Scripture and Traditions Patrick Gray, Gail R.

O'Day, 2008 This volume contains twenty two essays in honor of Carl R Holladay whose work on the interaction between early Christianity and Hellenistic Judaism has had a considerable impact on the study of the New Testament The essays are grouped into three sections Hellenistic Judaism the New Testament in Context and the History of Interpretation Among the contributions are essays dealing with conversion in Greek speaking Judaism and Christianity 3 Maccabees as a narrative satire retribution theology in Luke Acts church discipline in Matthew the Exodus and comparative chronology in Jewish and patristic writings corporal punishment in ancient Israel and early Christianity and Die Judenfrage and the construction of ancient Judaism *Introduction to Messianic Judaism* Zondervan, 2013-02-05 This book is the go to source for introductory information on Messianic Judaism Editors David Rudolph and Joel Willits have assembled a thorough examination of the ecclesial context and biblical foundations of the diverse Messianic Jewish movement Unique among similar works in its Jew Gentile partnership this book brings together a team of respected Messianic Jewish and Gentile Christian scholars including Mark Kinzer Richard Bauckham Markus Bockmuehl Craig Keener Darrell Bock Scott Hafemann Daniel Harrington R Kendall Soulen Douglas Harink and others Opening essays written by Messianic Jewish scholars and synagogue leaders provide a window into the on the ground reality of the Messianic Jewish community and reveal the challenges questions and issues with which Messianic Jews grapple The following predominantly Gentile Christian discussion explores a number of biblical and theological issues that inform our understanding of the Messianic Jewish ecclesial context Here is a balanced and accessible introduction to the diverse Messianic Jewish movement that both Gentile Christian and Messianic Jewish readers will find informative and fascinating [Judaism, Christianity, and Islam: The Classical Texts and Their Interpretation, Volume II](#) F. E. Peters, 2021-04-13 Invoking a concept as simple as it is brilliant F E Peters has taken the basic texts of the three related and competitive religious systems we call Judaism Christianity and Islam and has juxtaposed them in a topical and parallel arrangement according to the issues that most concerned all these children of Abraham Through these extensive passages and the author's skillful connective commentary the three traditions are shown with their similarities sometimes startlingly underlined and their well known differences now more profoundly exposed What emerges from this unique and ambitious work is a panorama of belief practice and sensibility that will broaden our understanding of our religious and political roots in a past that is by these communities definition still the present The hardcover edition of the work is bound in one volume and in the paperback version the identical material is broken down into three smaller but self contained books The second The Word and the Law and the People of God discusses the scriptures of the three faiths in various contexts exegetical and legal Throughout the work we hear an amazing variety of voices some familiar some not all of them central to

the primary and secondary canons of their own tradition alongside the Scriptural voice of God are the words of theologians priests visionaries lawyers rulers and the ruled The work ends as does the same author s now classic Children of Abraham in what Peters calls the classical period that is before the great movements of modernism and reform that were to transform Judaism Christianity and Islam **Biblical Interpretation in the Book of Jubilees** John C. Endres SJ,2023-11-29 This study of Jubilees 19 30 Jacob traditions focuses on the author s redaction of biblical tradition in Genesis 23 34 especially the additions to and deletions from the tradition Two questions arise consistently how did the writer interpret redact the story and what did he propose theological tendencies The focal point is how he retold the story in keeping with his vision

Judah and Tamar (Genesis 38) in Ancient Jewish Exegesis Esther Menn,2021-12-06 This exploration of Genesis 38 in three interpretive writings shows how new meanings emerge through encounters between the biblical text and later Jewish communities A literary reading within the canon suggests that the story of Judah and Tamar points to the morally ambiguous origins of David s lineage Ancient Jewish exegesis however challenges this understanding The Testament of Judah interprets Genesis 38 as the story of a warrior king s tragic downfall Targum Neofiti develops it to illustrate the concept sanctification of the divine Name and Genesis Rabbah portrays it as a series of providential events issuing in the royal and messianic lineage Esther Marie Menn pioneers a fresh approach to the study of biblical interpretation by analyzing the relation between interpretative genre altered plot structure and cultural values **The Scriptures of Israel in Jewish and Christian Tradition** Bart J. Koet,Steve Moyise,Joseph Verheyden,2013-03-22 The Scriptures of Israel in Jewish and Christian Tradition is a collection of studies in honour of Professor Maarten J J Menken Tilburg and addresses questions of textual form Jewish and Christian hermeneutics and notions of authority and inspiration The Bookman ,1897 **The Interpretation of Scripture in Early Judaism and Christianity** Craig A. Evans,2000-06-01 This volume assembles several important studies that examine the role of language in meaning and interpretation The various contributions investigate interpretation in the versions in intertestamental traditions in the New Testament and in the rabbis and the targumim The authors who include well known veterans as well as younger scholars explore the differing ways in which the language of Scripture stimulates the understanding of the sacred text in late antiquity and gives rise to important theological themes This book is a significant resource for any scholar interested in the interpretation of Scripture in and just after the biblical period

Jewish Biblical Interpretation and Cultural Exchange Natalie B. Dohrmann,David Stern,2013-06-18 Biblical interpretation is not simply study of the Bible s meaning This volume focuses on signal moments in the histories of scriptural interpretation of Judaism Christianity and Islam from the ancient period to the early modern and shows how deeply intertwined these religions have always been **One Scripture or Many?** Christine Helmer,Christof Landmesser,2004-06-03 One Scripture or Many proposes a novel understanding of canon that reaches beyond the text to the reality of tradition This new approach to biblical theology takes up major questions concerning the unity of the canon Its thesis is bold canon is both text and

tradition As text the canon is the product of a history of formation its unity is ascribed by subsequent generations interpreting the text As tradition its fundamental openness to diverse interpretations is the function of a subject behind the text that holds together the tradition s unity Yet open endedness does not mean an absence of determinacy Hermeneutical theological and philosophical parameters are given in order to maintain a unity at one level that does not exist between ideas conflicting on another level These parameters are constituted through the relationship between text reality and experience On the one hand these parameters are embedded in the text On the other hand they are inextricably linked to reality because they themselves reflect experiences of that reality The interdisciplinary approach in this book draws on scholarship in the Hebrew Bible the Dead Sea Scrolls the New Testament philosophy and theology Both Jewish and Christian scholars conclude that the search for the canon is an open ended process of interpretation Questions of the canon s unity find their niche in a new concept of biblical theology that presupposes the theological and philosophical relevance of biblical texts As conceived in religious categories experience and reality are themes already available in scripture Whether one or many scripture addresses these questions for our time The Background of the Gospels, Or, Judaism in the Period Between the Old and New Testaments William Fairweather,1920 **Five Models of Scripture** Mark Reasoner,2021-08-24 To relish the feast that is Scripture we need to use multiple models A Christian never gains all that Scripture offers by reading it with just one approach Yet too often this is attempted whether through an academic obsession with the historical critical method or through a consumerist approach that seeks only the motivation of the moment Mark Reasoner broadens the options for scriptural engagement by describing five models of Scripture documents stories prayers laws and oracles To illustrate each he uses examples from throughout the history of interpretation While he concedes that certain books of the Bible will naturally lend themselves to particular models Reasoner shows how an appreciation for all five will enrich one s scriptural insights while also bridging divides between the various branches of the Christian family In addition to the five models Reasoner surveys Catholic Orthodox and Protestant constructions of the biblical canon and addresses specific issues relevant to their respective interpretations of Scripture including scriptural metanarratives the use of the Bible in Christian worship and the principle of sola Scriptura Through it all Reasoner remains unequivocally focused on his goal to help readers grow in their love for Scripture in ways that will help them plant this love in those to whom they minister **Judaism, Christianity, and Liberation** Otto Maduro,2009-01-01 This collection of original essays addresses a new and controversial avenue for Jewish Christian dialogue the project of liberation theology While some Jews have welcomed the work of Latin American liberation theologians others have been critical both of Christian liberation theology its treatment of Jewish history and scripture and of any project of Jewish liberation theology This dialogue has prompted Latin American liberation theologians to develop in turn their own responses to such issues as the state of Israel the Palestinian question the approach to the Hebrew Bible the meaning of the Holocaust the legacy of anti Semitism and the problem of empowerment in both Christian

and Jewish history Contributors Judd Kruger Levingston Marc H Ellis Richard L Rubenstein Arthur Waskow Michael Lerner Rosemary Radford Ruether Leonardo Boff Pablo Richard Julio de Santa Ana Phyllis B Taylor Dorothee S Iltis and Norman Solomon

Josephus and the Theologies of Ancient Judaism Jonathan Klawans, 2013-01-10 Though considered one of the most important informants about Judaism in the first century CE the Jewish historian Flavius Josephus's testimony is often overlooked or downplayed Jonathan Klawans's *Josephus and the Theologies of Ancient Judaism* reexamines Josephus's descriptions of sectarian disagreements concerning determinism and free will the afterlife and scriptural authority In each case Josephus's testimony is analyzed in light of his works general concerns as well as relevant biblical rabbinic and Dead Sea texts Many scholars today argue that ancient Jewish sectarian disputes revolved primarily or even exclusively around matters of ritual law such as calendar cultic practices or priestly succession Josephus however indicates that the Pharisees Sadducees and Essenes disagreed about matters of theology such as afterlife and determinism Similarly many scholars today argue that ancient Judaism was thrust into a theological crisis in the wake of the destruction of the second temple in 70 CE yet Josephus's works indicate that Jews were readily able to make sense of the catastrophe in light of biblical precedents and contemporary beliefs Without denying the importance of Jewish law and recognizing Josephus's embellishments and exaggerations *Josephus and the Theologies of Ancient Judaism* calls for a renewed focus on Josephus's testimony and models an approach to ancient Judaism that gives theological questions a deserved place alongside matters of legal concern Ancient Jewish theology was indeed significant diverse and sufficiently robust to respond to the crisis of its day

The Zechariah Tradition and the Gospel of Matthew Charlene McAfee Moss, 2008 The *Zechariah Tradition and the Gospel of Matthew* is a comprehensive study of the ways Matthew utilizes Zechariah texts and traditions Against the background of materials from Qumran and apocryphal and deuterocanonical writings Matthew's explicit citations of Zechariah are examined the influence of Zechariah elsewhere in the First Gospel is identified and the extent to which Matthew alludes to characteristic Zechariah themes alone or in combination with other prophetic traditions is explored Zechariah traditions appear in Matthew's distinctive materials as well as in texts Matthew has transmitted or altered from Mark and Q The impact of Zech 9 14 is not limited to the Passion Narrative but extends through Matthew's Infancy and Galilean healing narratives as well important concepts from Zech 1 8 are also discerned in the Infancy and Passion Narratives Moss works through the canonical order of Matthew this enables readers to appreciate the cumulative effect of Zechariah's influence at each stage of the Gospel story Two appendices one arranged according to Zechariah and the other to Matthew list possible references to Zechariah in Matthew This monograph is useful for Matthean studies and it is an insightful investigation of how one set of Old Testamental traditions are

appropriated in one canonical Gospel and in the New Testament
