Of Walking In Ice:

Of Walking in Ice Werner Herzog, 2014 In the winter of 1974 filmmaker Werner Herzog made a three week solo journey from Munich to Paris on foot He believed it was the only way his close friend film historian Lotte Eisner would survive a horrible sickness that had overtaken her

Of Walking in Ice Werner Herzog, 2014-11-23 In late November 1974 filmmaker Werner Herzog received a phone call from Paris delivering some terrible news German film historian mentor and close friend Lotte Eisner was seriously ill and dying Herzog was determined to prevent this and believed that an act of walking would keep Eisner from death He took a jacket a compass and a duffel bag of the barest essentials and wearing a pair of new boots set off on a three week pilgrimage from Munich to Paris through the deep chill and snowstorms of winter *Of Walking in Ice* is Herzog's beautifully written much admired yet often overlooked diary account of that journey Herzog documents everything he saw and felt on his quest to his friend's bedside from poetic descriptions of the frozen landscape and harsh weather conditions to the necessity of finding shelter in vacant or abandoned houses and the intense loneliness of his solo excursion Includes for the first time Werner Herzog's 1982 Tribute to Lotte Eisner upon her receipt of the Helmut K utner Prize

Of Walking in Ice Werner Herzog, 1980 *Walking on Ice* Susan Hubbard, 1990 A mother hires a sinister baby sitter An Irish innocent embraces the ambiguities of Belfast A university professor welcomes a houseguest and finds himself a stranger in his own home Two young women seek romance along the Canadian border Winner of the Associated Writing Programs Award in Short Fiction *Walking on Ice* depicts a world in which human relationships grow ever more fragile and trust is tentative at best In these stories men and women confront the unexpected risks of everyday life in Boston Northern Ireland Connecticut the Scottish Highlands and upstate New York With subtlety and wit Susan Hubbard explores the tensions of our times

Walking on Ice Frederick R. Andresen, 2007 Andresen conveys the texture and flavor of what we Westerners find in Russia It paints a picture of the Russian soul at a time when young and old were and are adapting to enormous change It is a fun and humorous read that carries with it some valuable lessons William T Potvin Managing Partner Deloitte Touche Russia 1990 1996 *The Films of Werner Herzog* Timothy Corrigan, 2013-12-17 Given Herzog's own pronouncement that film is not the art of scholars but of illiterates it is not surprising that his work has aroused ambivalent and contradictory responses Visually and philosophically ambitious and at the same time provocatively eccentric Herzog's films have been greeted equally by extreme adulation and extreme condemnation Even as Herzog's rebellious images have gained him a reputation as a master of the German New Wave he has been attacked for indulging in a romantic naiveté and wilful self absorption To his hardest critics Herzog's films appear as little more than Hollywood fantasies disguised as high seriousness This book is an attempt to illuminate these contradictions It gathers essays that focus from a variety of angles on Herzog and his work The contributors move beyond the myths of Herzog to investigate the merits of his work and its place in film history A challenging range of films is covered from *Fata Morgana* and *Aguirre the Wrath of God* to more recent features such as

Nosferatu and Where the Green Ants Dream offering the reader ways of understanding why whatever the controversies surrounding Herzog and his films he remains a major and popular international filmmaker Originally published in 1986

Walking on Ice Maria Pilatowicz, 2012-04 I became aware of tensions undercurrents shadows whispers nods half words syllables communicating things I did not understand Behind the word they lurked a larger indefinable abstract but ominous presence I wondered what one could put in ink on a page that would be so dangerous so infinitely evil Agnes a young girl in Poland shares her life with us as she tries to find her place in her family and her country But the more she learns the more out of place she becomes When Comrade Stalin dies Agnes's father pushes the limits and is sent to prison for crimes against them So now Agnes and her mother are alone in the icy waters of an oppressive system run by an unpredictable government Agnes starts to learn the difference between truth and lies but she knows she can never escape as long as they are in charge In Walking on Ice Maria Pilatowicz paints a poignant picture of a girl breaking into adolescence while trying to balance on the system's slippery surface

Peripatetic Frame Tucker Thomas Deane Tucker, 2020-02-14 From cinema's earliest days walking and filmmaking have been intrinsically linked Technologically culturally and aesthetically the pioneers of cinema were not only interested in using the camera to scientifically study ambulatory motion but were also keen to capture the speed and mobile culture of late 19th century urban life Photographers such as Felix Nadar took their cameras into the Parisian streets and boulevards as mechanised flâneurs ushering us into the age of the mobilised virtual gaze But if photography could only embalm modernity in an instant of time the cinema brought these instants to life again From Muybridge and Marey's photographic studies of motion to Charlie Chaplin's character The Tramp and from the Steadicam to the police procedural Thomas Deane Tucker

explores the intertwined relationship between cinema and walking from its very first steps breaking new ground in motion studies and providing a bold new perspective on film history
