Friedman, 2024 Derek Walcott's *Encounter with Homer* puts Walcott's epic poem *Omeros* in conversation with Homer to show how reading them against each other changes our understanding of both Rachel Friedman examines Walcott's use of the Homeric persona of *Omeros* to explore his own deepening relationship with his craft and his identity as a Caribbean poet Cyclops Mercedes Aguirre, Richard Buxton, 2020-05-07 A *Cyclops* is popularly assumed to be nothing more than a flesh eating one eyed monster In an accessible stylish and academically authoritative investigation this book seeks to demonstrate that there is far more to it than that quite apart from the fact that in myths the Cyclopes are not always one eyed This book provides a detailed innovative and richly illustrated study of the myths relating to the Cyclopes from classical antiquity until the present day The first part is organised thematically after discussing various competing scholarly approaches to the myths the authors analyse ancient accounts and images of the Cyclopes in relation to landscape

physique especially eyes monstrosity and hairiness lifestyle gods names love and song While the man eating Cyclops Polyphemus famous already in the Odyssey plays a major part so also do the Cyclopes who did monumental building work as well as those who toiled as blacksmiths The second part of the book concentrates on the post classical reception of the myths including medieval allegory Renaissance grottoes poetry drama the visual arts contemporary painting and sculpture film and even a circus performance This book aims to explore not just the perennial appeal of the Cyclopes as fearsome monsters but the depth and subtlety of their mythology which raises complex issues of thought and emotion Performance, Iconography, Reception Oliver Taplin, Martin Revermann, Peter Wilson, 2008-08-14 This is a collection of papers from an international group of scholars who engage with the seminal work of Oliver Taplin one of the world's leading classicists The focus is on the performative aspect of Greek poetry of the archaic and classical period as well as on material artefacts especially vase paintings that interact with this kind of literature *Memories of the Classical Underworld in Irish and Caribbean Literature* Madeleine Scherer, 2021-09-20 Classical Memories is an intervention into the field of adaptation studies taking the example of classical reception to show that adaptation is a process that can be driven by and produce intertextual memories I see classical memories as a memory driven type of adaptation that draws on and reproduces schematic and otherwise decontextualised conceptions of antiquity and its cultural exports in broadly speaking the twentieth and twenty first centuries These memory driven adaptations differ often in significant ways from more traditional adaptations that seek to either continue or deconstruct a long running tradition that can be traced back to antiquity as well as its canonical points of reception in later ages When investigating such a popular and widespread set of narratives characters and images like those that remain of Graeco Roman antiquity terms like adaptation and reception could and should be nuanced further to allow us to understand the complex interactions between modern works and classical antiquity in more detail particularly when it pertains to postcolonial or post digital classical reception In Classical Memories I propose that understanding certain types of adaptations as intertextual memories allows us to do just that *An End To War. An End To Peace.* D.J. Lachance, 2013-06-27 An End to War An End to Peace is based upon a personal insight that the author had after he returned from the Gulf War Homer's The Odyssey may be a poetic description of what life was like after Odysseus returned home from the Trojan War This insight was given further credence by the author when he learned that Homer was also a combat veteran Further Homer wrote The Iliad which portrays the Trojan War before he wrote The Odyssey and both were derived from oral tradition The Iliad may have been written to give people an understanding of what war is really like and The Odyssey may have been written to communicate the aftermath of war An End To War An End to Peace has a modern setting and it isn't necessary to know anything about The Odyssey or Homer to fully enjoy reading the play see it performed portray one of its characters or direct its performance The play is suitable for a High School audience or older
