

Of Being And Unity

Daniel D. De Haan

Of Being And Unity:

Of Being and Unity Giovanni Pico della Mirandola, 1943 **The Domain of Being** Celestine M. Bittle, 2022-06-15 In accordance with the purpose as an introduction for students the scope of the book is frankly positive and constructive It attempts to build up an understanding of the matter of ontology in a logical manner using simple language illustrating the subjects with copious examples and extracting the contents of each chapter into compact summaries Some of the more abstruse problems of ontology such as the problem of essence and existence have been omitted it was felt that the average student would derive little benefit from a lengthy discussion of problems which have taxed the ingenuity and acumen of the most profound intellects Such problems may be attacked after the student has become acquainted with the ideas and subjects which form the foundation of the science of metaphysics After all the student cannot be expected to be a professional philosopher it should be sufficient if he acquires a thorough grounding in fundamentals so that he can deepen his knowledge through subsequent reading and study In a general way we may define metaphysics as the science of the ultimate principles and properties of real beings Of Being and Unity Giovanni Pico della Mirandola, 1984 The Many and the One Yonghua Ge, 2021-05-03 How God relates to the world lies at the heart of the most intense debates in modern theology and philosophy Movements of Nouvelle Th ologie process theology radical orthodoxy modern Trinitarian theology and postmodern theology i e Jean Luc Marion all seek to reconsider God s relation to the world as a corrective of what they perceive as problematic Of particular significance is the recent revival of the theology of participation as promoted by Radical Orthodoxy in UK and Hans Boersma in North America Facing excessive secularism and fragmentation of the modern Western world Radical Orthodoxy and Boersma resort to the pre modern theology of participation as the way forward Relying heavily on Platonism however their participatory theology as critics pointed out tends to compromise the intrinsic goodness of the creation In this book Ge proposes that a distinctively Christian theology of participation anchored in creatio ex nihilo developed by Augustine and brought to the fore by Aquinas provides a more promising solution which not only secures the unity of things in God but also the goodness of creaturely plurality Since participation in its origin is a solution to the problem of the One and the Many Ge employs Gunton s framework of the one and the many in his discussion of Augustine and Aquinas s theologies of participation By reshaping their concepts of participation in the light of the doctrine of creation Ge argues these thinkers have profoundly transformed the metaphysics of participation making it finally more suitable for describing the unique relationship between God s unity and creaturely plurality This Christian metaphysics of participation is not only an advance on Radical Orthodoxy and Boersma but also superior to competing theories of reality such as pluralism and reductionist physicalism The book will also bring out implications for modern science religion dialogues the core of which concerns how God relates to the world The Philosophy of Being Louis De Raeymaeker, 2023-02-15 The choice of the basis of metaphysics is of capital importance This basis ought to guarantee the very existence and the validity of metaphysics while

given this science at the same time its formal object and a solid foundation But if metaphysics is bound up with the study of a universal unity or of the totality of things and if then our inquiry ought to be concerned with the whole how can we determine the choice of a point of departure *Ontology or the Theory of Being* Peter Coffey,2018-09-20 Reproduction of the original

Ontology or the Theory of Being by Peter Coffey **Philosophy of Being** Gerard Smith,Lottie H. Kendzierski,2020-04-08

Of Being and Unity Pico Della Mirandola,2001-11-01 **The Singular Voice of Being** Andrew T. LaZella,2019-05-07

The Singular Voice of Being reconsiders John Duns Scotus s well studied theory of the univocity of being in light of his less explored discussions of ultimate difference Ultimate difference is a notion introduced by Aristotle and known by the Aristotelian tradition but one that this book argues Scotus radically retrofits to buttress his doctrine of univocity Scotus broadens ultimate difference to include not only specific differences but also intrinsic modes of being e g finite infinite and principles of individuation i e haecceitates Furthermore he deepens it by divorcing it from anything with categorical classification such as substantial form Scotus uses his revamped notion of ultimate difference as a means of dividing being despite the longstanding Parmenidean arguments against such division The book highlights the unique role of difference in Scotus s thought which conceives of difference not as a fall from the perfect unity of being but rather as a perfective determination of an otherwise indifferent concept The division of being culminates in individuation as the final degree of perfection which constitutes indivisible i e singular degrees of being This systematic study of ultimate difference opens new dimensions for understanding Scotus s dense thought with respect to not only univocity but also to individuation cognition and acts of the will **Gift and the Unity of Being** Antonio Lopez,2014-09-25 Starting from both our originary experience

of being given to ourselves and Jesus Christ s archetypal self donation *Gift and the Unity of Being* elucidates the sense in which gift is the form of being s unity while unity itself constitutes the permanence of the gift of being In dialogue with ancient and modern philosophers and theologians Lopez offers a synthetic rather than systematic account of the unity proper to being the human person God and the relations among them The book shows how contemplation of the triune God of love through Jesus Christ in the Holy Spirit allows us to discover the eternal communion that being is and to which finite being is called It also illustrates the sense in which God s gratuitousness unexpectedly offers thehuman person the possibility to recognize and embrace his origin and destiny and thus he is given to see and taste in God s light the ever fruitful dramatic and mysterious positivity of being *The Finitude of Being* Joan Stambaugh,1992-01-01 **After Modernity** James R.

Mensch,1996-07-03 This book provides an important new answer to the much discussed question of the nature and possibility of philosophy following the collapse of the modern foundationalist paradigm Mensch offers an alternative based in phenomenology Using Husserl s analysis of temporality to reinvigorate Aristotle s account of time he shows how the passing of modernity is actually an opening for doing metaphysics in a new nonfoundationalist manner Positioning Husserl within a wider context Mensch views him both as a culmination of the modern foundationalist paradigm and as providing a way to

overcome it through his descriptive analyses **Necessary Existence and the Doctrine of Being in Avicenna's Metaphysics of the Healing** Daniel D. De Haan,2020-08-10 In *Necessary Existence and the Doctrine of Being in Avicenna's Metaphysics of the Healing* Daniel De Haan explicates the central argument of Avicenna's metaphysical masterpiece De Haan argues that the most fundamental primary notion in Avicenna's metaphysics is neither being nor thing but is the necessary w jib which Avicenna employs to demonstrate the existence and true nature of the divine necessary existence in itself This conclusion is established through a systematic investigation of how Avicenna's theory of a demonstrative science is employed in the organization of his metaphysical science into its subject first principles and objects of enquiry The book examines the essential role the first principles as primary notions and primary hypotheses play in the central argument of Avicenna's metaphysics See inside the book *Ontology; Or, The Theory of Being* Peter Coffey,1926 **Aristotle on Method and Metaphysics** E. Feser,2013-07-12 *Aristotle on Method and Metaphysics* is a collection of new and cutting edge essays by prominent Aristotle scholars and Aristotelian philosophers on themes in ontology causation modality essentialism the metaphysics of life natural theology and scientific and philosophical methodology *Eckhart's Apophatic Theology* Vladimir Lossky,2024-02-29 Vladimir Lossky's posthumously published masterwork is now made available in English for the first time *Eckhart's Apophatic Theology* is the culmination of a long process whereby the renowned Orthodox philosopher and theologian embraced the ways of thinking of a thirteenth century German mendicant and mystic While refusing to simplify Eckhart's theology to a system or single motif Lossky explores in detail the various ramifications of Eckhart's insistence on the ineffability of God Is God to be regarded as being or the One or Intellect Does God's pure expression of each of these preclude the others Framed by six key statements about God's essence Lossky lays out Eckhart's approach to this dilemma His understanding of the problem guided by careful engagement with a multitude of sources is exhaustive Scholars will welcome this eagerly anticipated translation [The Routledge Handbook of Neoplatonism](#) Svetla Slaveva-Griffin,Pauliina Remes,2014-07-25 *The Routledge Handbook of Neoplatonism* is an authoritative and comprehensive survey of the most important issues and developments in one of the fastest growing areas of research in ancient philosophy An international team of scholars situates and re-evaluates Neoplatonism within the history of ancient philosophy and thought and explores its influence on philosophical and religious schools worldwide Over thirty chapters are divided into seven clear parts Re sources instruction and interaction Methods and Styles of Exegesis Metaphysics and Metaphysical Perspectives Language Knowledge Soul and Self Nature Physics Medicine and Biology Ethics Political Theory and Aesthetics The legacy of Neoplatonism *The Routledge Handbook of Neoplatonism* is a major reference source for all students and scholars in Neoplatonism and ancient philosophy as well as researchers in the philosophy of science ethics aesthetics and religion [Philosophy and Christianity. A Series of Lectures Delivered in New York, in 1883, on the Ely Foundation of the Union Theological Seminary](#) George Sylvester Morris,2025-07-09 Reprint of the original first published in 1883 The

Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage Ex Auditu - Volume 13 Klyne Snodgrass,2004-06-23 Ex Auditu began as the journal incorporating the papers of the Fredrick Neumann Symposium of Princeton Theological Seminary After the first four volumes the journal began publishing the papers from the North Park Symposium on the Theological Interpretation of Scripture The intent from the first has been to provide a forum for doing interdisciplinary theology from a biblical perspective for the benefit of the Church Each annual publication focuses on a topic crucial to the life of today s Church Additionally each issue contains an annotated bibliography and a sermon which makes it a practical guide for pastors EDITOR Dr Stephen Chester Associate Professor of New Testament North Park Theological Seminary EDITOR EMERITUS Dr Klyne R Snodgrass Paul W Brandel Professor of New Testament Studies at North Park Theological Seminary ASSOCIATE EDITOR Dr D Christopher Spinks Acquisitions Editor at Wipf and Stock Publishers EDITORIAL BOARD Terence E Fretheim Luther Seminary St Paul MN Richard B Hays Duke Divinity School Durham NC Jon R Stock Wipf and Stock Publishers Eugene OR Miroslav Volf Yale Divinity School New Haven CT John Wipf Wipf and Stock Publishers Eugene OR SUBSCRIPTION INFORMATION Individuals U S A and all other countries in U S funds 20 00 Students 12 00 Institutions 30 in the U S and 40 for international shipments in U S funds To subscribe Send pertinent information to Wipf and Stock Publishers at orders wipfandstock com and indicate your preferred method of payment Back issues are available through Wipf and Stock Publishers Symposium on the Theological Interpretation of Scripture at North Park DETAILS For more information about the symposium click here INQUIRIES Other inquiries should be addressed to one of the following Dr Dennis Edwards Associate Professor of New Testament North Park Theological Seminary 3225 W Foster Ave Chicago IL 60625 Telephone 773 244 6238 Email sdredwards northpark edu Chris Spinks Acquisitions Editor Wipf and Stock Publishers 199 W 8th Ave Ste 3 Eugene OR 97401 Telephone 541 344 1528 Fax 541 344 1506 Email chris wipfandstock com *Fundamental Philosophy Vol. 2* Jaime Luciano Balmes,2024-01-01 Fundamental Philosophy Vol 2 is a full size philosophical work penned by using Jaime Luciano Balmes a Spanish philosopher and Catholic apologist Published within the mid 19th century the book represents a foundational exploration of key philosophical ideas inside the context of Balmes deep dedication to the Catholic faith In this volume Balmes engages with essential questions about life understanding and morality He attracts on each classical philosophical traditions and contemporary concept to assemble a complete philosophical framework that aligns with Catholic doctrine Balmes seeks to reconcile reason with faith advocating for the compatibility of philosophy and non secular belief The creator s writing displays a keen intellectual rigor addressing subjects together with the character of God the connection among religion and reason and the moral implications of philosophical concept Balmes paintings is characterized by way of a synthesis of various philosophical impacts emphasizing the importance of reason and rational inquiry in information the truths of the Catholic faith Fundamental Philosophy Vol 2 stands as a

testament to Balmes intellectual prowess and his efforts to assemble a philosophical basis firmly rooted in Catholic theology
