Charlesworth, 2006 The recovery of 800 documents in the eleven caves on the northwest shores of the Dead Sea is one of the most sensational archeological discoveries in the Holy Land to date These three volumes the very best of critical scholarship demonstrate in detail how the scrolls have revolutionized our knowledge of the text of the Bible the character of Second Temple Judaism and the Jewish beginnings of Christianity **The Cambridge History of Judaism** William Horbury, 1984 This third volume of The Cambridge History of Judaism focuses on the early Roman period *A History of the Jews and Judaism in the Second Temple Period, Volume 3* Lester L. Grabbe, 2020-02-20 This is the third volume of the projected four volume history of the Second Temple period collecting all that is known about the Jews from the period of the Maccabean revolt to Hasmonean rule and Herod the Great Based directly on primary sources the study addresses aspects such as Jewish literary sources economy Qumran and the Dead Sea Scrolls the Diaspora causes of the Maccabean revolt and the beginning and end of the Hasmonean kingdom and the reign of Herod the Great Discussed in the context of the wider Hellenistic world and its history and with an extensive up to date secondary bibliography this volume is an invaluable addition to Lester Grabbe s in depth study of the history of Judaism **The Septuagint of Proverbs - Jewish and/or Hellenistic Proverbs?** Edward Cook, 2014-09-03 This monograph deals with an important but unexplored document of Hellenistic Judaism The question of Hellenistic influence is addressed on the basis of an analysis of a representative number of chapters of Septuagint Proverbs 1 2 6 8 9 24 29 30 and 31 Scholars have argued that this book was influenced extensively by Greek philosophy The author follows a contextual cultural method The Greek text is analysed on four levels the semantic syntactical stylistic which represents the translation technique of the translator

and finally the theological level This study represents the first exhaustive analysis of the theme The conclusion is that the impact of Stoicism on this Greek version has been overestimated in the past Novel views are also formulated concerning the role of the law in LXX Proverbs its historical setting and its text critical value **Ezekiel and the World of Deuteronomy** Jason Gile,2021-05-06 Jason Gile argues that the ideas of Deuteronomy influenced Ezekiel s response to the crisis surrounding the fall of Jerusalem and the Babylonian exile in significant ways shaping how he saw Israel s past history of rebellion against Yahweh present situation of divine judgment and future hope of restoration By examining Ezekiel s use of Deuteronomy s language and concepts Gile stresses that the prophet not only accepted distinctive elements of Deuteronomic theology but in some cases drew from specific texts The main body of this volume describes Deuteronomy s influence on Ezekiel under five main categories Ezekiel s language and conception of idolatry the rise and fall of Israel in chapter 16 Ezekiel s view of Israel s history in chapter 20 the scattering of Israel as an image for exile and the related motif of gathering as an image for return to the land Gile concludes that Ezekiel s use of its language for his messages of indictment judgment and hope shows that the prophet regarded Deuteronomy along with the Holiness Code as Yahweh s torah given to Israel in the wilderness *Rhetoric and Hermeneutics* Carol A. Newsom,2019-06-03 This collection of essays by Carol A Newsom explores the indispensable role that rhetoric and hermeneutics play in the production and reception of biblical and Second Temple literature Some of the essays are methodological and programmatic while others provide extended case studies Because rhetoric is as Kenneth Burke put it a strategy for encompassing a situation the analysis of rhetoric illumines the ways in which texts engage particular historical moments shape and reshape communities and even construct new models of self and agency The essays in this book not only explore how ancient texts hermeneutically engage existing traditions but also how they themselves have become the objects of hermeneutical transformation in contexts ranging from ancient sectarian Judaism to the politics of post World War I and II Germany and America to modern film criticism and feminist re reading **The Problem of Blasphemy: The Fourth Gospel and Early Jewish Understandings** Jerry D. Truex,2010-11-11 This doctoral thesis provides evidence that during the later part of the first century certain Jewish Christians who produced and propagated the Fourth Gospel were perceived to be blasphemous and therefore cut off karet from the synagogue as reflected in John 9 22 12 42 and 16 2 This study reviews recent research on blasphemy offers analysis based on hundreds of ancient Jewish texts and examines seven Jewish traditions pertaining to blasphemy including cursing God naming The Name and sinning with a high hand A composite portrait of blasphemy is sketched and compared with the theological claims of the Fourth Gospel Three theological claims of the Fourth Gospel stand out as potentially blasphemous Jesus is equal with God Jesus and the Johannine Community constitute the New Temple and Judean religious leaders are not of God The perception of blasphemy and the inability to tolerate it explains why some Jewish Christians could not remain in the synagogue **Enoch from Antiquity to the Middle Ages, Volume I** John C. Reeves,Annette Yoshiko Reed,2018-02-22

Across the ancient and medieval literature of Judaism Christianity and Islam one finds references to the antediluvian sage Enoch Both the Book of the Watchers and the Astronomical Book were long known from their Ethiopic versions which are preserved as part of Mashafa Henok Nabi Book of Enoch the Prophet an Enochic compendium known in the West as 1 Enoch Since the discovery of Aramaic fragments among the Dead Sea Scrolls these books have attracted renewed attention as important sources for ancient Judaism Among the results has been the recognition of the surprisingly long and varied tradition surrounding Enoch Within 1 Enoch alone for instance we find evidence for intensive literary creativity This volume provides a comprehensive set of core references for easy and accessible consultation It shows that the rich afterlives of Enochic texts and traditions can be studied more thoroughly by scholars of Second Temple Judaism and early Christianity as well as by scholars of late antique and medieval religions Specialists in the Second Temple period the era in which Enochic literature first appears will be able to trace or discount the survival of Enochic motifs and mythemes within Jewish literary circles from late antiquity into the Middle Ages thereby shedding light on the trajectories of Jewish apocalypticism and its possible intersections with Jewish mysticism Students of Near Eastern esotericism and Hellenistic philosophies will have further data for exploring the origins of gnosticism and its possible impact upon sectarian currents in Judaism Christianity and Islam Those interested in the intellectual symbiosis among Jews Christians and Muslims in the Middle Ages and especially in the transmission of the ancient sciences associated with Hermeticism e g astrology theurgy divinatory techniques alchemy angelology demonology will be able to view a chain of tradition reconstructed in its entirety for the first time in textual form In the process we hope to provide historians of religion with a new tool for assessing the intertextual relationships between different religious corpora and for understanding the intertwined histories of the major religious communities of the ancient and medieval Near East

Scriptural Interpretation at the Interface between Education and Religion Florian Wilk, 2018-09-24 Scriptural Interpretation at the Interface between Education and Religion examines prominent texts from Jewish Christian and Islamic communities with a view to determining to what extent education Bildung represents the precondition the central feature and or the aim of the interpretation of Holy Scripture in antiquity In particular consideration is given to the exegetical techniques the hermeneutical convictions and the contexts of intercultural exchange which determine the process of interpretation The volume contains a methodological reflection as well as investigations of scriptural interpretation in Jewish texts from the 2nd and 1st centuries B C E in New Testament writings and in witnesses from late ancient Christianity and in the Qur an Finally it contains a critical appraisal of the scholarly oeuvre of Hans Conzelmann This work thus fosters scholarly understanding of the function of scriptural interpretation at the interface between education and religion

**1 Maccabees** Daniel R. Schwartz, 2022-04-26 A new translation and commentary on I Maccabees that offers a fresh interpretation of the author's values and purpose First Maccabees composed in the second century BCE chronicles four decades of clashes between Hellenistic Syria and Judea from Antiochus Epiphanes's ascent to the throne in 175 BCE to the Hasmoneans' establishment of an independent Judean state ruled by Simon and his sons In this volume Daniel R. Schwartz provides a new translation of the Greek text and analyzes its historical significance In dialogue with contemporary scholarship the introduction surveys the work's themes sources and transmission while the commentary addresses textual details and issues of historical reconstruction often devoting special attention to the lost Hebrew original and its associations Schwartz demonstrates that 1 Maccabees despite its Hebraic biblical style and its survival within the Christian canon deviates from biblical and Judaic works by marginalizing God evincing scorn for martyrs and ascribing to human power and valor crucial historical roles This all fits its mandate justification of the Hasmonean dynasty especially the Simonides

One or Two Translators? Bryan Beeckman, 2023-12-31 In 1946 Gillis Gerleman proposed a single translator for LXX Proverbs and LXX Job After he launched this hypothesis scholars have either confirmed or debunked this hypothesis Although attempts have been made to come up with an adequate answer to the question of a single translator for both Proverbs and Job scholars have thus far not reached consensus Moreover the attempts that have been made are not at all elaborate Thus the question remains unsolved This book tries to formulate an answer to the question of a single translator for both Proverbs and Job by examining the translation technique and theology of both books The translation technique of both books is analysed by examining the Greek rendering of Hebrew hapax legomena animal floral plant and herb names The theology is examined by looking at the pluses in the LXX version which contain and The results of these studies are compared with one another in order to formulate an answer to a single translator By doing so this book not only formulates an answer to a single translator for both LXX Proverbs and Job but also characterises their translation technique and theology in greater detail

*Israel's Day of Light and Joy* Jon D. Levenson, 2024-06-25 This book begins by exploring the mysterious origins of an institution so familiar that most of us never wonder where it came from the seven day week Jon D. Levenson then focuses on the historical development of the Jewish Sabbath and the rich range of theological and ethical meanings it has acquired over the centuries Levenson evaluates the theory that the Hebrew word *abb t* derives from Akkadian and that the Sabbath may have begun as a day of ill omen only later to be reinterpreted as the joyous festival that consummates the seven day week He explores the quasi magical character of the number seven in ancient Near Eastern and Mediterranean compositions and examines the revealing variation of the Sabbath commandment between the two biblical versions of the Decalogue in Exodus and Deuteronomy He also treats sabbatical law in the Second Temple and rabbinic periods critiquing contemporary efforts to extract a spirituality from the

Sabbath that is divorced from larger questions of communal identity normative practice and religious affirmation Levenson concludes by discussing modern challenges to Sabbath observance and the surprising prospects for its continuation Written by an eminent scholar in the field this sophisticated inquiry bridges the gap between studies that explore the spiritual meaning of Jewish Sabbath observance and those that focus strictly on the history of the tradition It will appeal to a wide audience of academics and lay readers

*Pedagogy in Ancient Judaism and Early Christianity* Karina Martin Hogan, Matthew Goff, Emma Wasserman, 2017-06-30 Engage fourteen essays from an international group of experts There is little direct evidence for formal education in the Bible and in the texts of Second Temple Judaism and early Christianity At the same time pedagogy and character formation are important themes in many of these texts This book explores the pedagogical purpose of wisdom literature in which the concept of discipline Hebrew *musar* is closely tied to the acquisition of wisdom It examines how and why the concept of *musar* came to be translated as *paideia* education enculturation in the Greek translation of the Hebrew Bible Septuagint and how the concept of *paideia* was deployed by ancient Jewish authors writing in Greek The different understandings of *paideia* in wisdom and apocalyptic writings of Second Temple Judaism are this book's primary focus It also examines how early Christians adapted the concept of *paideia* influenced by both the Septuagint and Greco Roman understandings of this concept Features A thorough lexical study of the term *paideia* in the Septuagint Exploration of the relationship of wisdom and Torah in Second Temple Judaism Examination of how Christians developed new forms of pedagogy in competition with Jewish and pagan systems of education

The Qumran Manuscripts of Lamentations Gideon Kotzé, 2013-07-11 In *The Qumran Manuscripts of Lamentations A Text Critical Study* the first large scale investigation of the topic Gideon Kotz establishes how the four Lamentations manuscripts from Qumran present the content of the biblical book Kotz takes as his point of departure the contributions of the Dead Sea scrolls to the discipline of Old Testament textual criticism and treats the Qumran manuscripts of Lamentations the Masoretic text and the ancient translations as witnesses to the content of the book and not only as witnesses to earlier forms of its Hebrew text By focusing the analysis on variant readings and textual difficulties the study arrives at a better understanding of these manuscripts as representatives of both the text and the content of Lamentations

*The Text of Genesis 1-11* Ronald

S. Hendel, 1998-07-02 Ronald S Hendel offers a careful and thorough re examination of the text of Genesis 1 11 He takes a strongly positive position on the value of the Septuagint as a reliable translation of its Hebrew parent text This position is contrary to that taken in most existing studies of the text of Genesis including some in standard editions and reference works Nevertheless Hendel shows there is an accumulating mass of evidence indicating that his position is correct Hendel begins with a discussion of theory and method and points out the lessons to be learned from the new biblical manuscripts discovered at Qumran He goes on to argue for the preparation of eclectic critical editions of books of the Hebrew Bible a task long pursued in Classical New Testament and Septuagint studies but still highly controversial with respect to the Hebrew scriptures The critical edition of Genesis 1 11 which follows is Hendel s first step toward such a comprehensive task

Transforming Proverbs Isabell Christine Hoppe, 2025-01-20 This is the first published monograph on 4Q185 Sapiential Admonitions B an enigmatic Dead Sea Scroll s wisdom text The author offers a new edition that is based on the IAA images and aided by the G ttingen Qumran Digital database In an intertextual analysis she shows that the text of 4Q185 radically transforms the sapiential discourse manifested in Proverbs by integrating both eschatological tropes and the discourse on memory and national identity reflected in Pss 78 105 and 106 Before it was conserved in the manuscript the text underwent literary growth the section discussing Isa 40 6 8 proves to be a redactional insertion
