**God and Other Spirits** Phillip H. Wiebe, 2004 Wiebe advocates the naturalizing of supernaturalism so that preoccupation with proofs is at least supplemented if not replaced by investigation of how belief in God and other spirits arises out of experience **BOOK JACKET** **Invasion of Other Gods** David Jeremiah, C. C. Carlson, 2023-12-19 A critical look at New Age spirituality by a Christian pastor inducted into the National Religious Broadcasters Hall of Fame New Age philosophy is really ancient paganism repackaged for modern consumption In *Invasion of Other Gods* Illumination Book Award winner David Jeremiah shows how this form of spirituality has flooded our culture with teachings and terminology that clearly contradict the Christian Gospel He discusses the history and thinking behind such neo pagan practices as crystals and past life therapy and shows how innocent seekers especially those coping with difficult life situations can fall prey to these phenomena in an informative guide that will fortify your faith against these seductive temptations [The Epistemology of Spirit Beliefs](#) Hans Van Eyghen, 2023-04-14 This book assesses whether belief in spirits is epistemically justified It presents two arguments in support of the existence of spirits and arguments that experiences of various sorts perceptions mediumship possession and animistic experiences can lend justification to spirit beliefs Most work in philosophy of religion exclusively deals with the existence of God or the epistemic status of belief in God Spirit beliefs are often regarded as aberrations and the falsity of such beliefs is often assumed This book argues that various beliefs concerning spirits can be regarded as justified when they are rooted in experiences that are not defeated It argues that spirit beliefs are not defeated by recent theories put forth by neuroscientists cognitive scientists or evolutionary biologists Additional arguments are made that traditional theistic belief is epistemically linked to spirit beliefs and that unusual events can be explained in terms of spirit activity The book draws on theistic arguments phenomenal conservatism and defenses of religious experiences to argue for the justification of spirit beliefs The arguments draw on examples from various religious traditions ranging from Christianity and Islam to Haitian Vodou and Tibetan Bon The *Epistemology of Spirit Beliefs* will be of interest to researchers and advanced students working in philosophy of religion religious epistemology ethnography and cognitive neuroscience [The Works of that Eminent Servant of Christ, John Bunyan ... Darryl delivered a fiery prime time speech at the Republican National Convention in Cleveland and key phrases from his speech lay out the messages in this book Jane shares her personal story of transformation from a Jesus lover that couldn't pray her way out of a paper bag to a powerful intercessory vessel through whom the Lord protects and redirects the lives of others There is increased activity in the supernatural realm as we move closer to the thousand year reign of Jesus and the government and political arenas are hot spots It's more important now than ever that a political party should not be a Christian's strongest influence in determining how to vote and what position to take on issues Complete submission and obedience to Jesus Christ alone is the guide God Punched Back is written with an encouraging style to convey an urgent and important message from God Deceit will be thick heading into the end times and the Holy Spirit is helping us discern what is from Him Because the oppressed are special to the Lord the battle over them will increase and angels and demons will throw even harder blows to determine what their futures look like We will see a greater movement of God to separate church and state Wickedness is on its way and it will be dispensed through the government to anyone who has a financial tie to it God Punched Back is an overview of messages that will be subsequently revealed in more detail later

**Origin of Alexandria and the Theology of the Holy Spirit** Micah M. Miller, 2024-01-16 Origin of Alexandria and the Theology of the Holy Spirit offers a comprehensive account of Origen's pneumatology In examining the Holy Spirit's identity and activity in Origen's writings this study reads Origen in his context and surveys his entire corpus It shows that Origen grounds his pneumatology in Scripture and uses Jewish philosophical and earlier Christian teachings in exegesis of the passages he believes pertain to the Holy Spirit The Holy Spirit is revealed to function in Origen's works as a single hypostasis dependent on the Father and Son for both his being and attributes which ranks the Spirit below the Father and Son The Spirit however is grouped with the Father and Son distinct from all other beings and ranked above them The Holy Spirit therefore is ranked third of all things This relationship serves as the basis for Origen's belief that the Spirit's activities giving spiritual gifts sanctifying believers and making them holy offering intercession inspiring Scripture and aiding in the interpretation of Scripture are a common operation of the Father Son and Holy Spirit The Spirit then plays an integral role in the salvation of the human person By offering a comprehensive understanding of Origen's pneumatology Micah M Miller also provides a fresh perspective of his Trinitarian thought
