The Scrim-Lee Papers C. G. Scrimgeour and John A. Lee Remember the Crisis Years 1930-40 Scrim (Uncle), John Alexander Lee (1891-1982 joint author), Tony Simpson (1945- joint author), 1976 No Left Turn Chris Trotter, 2010-12-01 A bold and passionate re examination of New Zealand political history by a leading social commentator The way some histories tell it Europeans came to New Zealand keen to establish a Little Britain in the South Seas Not so says Chris Trotter Most nineteenth century immigrants wanted something better than the misery and oppression of the world they had left and Trotter reveals just how close they and their descendants came to building a new one On each occasion however their achievements were resisted and ultimately overturned by those who saw New Zealand simply as a source of profits Trotter pulls no punches in describing the methods these partisans of profit used to ensure there was no Left turn jamming radio broadcasts political arson even murder From Massey s Cossacks to Muldoon s riot squads violence and repression have been the Right s weapons not the Left s Charting the evolution of New Zealand s unique brand of democratic socialism Trotter offers insightful and often surprising verdicts on the leading participants including John A Lee Peter Fraser Fintan Patrick Walsh David Lange and Helen Clark Passionately argued infused with poetic imagery and comprehensively researched No Left Turn is a unique and indispensable contribution to our political and social history an inspiration for anyone who puts money second and people first and a deliberate provocation to everyone else *Secret History* Steven Loveridge, Richard S. Hill, 2023-07-13 In 1900 a handful of New Zealand police detectives watched out for spies seditionists and others who might pose a threat to state and society The Police Force remained the primary instrument of such human intelligence in New Zealand until 1956 when a decade into the Cold War a dedicated Security Service was created Over the same period New Zealand s role within signals intelligence networks evolved from the Imperial Wireless Chain to the UKUSA intelligence alliance now known as Five Eyes The first of two volumes chronicling the history of state surveillance in New Zealand *Secret History* opens up the secret world of security intelligence through to 1956 It is the story of the surveillers who in times of war and peace turmoil and tranquillity monitored and analysed perceived threats to national interests It is also the story of the surveilled those whose association with organisations and movements led to their public and private lives being documented in secret files *Secret History* explores a hidden and intriguing dimension of New Zealand history one which sits uneasily with cherished national notions of an exceptionally fair and open society **James Michael Liston** Nicholas Reid, 2006 On reading an earlier version of this biography King remarked that it was an outstandingly good and at times riveting example of historical research and commented on the author s unprecedented access to archival sources and unusually frank interviews with informants **BOOK JACKET** The Scrim-Lee Papers Colin Graham Scrimgeour, John Alexander Lee, Tony Simpson, 1976-01-01 *The Nationbuilders* Brian Easton, 2013-10-01 This is a collection of linked essays on individuals and companies from 1931 to 1984 who contributed in major ways to building the New Zealand nation It captures the intertwining

of the lives of politicians their advisers and those influence them as well as the ideas and experiences that drove them While it focuses on economic strategy the book also looks at the cultural social union business and foreign policy strands of nationbuilding An original and provocative book it is backed by powerful nationalistic emotions and by a deep distaste for the kind of country that has been fashioned in New Zealand since 1984 *Censorship* Derek Jones,2001-12-01 *Censorship* A World Encyclopedia presents a comprehensive view of censorship from Ancient Egypt to those modern societies that claim to have abolished the practice For each country in the world the history of censorship is described and placed in context and the media censored are examined art cyberspace literature music the press popular culture radio television and the theatre not to mention the censorship of language the most fundamental censorship of all Also included are surveys of major controversies and chronicles of resistance *Censorship* will be an essential reference work for students of the many subjects touched by censorship and for all those who are interested in the history of and contemporary fate of freedom of expression

Paradise Reforged James Belich,2002-02-28 *Paradise Reforged* picks up where *Making Peoples* left off taking the story of the New Zealanders from the 1880s to the end of the twentieth century It begins with the search for Better Britain and ends by analyzing the modern Maori resurgence the new Pakeha consciousness and the implications of a reinterpreted past for New Zealand s future Along the way the book deals with subjects ranging from sport and sex to childhood and popular culture Critics hailed *Making Peoples* as brilliant and the most ambitious book yet written on New Zealand s past *Paradise Reforged* its successor adopts a similarly incisive original sweep across the New Zealand historical landscape in confronting the myths of the past That some of its themes are uncomfortably close to the present makes the result all the more fascinating [A History of the Churches in Australasia](#) Ian Breward,2001-12-13 This pioneering study of Australian New Zealand and Pacific Christianity opens up new perspectives on Christianization and modernization in this richly complex region The reception of Christianity into Pacific cultures has produced strongly Christian societies Based on research in widely scattered archives this book not only deals with regional interactions but pays careful attention to developments in microstates and to the variety of indigenous religious movements which were earlier regarded as deviations from Christian orthodoxy but are now seen as significant adaptations of Christian teaching In Australia and New Zealand too European Christian beginnings have been given local emphases producing Churches with distinctive identities Lay leadership is emphasized not only in the Churches but as part of the Christian presence in the realms of politics business and culture The broad liturgical theological constitutional and pastoral developments of the 19th and 20th centuries are mapped as a context for the striking changes which have taken place since the 1960s The dynamics of religious change and conflict the ambiguities of religious authority and the destructive effects of Christian colonialism on indigenous communities especially Australian aborigines are all frankly dealt with The decline of the institutional impact of the Churches in Australia and New Zealand is explored as is the growth of partnership between government and Churches in education social welfare and

overseas aid and development Interchange in personnel and ideas is strikingly illustrated in the missionary activities of the regional Churches and their cultural impact The author s involvement in Church and community leadership ecumenism and theological education makes this volume in The Oxford History of the Christian Church a valuable addition to the series describing both continuities with world Christianity and little known local developments *A Civilized Community* Margaret McClure,2013-10-01 A history of social security in New Zealand **Along for the Ride** Tony Simpson,2017-04-13 Tony Simpson s memoir as a unionist and public servant of New Zealand life and society from the 1970s through to the new millennium One of New Zealand s best known social historians Tony is the author of many published books including the award winning *Sugarbag Years* But through his working life he has also been a witness to and participant in major events shaping current New Zealand society irritating Muldoon watching Thatcher s rise during his OE seeing off the Lange government and its Rogernomics and ultimately serving as senior advisor to Alliance and Progressive Party leader and Deputy Prime Minister Jim Anderton With dollops of wry wit *Along for the Ride* offers us a politically committed kiwi insider s probing insights into some of recent history s most momentous changes traversing employment in public broadcasting and customs public service union work and his life as a writer an international foodie and a gay man **Nordy** Mary Logan,2008 *Political Science* ,1977 *The New Zealand Journal of History* ,2008 **An Account of Major Activities in the Canterbury Labour and Trades Council District, 1929-1936** Alan R. Christie,1980 *A History of Broadcasting in New Zealand: The radio years* Patrick Day,1994 The first of two volumes commissioned by the Broadcasting History Trust on the history of a major aspect of twentieth century New Zealand This volume begins with the early experiments into wireless telegraphy by Ernest Rutherford and ends with the New Zealand Broadcasting Service in the 1950s just before the advent of television Topics dealt with are the development and geographical spread of transmission and reception facilities the political debates about broadcasting and consequential institutional changes the interventionist role of the state in broadcasting programming style and content and the social and cultural consequences of broadcasting Some of the more flamboyant characters who shaped New Zealand broadcasting are described in this volume James Shelley The Prof the first Director of Broadcasting Daisy Basham Aunt Daisy who woke up the nation with her Good morning everybody and of course Colin Scrimgeour the populist and controversial broadcaster known to everyone as Uncle Scrim who stirred up public debate and goaded the government until he was silenced by the jamming of 1ZB on the eve of the 1935 election life *National Union Catalog* ,1979 Includes entries for maps and atlases **Popular Mechanics** Henry Haven Windsor,1921 **Popular Mechanics** ,1921 **Lee's Tigers** Terry L. Jones,2002-02 Sometimes called the wharf rats from New Orleans and the lowest scrapings of the Mississippi Lee s Tigers were the approximately twelve thousand Louisiana infantrymen who served in the Confederate Army of Northern Virginia from the time of the campaign at First Manassas to the final days of the war at Appomattox Terry L Jones offers a colorful highly readable account of this notorious group of soldiers renowned not only for

their drunkenness and disorderly behavior in camp but for their bravery in battle It was this infantry that held back the initial Federal onslaught at First Manassas made possible General Stonewall Jackson s famed Valley Campaign contained the Union breakthrough at Spotsylvania s Bloody Angle and led Lee s last offensive actions at Fort Stedman and Appomattox Despite all their vices Lee s Tigers emerged from the Civil War with one of the most respected military records of any group of southern soldiers According to Jones the unsavory reputation of the Tigers was well earned for Louisiana probably had a higher percentage of criminals drunkards and deserters in its commands than any other Confederate state The author spices his narrative with well chosen anecdotes among them an account of one of the stormiest train rides in military history While on their way to Virginia the enlisted men of Coppens Battalion uncoupled their officers car from the rest of the train and proceeded to partake of their favorite beverages Upon arriving in Montgomery the battalion embarked upon a drunken spree of harassment vandalism and robbery Meanwhile having commandeered another locomotive the officers arrived and sprang from their train with drawn revolvers to put a stop to the disorder The charge of the Light Brigade one witness recalled was surpassed by these irate Creoles Lee s Tigers is the first study to utilize letters diaries and muster rolls to provide a detailed account of the origins enrollments casualties and desertion rates of these soldiers Jones supplies the first major work to focus solely on Louisiana s infantry in Lee s army throughout the course of the war Civil War buffs and scholars alike will find Lee s Tigers a valuable addition to their libraries
