W. Grant,1897 This classic series combines the author s translation of Scripture with a complete Bible commentary arranged according to the numeric patterns found in God s Word **The Numerical Bible** F. W. Grant,2013-10 This is a new release of the original 1932 edition **The Numerical Bible: The covenant history** ,1904 **The Numerical Bible: The Psalms** ,1897 *The Numerical Bible: The books of the law (Genesis to Deuteronomy)* ,1899 **NUMERICAL BIBLE** Frederick W. Grant,2016-08-27 *The Numerical Structure of the Holy Bible* Charles Stockford Jr.,2016-12-22 Most Bible students are aware of the use of numbers in scripture The number 7 is a prime example with its connotations of perfection and completeness The study of numbers as used in the Bible is infrequent and the Lord s people therefore miss some of that which is profitable for correction and instruction in the Word of God This volume goes a long way toward correcting the deficiency by providing a great introduction to the subject and showing that these patterns provide proof of the completeness and inspiration of the Holy Scriptures The reader will find profit as well as inspiration from this intriguing study **The Numerical Bible** Frederick W. Grant,2015-07-12 Excerpt from *The Numerical Bible Being a Revised Translation of the Scriptures With Expository Notes Arranged Divided and Briefly Characterized According to the Principles of Their Numerical Structure* To avoid the necessity of reference to the first volume the meanings of the numerals there more fully given are appended here with some slight rectification and enlargement also such as naturally grow out of longer use and investigation

The natural meaning always underlies the spiritual and this harmony is the justification of the latter showing the symbolism to be real There are but 7 to be considered really 7 being the well known number of perfection and 8 symbolizing what is new in contrast with the old simply showing that the series does end with the former Larger numbers are but in their signification compounds of the smaller ones as ten 5 X 2 twelve 4 X 3 forty 4 X 5 X 2 Those which cannot be multiplied need more inquiry to determine as scripture methods must be learned from Scripture One One always signifies unity or primacy meanings strictly natural but which may be applied variously as is evident It excludes another thus may speak of singleness singleness even of a single state barrenness So of sufficiency competency without help of other power omnipotence Or of independency standing alone whether competent or not in a creature rebellion Or unchangeableness perpetuity eternity as implied by these together these are in fact but oneness in successive time It excludes difference if altogether this is identity truth is identity of the affirmation with the fact If internal difference then we have harmony of parts or attributes consistency congruity righteousness which is moral congruity with position integrity which is wholeness oneness If external difference and in various aspects agreement concord peace the being at one All these are but in different ways the same idea fundamentally and no doubt the number of its expressions might be increased but one may stand also for its ordinal first primacy Thus in time the beginning which may be as with God causative and so speak of source cause origin paternity easily passing into the thought of supremacy sovereignty headship while in connection with mind it implies plan counsel election will Two Two is fundamentally the opposite of one there is now another About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Numerical Bible: Hebrews to Revelation, 1903 **The Mysterious Numerical Bible Code and Other Revelations** Lawrence D.

Shawbrooks, 2016-06-01 The Hebrew Christian religion remains the most potent verifiably truthful religion on the planet It suffers horrendously from murderous oppression in the Middle East its homeland and was crushed flat by the largest political State the world has ever known Soviet Russia and it endures heavy disheartenment by flawed innuendo and secularisation throughout Europe Despite these massive attacks from mistaken religion hard line atheists and dont know cant be bothered groups yet it remains And more than this It remains philosophically socially prophetically and scientifically the largest most credible and consistent belief system on the planet Its not by accident that non violent Christianity believing in the non violent Ten Commandments and the beautiful spirit of them in the Beatitudes can survive such intense mentalphysical violent persecution and still remain so vibrant True Christians know The only reason it is so is because the holy Messiah God of

Israel is the only true God He rules over all the kingdoms of men but its only the kingdom of Christianity which knows this He loves all humans but not their thoughtsactions However only Christians recognise this and sincerely give thanks that He is their God their prophet priest and king He prophesied that enormous ungodliness would come against His church and followers but these gates of hell would not overcome it and so it is now as we head towards Armageddon and the end of the human age This book explains His prophecies and associated key milestone calculations This is one of many ways witnessing that He is the genuine unique article just as the Hebrew Christian Bible says The purpose of our existence is to have a loving relationship with Him When humans choose to reject Him it causes us to create corrupt and false gods Without realising it many religious people worship corrupt gods and atheism worships its false no God god These cannot bring a person into the paradise of fruitful everlasting life their ways effectively bring people into a fruitless everlasting living death This grieves the Messiah God of Israel because He loves fruitful life To encourage us and to verify who He is He leaves indicators throughout history evidencing even now in these days of the deeply sceptical cheating spirit that humans are without excuse come the judgement Lawrence D Shawbrooks is now retired but continues to work as an Elder in the Church oversight The Numerical Bible F. W. Grant,2006 The Numerical Bible Hebrews to Revelation is one of seven volumes in which F W Grant offers his own translation and commentary on the bible The title of the work stems from Grant s belief that throughout the bible a significant numerical structure existed This volume of course covers the sections of the bible from Hebrews to Revelation The Numerical Bible Hebrews to Revelation is a must read for any bible scholar or theologian **The Numerical Bible** Frederick W.
