Understanding Ethics and Ethical Decision-Making Vincent Icheku, 2011-08-31 This book has been about ethics and ethical decision making As ethical reflection permeates every decision made in practice the book discussed the importance of developing moral reasoning ability which is crucial for handling ethical dilemma and making ethical decisions in nursing and social work practice The book encouraged the use of models as another form of

ethical decision making paradigms The book used discussions based on case studies to illustrate how ethics inform practice and allow one to make decisions that are morally justifiable This book will enable our students to gain a step by step approach to the knowledge and application of Ethics to practice The book drew from the work of many scholars and designed a simple model to help students gain the knowledge of ethical analysis and decision making Vidal Johnson Senior Lecturer in Law and Ethics London South Bank University I was impressed by the way this author consistently addressed both social work and nursing ethical issues highlighting the importance of ethics and application in nursing and social work practice Michelle Evans Senior lecturer in Learning Disability Mental Health and Social Work London South Bank University Most other published books on nursing and social work ethics are often laden with theories and principles This book offers an excellent contribution to the understanding of the relationship between learning ethical theories and principles and their practice applications Jude C Ibe Principal lecturer in Dept of Family Care and Mental Health University of Greenwich London
