Traditions and Contexts in the Poetry of Horace Tony

Woodman, Denis Feeney, 2002-05-16 This book explores the whole range of the output of an exceptionally versatile and innovative poet from the Epodes to the literary critical Epistles Distinguished scholars of diverse background and interests introduce readers to a variety of critical approaches to Horace and to Latin poetry Close attention is paid throughout to the actual text of Horace with many of the chapters focusing on reading a single poem These close readings are then situated in a number of different political philosophical and historical contexts The book sheds light not only on Horace but on the general problems confronting Latinists in the study of Augustan poetry and it will be of value to a wide range of upper level Latin students and scholars *Producing Women's Poetry, 1600-1730* Gillian Wright, 2013-04-18 Gillian Wright combines literary and bibliographical approaches to examine the work of five English women poets in the period 1600 1730

Modern Irish and Scottish Poetry Peter Mackay, Edna Longley, Fran Brearton, 2011-04-14 The comparative study of the literatures of Ireland and Scotland has emerged as a distinct and buoyant field in recent years This collection of new essays offers the first sustained comparison of modern Irish and Scottish poetry featuring close readings of texts within broad historical and political contextualisation Playing on influences crossovers connections disconnections and differences the affinities and opposites traced in this book cross both Irish and Scottish poetry in many directions Contributors include major scholars of the new archipelagic approach as well as leading Irish and Scottish poets providing important insights into current creative practice Poets discussed include W B Yeats Hugh MacDiarmid Sorley MacLean Louis MacNeice Edwin Morgan Douglas Dunn Seamus Heaney Ian Hamilton Finlay Michael Longley Medbh McGuckian Nuala ni Dhomhnaill Don Paterson and Kathleen Jamie This book is a major contribution to our understanding of poetry from these islands in the twentieth and twenty first centuries **The Poetry of Louise Glück** Daniel Morris, 2006-12-01 A dominant figure in

American poetry for more than thirty five years Louise Glück has been the recipient of virtually every major poetry award She won the Nobel Prize in Literature in 2020 and was named U S poet laureate for 2003 2004 In a full length study of her work Daniel Morris explores how this prolific poet utilizes masks of characters from history the Bible and even fairy tales Morris treats Glück's persistent themes desire hunger trauma survival through close reading of her major book length sequences from the 1990s *Ararat* *Meadowlands* and *The Wild Iris* An additional chapter devoted to *The House on Marshland* 1975 shows how its revision of Romanticism and nature poetry anticipated these later works Seeing Glück's poems as complex analyses of the authorial self via sustained central metaphors Morris reads her poetry against a narrative pattern that shifts from the tones of anger despair and resentment found in her early *Firstborn* to the resignation of *Ararat* and proceeds in her latest volumes including *Vita Nova* and *Averno* toward an ambivalent embrace of embodied life By showing how Glück's poems may be read as a form of commentary on the meanings of great literature and myth Morris emphasizes her irreverent attitude

toward the canons through which she both expresses herself and deflects her autobiographical impulse By discussing her sense of self of Judaism and of the poetic tradition he explores her position as a mystic poet with an ambivalent relationship to religious discourse verging on Gnosticism with tendencies toward the ancient rabbinic midrash tradition of reading scripture He particularly shows how her creative reading of past poets expresses her vision of Judaism as a way of thinking about canonical texts The Poetry of Louise Glück is a quintessential study of how poems may be read as a form of commentary on the meanings of great literature and myth It clearly demonstrates that through this lens of commentary one can grasp more firmly the very idea of poetry itself that Glück has spent her career both defining and extending

Life, Love and Death in Latin Poetry Stavros Frangoulidis, Stephen J. Harrison, 2018-03-19 Inspired by Theodore Papanghelis Propertius A Hellenistic Poet on Love and Death 1987 this collective volume brings together seventeen contributions written by an international team of experts exploring the different ways in which Latin authors and some of their modern readers created narratives of life love and death Taken together the papers offer stimulating readings of Latin texts over many centuries examined in a variety of genres and from various perspectives poetics and authorial self fashioning intertextuality fiction and reality gender and queer studies narratological readings temporality and aesthetics genre and meta genre structures of the narrative and transgression of boundaries on the ideological and the formalistic level reception meta dramatic and feminist accounts the female voice Overall the articles offer rich insights into the handling and development of these narratives from Classical Greece through Rome up to modern English poetry

Gendered Dynamics in Latin Love Poetry Ronnie Ancona, Ellen Greene, 2005-11-18 In recent decades Latin love poetry has become a significant site for feminist and other literary critics studying conceptions of gender and sexuality in ancient Roman culture This new volume the first to focus specifically on gender dynamics in Latin love poetry moves beyond the polarized critical positions that argue that this poetry either confirms traditional gender roles or subverts them Rather the essays in the collection explore the ways in which Latin erotic texts can have both effects shifting power back and forth between male and female If there is one conclusion that emerges it is that the dynamics of gender in Latin amatory poetry do not map in any single way onto the cultural and historical norms of Roman society In fact as several essays show there is a dialectical relationship between this poetry and Roman cultural practices By complicating the views of gender dynamics in Latin love poetry this exciting new scholarship will stimulate further debates in classical studies and literary criticism with its fresh perspectives

The Poetry of Life in Literature Anna-Teresa Tymieniecka, 2013-03-09 Poetry of life in literature and through literature and the vast territory in between as vast as human life itself where they interact and influence each other is the nerve of human existence Whether we are aware of it or not we are profoundly dissatisfied with the stark reality of life's swift progress onward and the enigmatic and irretrievable meaning of the past And so we dramatise our existence probing deeply for a lyrical and heartfelt yet universally valid sense of our experience It is in great works of literature that we seek those hidden springs that so move

us It is in honour of this search that this collection focuses on the creative imagination at work in literature and aesthetics

Haralson,2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author s career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States *British Poetry from the 1950s to the 1990s* Gary Day,Brian Docherty,1997-07-13 This collection looks at the developments in British poetry from the Movement until the present The introduction not only provides a context for these changes but also argues that poetry criticism has been debilitated by the quest for political respectability a trend which can only be reversed by reconsidering the idea of tradition The essays themselves focus on general themes or individual authors Written in a clear and informed manner they provoke the reader into a fresh awareness of the nature of poetry and its relation to society [Granger's Index to Poetry and Recitations](#) ,1929

Victorian Poetry Isobel Armstrong,2002-09-11 In a work that is uniquely comprehensive and theoretically astute Isobel Armstrong rescues Victorian poetry from its longstanding sepia image as a moralised form of romantic verse and unearths its often subversive critique of nineteenth century culture and politics *The Chinese Classics: The She king, or the Book of poetry: pt. 1. The first part of the She-king, or the Lessons from the states; and the Prolegomena. pt. II. The second, third and fourth parts of the She-king, or the Minor odes of the kingdom, the Greater odes of the kingdom, the Sacrificial odes and praise-songs; and the indexes* James Legge,1871 *POETS & POEMS* GOLDSTONE & CUMMINGS,1967 **The Oxford Handbook of British Poetry, 1660-1800** Jack Lynch,2016-11-24 In the most comprehensive and up to date overview of the poetry published in Britain between the Restoration and the end of the eighteenth century forty four authorities from six countries survey the poetry of the age in all its richness and diversity serious and satirical public and private by men and

women nobles and peasants whether published in deluxe editions or sung on the streets The contributors discuss poems in social contexts poetic identities poetic subjects poetic form poetic genres poetic devices and criticism Even experts in eighteenth century poetry will see familiar poems from new angles and all readers will encounter poems they've never read before The book is not a chronologically organized literary history nor an encyclopaedia nor a collection of thematically related essays rather it is an attempt to provide a systematic overview of these poetic works and to restore it to a position of centrality in modern criticism **The Cambridge Companion to Twentieth-Century British and Irish Women's Poetry**

Jane Dowson, 2011-03-17 This Companion provides new ways of reading a wide range of influential women's poetry Leading international scholars offer insights on a century of writers drawing out the special function of poetry and the poets use of language whether it is concerned with the relationship between verbal and visual art experimental poetics war landscape history cultural identity or confessional lyrics Collectively the chapters cover well established and less familiar poets from Edith Sitwell and Mina Loy through Stevie Smith Sylvia Plath and Elizabeth Jennings to Anne Stevenson Eavan Boland and Jo Shapcott They also include poets at the forefront of poetry trends such as Liz Lochhead Jackie Kay Patience Agbabi Caroline Bergvall Medbh McGuckian and Carol Ann Duffy With a chronology and guide to further reading this book is aimed at students and poetry enthusiasts wanting to deepen their knowledge of some of the finest modern poets Identity,

Multiplicity, and Resistance in Taiwanese Poetry Wen-chi Li, 2025-04-04 Li and his contributors explore how Taiwanese poets conceptualize their identities employing multiple voices to challenge political hegemony and re-evaluate Taiwan's colonial legacy and nationalism Poetry in Taiwan exists at the intersection of Taiwanese Mandarin and Japanese languages and traditions The rise of China has contributed to the shrinking of Taiwan's international space leading to Taiwanese cultures often being viewed as tributaries or by-products of China on the global stage They focus on Taiwanese poetry to highlight a history of local resistance in gender identity cultural and linguistic contexts They deconstruct the hegemony and homogeneity of Chineseness exploring multiple ways to reposition Taiwan on the map of world literature Essential reading for scholars of Sinophone literature as well as those interested in the history and culture of Taiwan The Ethics of William

Carlos Williams's Poetry Ian D. Copestake, 2010 The poet as an inheritor of an Emersonian tradition and Paterson as an ethical autobiography in progress Eros and Poetry at the Courts of Mary Queen of Scots and James VI S.

Dunnigan, 2002-11-05 Eros and Poetry examines the erotics of literary desire at the Stewart court in Scotland during the reigns of Mary Queen of Scots and James VI Encompassing the period from the early 1560s to the late 1590s this is the first study to link together Scottish Marian and Jacobean court literatures presenting a relatively unknown body of writing newly theorized and contextualized It argues that in this period erotic poetry can only be considered in relation to the figure of the monarch and that the formation of elite lyric culture takes place under the shaping influence of desire for and against the sovereign and her or his passionate and symbolic powers
