Musical Portraits Joshua S. Walden, 2018 Joshua S. Walden's study of the genre of musical portraiture since 1945 focuses on significant composers of the period including Pierre Boulez Morton Feldman Philip Glass and György Ligeti Grounding his exploration in key works Walden uncovers contemporary understandings of music's capacity to depict identity and of intersections between music literature theater film and the visual arts

Warhol in Ten Takes Gary Needham, Glyn Davis, 2019-07-25 Andy Warhol remains one of the world's most influential artists and his reputation has only grown since his death in 1987 He first picked up a film camera in 1963 Within the space of five years he made around 650 films These are now recognised as a hugely significant part of Warhol's oeuvre vital for understanding his output as a whole Warhol in Ten Takes provides a comprehensive introduction to Warhol's film making alongside ten essays on individual films from canonical classics such as *The Chelsea Girls* to sorely neglected titles such as *Bufferin* from leading scholars of cinema art and culture Drawing on research from the Warhol archives newly unearthed images and original interviews with denizens of the Factory this book explores the richness and variety of Warhol's films and interrogates accepted perspectives on them while acknowledging the challenge of ever fully coming to terms with the life and career of this extraordinary artist

Graphis, 2000

Screen Tests, Portraits, Nudes Gerard Malanga, 2003-09 Steidl Collectors Series Gerard Malanga made his reputation as a co-founder of Andy Warhol's factory His career as a photographer began there between 1964 and 1966 when he and Warhol made screen tests of 300 people Later on he became famous for his portraits of Iggy Pop Robert Mapplethorpe Tennessee Williams Alice Cooper Mick Jagger Lou Reed and William S. Burroughs These photographs take the viewer back to pop culture as it once was and the Beat Generation Still later throughout the 80s and well into the 90s Malanga gave the viewer a taste of the magical relation of femininity to charm as embodied in his nudes

Cinema at the Margins Wheeler Winston Dixon, 2013-12-01 More and more just a few canonical classics such as Michael Curtiz's *Casablanca* 1942 or Victor Fleming's *Gone With The Wind* 1939 are representing the entire film output of an era to a new generation that knows little of the past and is encouraged by popular media to live only in the eternal present What will happen to the rest of the films that enchanted informed and transported audiences in the 1930s 1940s and even as recently as the 1960s This collection of essays aims to highlight some of the lesser known treasures of the past those titles that have been pushed aside by today's wave of cinema amnesia

A Companion To Mekas Walden Scott Hammen, 2022-03-18 A Companion to Mekas Walden is an in-depth guide to Jonas Mekas's film masterpiece It is designed to enrich the viewer's journey through the cultural ferment of New York City in the 1960s explored by Mekas's film *When Mekas's Diaries Notes and Sketches* also known as *Walden* premiered in New York in 1969 it opened a new chapter in the history of artists' film A new generation suddenly discovered that the film medium was not reserved for the commercial entertainment industry but could be used by individual artists and poets too And at the same time Walden was also an invaluable record of a time and

place that was the nexus of multiple forms of American art including music painting dance theater and poetry As critic Amy Taubin wrote Whenever people ask me what it was like to live in New York in the 60s I refer them to Mekas s *Walden A Companion to Mekas* *Walden* provides a wealth of information on the film s subjects not just those like John Lennon and Andy Warhol who were already world famous but also many who have been undeservedly forgotten [Valerie Solanas](#) Breanne Fahs,2014-04-15 The authoritative biography of the 60s countercultural icon who wrote SCUM Manifesto shot Andy Warhol and made an unforgettable mark on feminist history Valerie Solanas is one of the most polarizing figures of 1960s counterculture A cult hero to some and vehemently denounced by others she has been dismissed but never forgotten Known for shooting Andy Warhol in 1968 and for writing the infamous SCUM Manifesto Solanas became one of the most famous women of her era But she was also diagnosed with paranoid schizophrenia and spent much of her life homeless or in mental hospitals Solanas s SCUM Manifesto a sui generis vision of radical gender dystopia predicted ATMs test tube babies the Internet and artificial insemination long before they existed It has sold more copies and been translated into more languages than nearly all other feminist texts of its time And yet shockingly little work has investigated the life of its author This book is the first biography about Solanas including original interviews with family friends and enemies and numerous living Warhol associates It reveals surprising details about Solanas s life the children nearly no one knew she had her drive for control over her own writing and her elusive personal and professional relationships Valerie Solanas reveals the tragic remarkable life of an iconic figure It is not only a remarkable biographical feat but also a delicate navigation of an unwieldy demanding and complex life story BOMB Magazine **Rain Taxi Review of Books** ,2000 [21st-Century Hollywood](#) Wheeler Winston Dixon,Gwendolyn Audrey Foster,2011-08-31 They are shot on high definition digital cameras with computer generated effects added in postproduction and transmitted to theaters websites and video on demand networks worldwide They are viewed on laptop iPod and cell phone screens They are movies in the 21st century the product of digital technologies that have revolutionized media production content distribution and the experience of moviegoing itself 21st Century Hollywood introduces readers to these global transformations and describes the decisive roles that Hollywood is playing in determining the digital future for world cinema It offers clear concise explanations of a major paradigm shift that continues to reshape our relationship to the moving image Filled with numerous detailed examples the book will both educate and entertain film students and movie fans alike *Bande À Part* ,2009 *Bande a parte* is a collection of photographs taken by those who were the eyes in the darkness the insiders among the outsiders of art What distinguishes this group is that they are not professionals in the sense that taking pictures wasn t really a job it was a compulsion something they had to do Billy Name was a major domo at the silver Warhol Factory Gerard Malanga was a poet and Warhol s painting assistant Danny Fields was a mover and shaker in the record business responsible for the management of such talents as Iggy and The Stooges The Doors and The Ramones Even those who were photographers by trade were not the kind who waited for assignments they

were self taught anthropologists who wanted to document their time their place And clearly these pictures tell their stories better than words ever could *Andy Warhol Screen Tests* Callie Angell,2006-04 The films that Andy Warhol made in the 1960s are now recognized as among the most important works of his career One of the most ambitious projects of Warhol s cinema is the Screen Tests a series of 472 short black and white portraits of Warhol s friends colleagues and acquaintances filmed over a period of three years from 1964 through 1966 Taken as a whole the Screen Tests are a conceptual portrait of a New York era the complex interconnected avant garde art world of the mid 1960s They also offer a reflected portrait of Warhol himself his friendships and connections his egalitarianism and his ambition his fascination with personality and the human face his eye for talent and for beauty his mastery of the photographic cinematic image **BOOK JACKET The Photography Encyclopedia** Gloria S.
