Social Work Practice With Older Adults Jill M. Chonody, Barbra Teater, 2017-11-08 Social Work Practice With Older Adults by Jill Chonody and Barbra Teater presents a

contemporary framework based on the World Health Organization's active aging policy that allows forward thinking students to focus on client strengths and resources when working with the elderly. The Actively Aging framework takes into account health, social, behavioral, economic, and personal factors as they relate to aging but also explores environmental issues which supports the new educational standards put forth by the Council on Social Work Education. Covering micro, mezzo, and macro practice domains, the text examines all aspects of working with aging populations from assessment through termination.

Long Term Care for Activity Professionals, Social Services Professionals, and Recreational Therapists, Eighth Edition Elizabeth Best-Martini, Mary Anne Weeks, Priscilla Wirth, 2024-05 Introduction to Social Work, Fourth Edition Ira

Colby, Sophia F. Dziegielewska, 2015-06. There are certain questions that all students considering social work ask: Who are social workers? What is it that social workers do? How is the social work profession changing? What does it take to become a social worker? Ira Colby and Sophia Dziegielewska bring their decades of experience in social work practice and education to answer these questions. This engaging text gives readers a practical guide to the many ways in which social workers effect change in their communities and the world. The authors offer an overview and history of the profession, introduce readers to the practice of social work at the micro, mezzo, and macro level, and finally look closely at the many settings and populations that social workers work with. While realistically portraying the pressures and obstacles that social workers face, Colby and Dziegielewska communicate their own passion for social work.

Horticultural Therapy Methods Rebecca L.

Haller, Christine L. Capra, 2025-04-29. *Horticultural Therapy Methods: Connecting People and Plants in Health Care, Human Services, and Therapeutic Programs* was the first text to describe the processes and techniques used to provide horticultural therapy interventions and the rationale for their use. The first edition was written to positively impact the professional practice of horticultural therapy and provide an array of strategies for horticultural therapy treatment. Prior to its publication, the topics had only been addressed by other allied professions but had not been specifically tailored for horticultural therapy. The second edition updated the material, added essential information on planning treatment sessions, and provided techniques to address treatment issues for mental health, physical health, vocational skills, and wellness. This third edition revises all chapter content, improves and expands appendices, adds a chapter on building relationships, provides new photos, and includes additional case examples in addition to providing discussion questions, references, further reading, and key concepts. *Horticultural Therapy Methods* is a clear, instructive manual that explains the process of treatment planning in horticultural therapy, session development, including activity or task selections to meet treatment objectives, therapeutic use of self and relationship building, motivation and behavior management techniques, adaptations and modifications to enable and challenge program participants, how to maximize active engagement in horticulture and cultivation of plants, treatment documentation guidelines, practical approaches for mental health and other areas of practice. *Horticultural Therapy Methods: Connecting People and Plants in Health Care, Human Services, and Therapeutic Programs*, Third Edition, is a reference and

guide for students educators and those using horticulture for therapeutic purposes to help construct effective treatment programs Health care and human service professionals can use this reference in the therapy treatment and education of inmates residents patients trainees students and others The aim of this book is to guide novice and experienced horticultural therapists to use accepted human service practices that are aligned with allied professions **Health Care Financing**
