Staples, 2023-11-01 In the late eighteenth century the Russian Empire opened the grasslands of southern Ukraine to agricultural settlement by new colonists among them Prussian Mennonites Mennonite colonization was one aspect of the empire s consolidation and modernization of its multi ethnic territory In the colony of Molochnaia the dominant personality of the early nineteenth century was Johann Cornies 1789 1848 a hard driving modernizer and intimate of senior Russian officials whose papers provide unique access into events in Ukraine in this era Johann Cornies the Mennonites and Russian Colonialism in Southern Ukraine uses the life story of Johann Cornies to explore how colonial subjects interacted with Russian imperial policy The book reveals how tsarist imperial policy shifted toward Russification in the 1830s and 1840s and became increasingly intolerant of ethnocultural and ethnoreligious minorities It shows that Russia employed the Mennonite settlement as a colonial laboratory of modernity and that the Mennonites were among Russia s most economically productive subjects This microhistory illuminates the role of Johann Cornies as a mediator between the empire and the Mennonite colonists and it ultimately aims to bring light to the history of nineteenth century Russia and Ukraine Apostates, Hybrids, or True Jews? Raymond Lillevik, 2014-07-03 This book explores the relationship between Christian faith and Jewish identity from the perspective of three Jewish believers in Jesus living in eastern and central Europe before World War 1 Rudolf

Hermann Chaim Gurland Christian Theophilus Lucky Chaim Jedidjah Pollak and Isaac Ignatz Lichtenstein They were all rabbis or had rabbinic education and were in different ways combining their faith in Jesus as Messiah with a Jewish identity The book offers a biographical study of the three men and an analysis of their understandings of identity This analysis considers five categories for identification the relation of Gurland Lucky and Lichtenstein to Jewish tradition to the Jewish people to Christian tradition to the Christian community and to the network of Jewish believers in Jesus Lillevik argues that Gurland Lucky and Lichtenstein in very different ways transcended essentialist as well as constructionist ideas of Jewish and Christian identity **For Prophet and Tsar** Robert D Crews,2009-06-30 In stark contrast to the popular clash of

civilizations theory that sees Islam inevitably in conflict with the West Robert D Crews reveals the remarkable ways in which Russia constructed an empire with broad Muslim support **For Prophet and Tsar** unearths the fascinating relationship between an empire and its subjects As America and Western Europe debate how best to secure the allegiances of their Muslim populations Crews offers a unique and critical historical vantage point Eastern Christians in Anthropological Perspective Chris Hann,Hermann Goltz,2010-05-27 This collection of essays is a welcome and refreshing gift in a virtual desert There has been very little comparative anthropological research on the Eastern churches and this volume will fill that gap Michael Herzfeld author of *Evicted from Eternity The Restructuring of Modern Rome* At long last there is a book on the anthropology of Christianity that devotes direct and sustained attention to the diverse Eastern Christian Churches both Orthodox and Catholic This book should be read by anyone who thinks anthropologically about Christianity Scales will fall from their eyes and they will behold an entire wing of Christianity that has until now gone mostly unnoticed and practically untheorized Douglas Rogers author of *The Old Faith and the Russian Land A Historical Ethnography of Ethics in the Urals*

Unity in Faith? J. M. White,2020-11-03 The little known history of an attempt to end a religious schism in imperial Russia and the questions it raised about church and state Established in 1800 edinoverie translated as unity in faith was intended to draw back those who had broken with the Russian Orthodox Church over ritual reforms in the seventeenth century Called Old Believers they had been persecuted as heretics In time the Russian state began tolerating Old Believers in order to lure them out of hiding and make use of their financial resources as a means of controlling and developing Russia s vast and heterogeneous empire However the Russian Empire was also an Orthodox state and conversion from Orthodoxy constituted a criminal act So which was better for ensuring the stability of the Russian Empire managing heterogeneity through religious toleration or enforcing homogeneity through missionary campaigns Edinoverie remained contested and controversial throughout the nineteenth and early twentieth centuries as it was distrusted by both the Orthodox Church and the Old Believers themselves The state reinforced this ambivalence using edinoverie as a means by which to monitor Old Believer communities and employing it as a carrot to the stick of prison exile and the deprivation of rights In Unity in Faith James White s study of edinoverie offers an unparalleled perspective of the complex triangular relationship between the state the Orthodox Church and religious minorities in imperial Russia **Dostoevsky in Context** Deborah A. Martinsen,Olga Maiorova,2016-01-05 This volume explores the Russia where the great writer Fyodor Dostoevsky 1821 81 was born and lived It focuses not only on the Russia depicted in Dostoevsky s works but also on the Russian life that he and his contemporaries experienced on social practices and historical developments political and cultural institutions religious beliefs ideological

trends artistic conventions and literary genres Chapters by leading scholars illuminate this broad context offer insights into Dostoevsky s reflections on his age and examine the expression of those reflections in his writing Each chapter investigates a specific context and suggests how we might understand Dostoevsky in relation to it Since Russia took so much from Western Europe throughout the imperial period the volume also locates the Russian experience within the context of Western thought and practices thereby offering a multidimensional view of the unfolding drama of Russia versus the West in the nineteenth century
