Of Love And Terror:

Love and Terror William Herrick, 1982-02 Now available as a New Directions paperback Love and Terror William Herrick's second novel with ND both reflects and anticipates today's headlines Terrorist kidnappings hijackings and dramatic rescues all form a part of the plot but Herrick's interest lies less in tension filled heroics than in the human cost of flawed idealism Through the notebook of the principal terrorist Viktor X the complex characters of Viktor and Gabriele for whom love and terrorism are intertwined and inseparable are revealed And in a series of interviews with a nameless reporter the lives of three disillusioned revolutionaries the old ones now hostages to a new brand of revolution gradually and movingly unfold In his earlier *Shadows and Wolves* New Directions 1980 Herrick showed us the possibility of human solutions that transcend politics In *Love and Terror* he shows us why any ideology inflexibly adhered to makes such solutions necessary Of Love and Terror Judith Kazantzis, 2002 Presents a drama about women as rivals lovers mothers and daughters set against an emotional and political background that interweaves the very different worlds of London Florida and Central America

analyses the common identifiable traits that underlie these groups emphasizing the importance of maintaining open yet supportive personal networks Using original attachment theory based research this book highlights the dangers of closed isolating relationships and the closed belief systems that justify them and demonstrates the psychological impact of these environments ending with evidence based recommendations to support an educational approach to awareness and prevention Featuring a foreword by John Horgan the new edition has been fully updated to include recent work on political extremism and radicalization and totalitarian systems as well as the recent highly publicized NXIVM case Terror Love and Brainwashing second edition is essential reading for professionals policy makers legal professionals educators and cult survivors and their families themselves

Another Love Asma Abbas, 2018-10-15 In a time when our loves feel conscripted and exhausted by what we often do not remember desiring Another Love A Politics of the Unrequited explores the form method imperatives and inflections of love in the global post colony and offers a way to re apprehend and re inscribe love in an anticolonial materialist and nonfascist politics and aesthetics The figure of the unrequited is invoked as a symptom of a brutally loveless yet effusively sentimentalized era and also as an ineluctable yet very concrete political location in the face of both the intensifying external realities of war occupation apartheid austerity and terror as well as the increasingly normalized internalizations of ordinary imperialism nationalism neoliberalism fascism and colonialism all of which seem bent on extinguishing the possibility of relation itself The book asks that we look at practices of love and other material labors that yield and sustain these realities within complex lifeworlds indeed those which sustain entire systems of our subjection extraction and disposability such as colonialism capitalism liberalism and fascism as lifeworlds especially when given dominant forms of recognition affection embrace and belonging are unacceptable or even repulsive Distancing itself from shortcuts afforded by love's abstract forms deployed in ethical and moral discourses that at once elevate it yet wholly reduce it to a timeless apolitical essence Another Love sees love as a material and political relation to time and space signaling willed and unwilled shifts in historical reality in societies juggling various wars and annihilations It maintains that love is something in and with which we confess our complicities not only with but also against hegemonic notions of belonging devotion martyrdom hospitality publicity collectivity and solidarity nurtured and harvested under capital and colony The longing and the love missed by the pernicious and reactionary politics both of liberal democracy and the incidental fascisms that it claims to set out to fix can give us clues into past present and future moments of rebellion resistance rejection and redemption that are crucial to a liberatory anticolonial and antifascist politic and to rethinking attachment desire and relation itself

The Radicality of Love Srećko Horvat, 2016-01-11 What would happen if we could stroll through the revolutionary history of the 20th century and without any fear of the possible responses ask the main protagonists from Lenin to Che Guevara from Alexandra Kollontai to Ulrike Meinhof seemingly naïve questions about love Although all important political and social changes of the 20th century included heated debates on the role of love it seems that in the 21st century

of new technologies of the self Grindr Tinder online dating etc we are faced with a hyperinflation of sex not love By going back to the sexual revolution of the 1960s and its subsequent repression to Che's dilemma between love and revolutionary commitment and to the period of 1968 from communes to terrorism and its commodification in late capitalism the Croatian philosopher Srećko Horvat gives a possible answer to the question of why it is that the most radical revolutionaries like Lenin or Che were scared of the radicality of love What is so radical about a seemingly conservative notion of love and why is it anything but conservative This short book is a modest contribution to the current upheavals around the world from Tahrir to Taksim from Occupy Wall Street to Hong Kong from Athens to Sarajevo in which the question of love is curiously surprisingly absent

Love and the Soul Robert Sardello, 2011-06-28 With economies in peril war in the Middle East genocides global warming and a host of other grim phenomena the world has never seemed so besieged The solution says Robert Sardello lies with the individual In this timely thoughtful book he explains how the soul can engage with the outer world to produce radical change Because we think of the world as a vast mechanism and behave as mechanical objects in it the results are devastation and dysfunction The key is to learn to identify with the plight of the Earth by developing a true sense of individual imagination and conscious awareness of inner purpose and beauty in conjunction with the soul of the world Sardello shows how to achieve this awareness and bring what is inside out into the world inspiring balance and stability Using the Grail legend and the myth of Sophia known as the Soul of the World as well as writings by Jung James Hillman and Rudolf Steiner Love and the Soul helps readers imagine a revitalized Earth by exploring the significance of grieving the transformative power of radical receptivity the creative power of dreaming and a new basis for community
