Nobel Prize winner John Steinbeck's *Of Mice and Men* remains one of America's most widely read and taught novels. An unlikely pair, George and Lennie, two migrant workers in California during the Great Depression, grasp for their American Dream. Laborers in California's dusty vegetable fields, they hustle work when they can, living a hand-to-mouth existence. For George and Lennie, they have a plan: to own an acre of land and a shack they can call their own. When they land jobs on a ranch in the Salinas Valley, the fulfillment of their dream seems to be within their grasp. But even George cannot guard Lennie from the provocations nor predict the consequences of Lennie's unswerving obedience to the things George taught him. *Of Mice and Men* Teacher's Edition includes the following: An introduction and suggested further reading by Susan Shillinglaw, a professor of English at San Jose State University and Scholar in Residence at the National Steinbeck Center in Salinas; The poem "To a Mouse On Turning Her Up in Her Nest with the Plough" (November 1785) by Robert Burns, the original source of Steinbeck's title; *Of Mice and Men* The 1962 Nobel Banquet Speech by John Steinbeck; An exclusive audio interview with award-winning actor James Earl Jones on his stage performances in *Of Mice and Men*; Ten exclusive videos of students on major themes from the novel, tied to group discussion questions included in the eBook; and an American Dream assignment for the ultimate educational experience. **Of Mice and Men** John Steinbeck, 1937 Two men, migrant farmworkers, dream of a home of their own. New York Magazine, 1983-10-31 *New York Magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea. *Of Mice and Men (New Edition)* John Steinbeck, 2018-11-14 They are an impossible combine. George is little and brisk and dim of face. Lennie, a man of huge size, has the psyche of a youthful tyke. However, they have framed a family, sticking together even with depression and estrangement. Workers in California's dusty vegetable fields, they hustle work when they can, living a hand-to-mouth existence. For George and Lennie, they have an arrangement to possess a section of land and a shack they can call their own. When they get employments on a farm in the Salinas Valley, the satisfaction of their fantasy is, by all accounts, inside their grip. In any case, even George can't protect Lennie from the incitements of a coy lady nor foresee the results of Lennie's unswerving acquiescence to the things George educated him.

Of Mice and Men by John Steinbeck, 1869-03 Two migrant field workers in California on their plantation during the Great Depression: George Milton, an intelligent but uneducated man, and Lennie Small, a bulky strong man but mentally disabled, are in Soledad on their way to another part of California. They hope to one day attain the dream of settling down on their own piece of land. Lennie's part of the dream is merely to tend and pet rabbits on the farm, as he loves touching soft animals, although he always accidentally kills them. This dream is one of Lennie's favorite stories, which George constantly retells. They had fled from Weed after Lennie grabbed a young woman's skirt and would not let go, leading to an accusation of rape. It soon becomes clear that the two are close and George is Lennie's protector despite his antics. After being hired at a farm, the pair are confronted by Curley, the Boss's small aggressive son with a Napoleon complex who dislikes larger men. Curley starts to target Lennie, Curley's flirtatious and provocative underaged wife to whom Lennie is instantly attracted poses a problem as well. In contrast, the pair also meets Candy, an elderly ranch handyman with one hand and a loyal dog, and Slim, an intelligent and gentle jerkline skinner whose dog has recently had a litter of puppies. Slim gives a puppy to Lennie, and Candy whose loyal accomplished sheep dog was put down by fellow ranch hand Carlson. In spite of problems, their dream leaps towards reality when Candy offers to pitch in \$350 with George and Lennie so that they can buy a farm at the end of the month in return for permission to live with them. The trio are ecstatic but their joy is overshadowed when Curley attacks Lennie, who defends himself by easily crushing Curley's fist while urged on by George. Nevertheless, George feels more relaxed to the extent that he even leaves Lennie behind on the ranch while he goes into town with the other ranch hands. Lennie wanders into the stable and chats with Crooks, the bitter yet educated stable buck who is isolated from the other workers due to being black. Candy finds them and they discuss their plans for the farm with Crooks, who cannot resist asking them if he can hoe a garden patch on the farm, albeit scorning its possibility. Curley's wife makes another appearance and flirts with the men, especially Lennie. However, her spiteful side is shown when she belittles them and threatens to have Crooks lynched. The next day, Lennie accidentally kills his puppy while stroking it. Curley's wife enters the barn and tries to speak to Lennie, admitting that she is lonely and how her dreams of becoming a movie star are crushed, revealing her personality. After finding out about Lennie's habit, she offers to let him stroke her hair but panics and begins to scream when she feels his strength. Lennie becomes frightened and unintentionally breaks her neck thereafter and runs away. When the other ranch hands find the corpse, they form into a lynch mob intent on killing him, then send for the police before beginning the search. George then quickly realizes that their dream is at an end and hurries to find Lennie, hoping he will be at the meeting place they

designated in case he got into trouble the riverbank where they camped at the start of the book George meets Lennie at their camping spot before they came to the ranch The two sit together and George retells the beloved story of the dream despite knowing it is something they will never share Upon hearing the lynch mob near them George shoots Lennie knowing it to be a more merciful death than that at the hands of a mob Curley Slim and Carlson arrive seconds after Only Slim realizes what happened and consolingly leads him away Curley and Carlson look on unable to comprehend the subdued mood of the two men
