its development This book considers the historical factors that helped to shape the design characteristics and social meanings of the group of fabrics that we call tweed from their emergence in the 1820s to the present day Including significant new research on tweeds from Harris Tweed to the type used by Chanel this book follows the history of these fabrics from the raw fiber to the finished garment in men s and women s fashion Exploring rural and urban contexts this book reveals the important physical and conceptual relationships of tweed with landscape Anderson shows that contrary to their strong popular associations with tradition tweeds emerged in the Romantic era as a response to the dramatic changes associated with industrialization and urbanization Progressive changes in gender relations are also explored as a major factor in tweed s evolution from associations with particular ideals of masculinity into what is now a truly adaptable fashion textile worn by both sexes This is the first book of its kind to recognize the importance of tweed to fashion innovation today the Mist Robin Noble, 2016-04-21 A very worthwhile book Sir John Lister Kaye The magnificent Highlands of Scotland represent in so many ways ancient Britain But much of this apparently wild environment is in fact far more recent in origin it has been shaped by the Victorians Castles in the Mist reveals how for better or for worse the vast sporting estates of the Victorian era created the salmon rivers deer forests and grouse moors transforming the Highlands into the landscape that we recognise today with its attendant environmental problems In a seductive blend of memoir history and natural history Robin Noble explores the colossal impact of the Victorian legacy in his beloved Highlands and issues a clarion call for change to start tipping the balance back in nature s favour **European fashion** Regina Lee Blaszczyk, Véronique Pouillard, 2018-02-07 The period since 1945 has been a transformative era for the fashion industry.
