

THE OFFICIAL ENCYCLOPEDIA OF SCOTLAND YARD

BEHIND THE SCENES AT SCOTLAND YARD

MARTIN FIDO AND KEITH SKINNER

Official Encyclopedia Of Scotland Yard

David J. Cox

Official Encyclopedia Of Scotland Yard:

The Official Encyclopedia of Scotland Yard Martin Fido, Keith Skinner, 1999 For over 170 years Scotland Yard has been the headquarters of the Metropolitan Police Service This encyclopedia reveals facts and stories from Scotland Yard s history It also profiles the activities techniques and structures of the modern Metropolitan Police **Scotland Yard's History of Crime in 100 Objects** Alan Moss, Keith Skinner, 2015-10-05 Explore Britain s dark criminal history through the fascinating objects that have been hidden away in the Crime Museum at Scotland Yard a collection that although world famous is so sensitive it is not open to public view Each object tells its own story the briefcase with a concealed syringe owned by the notorious Kray twins the gun Ruth Ellis used to murder her lover David Blakely a burnt out computer from the Glasgow airport car bomb a picture from the property of Dennis Nilsen of the grisly drain that was blocked with human body parts and the gun that Edward Oxford fired at Queen Victoria that failed to assassinate her Updated to feature new objects that have entered the collection since 2015 Scotland Yard s History of Crime in 100 Objects is an absorbing sometimes shocking and often disturbing journey through criminal history Peer within to experience a unique insight into the crimes and criminals dealt with by Scotland Yard *Scotland Yard's Murder Squad* Dick Kirby, 2020-07-30 Get a behind the scenes look at fourteen historic cases from the Murder Squad of Scotland Yard in this collection perfect for true crime fans In 1906 the Metropolitan Police Commissioner was asked by the Home Office to make available skilled investigators for murder inquiries nationwide as few constabularies had sufficiently skilled or indeed any detectives Thus was born the Reserve Squad or Murder Squad as it later became known Despite a reluctance by some forces to call upon The Met the Murder Squad has proved its effectiveness on countless occasions with its remit extended to British territories overseas A particularly sensitive case was the murder of a local superintendent on St Kitts and Nevis A former Scotland Yard detective the author uses his contacts and experiences to get the inside track on a gruesome collection of infamous cases Child murderers a Peer s butler a King s housekeeper gangsters jealous spouses and the notorious mass murderer Dr Bodkin Adams compete for space in this spine chilling and gripping book which is testament to the Murder Squad s skills and ingenuity and the evil of the perpetrators Brimming with gruesome killings this highly readable book proves that there is no substitute for old fashioned footwork and instinct [Scotland Yard's Ghost Squad](#) Dick Kirby, 2011-12-01 When the Second World War ended England was bombed out and starving with practically every saleable commodity rationed It was the age of austerity and criminal opportunity Thieves broke into warehouses hijacked trucks and ransacked rail yards to feed the black market others stole recycled or forged ration coupons Scotland Yard was 6 000 men under strength but something dramatic had to be done and it was Four of the Yards best informed detectives were summoned to form the Special Duties Squad and were told Go out into the underworld Gather your informants Do whatever is necessary to ensure that the gangs are smashed up We will never ask you to divulge your sources of information But remember you must succeed They did Divisional Detective Inspector Jack

Capstick a brilliant thief taker and informant runner Detective Inspector Henry Clark who knew the south London villains as few other detectives did and in addition possessed a punch like the kick of a mule and Detective Sergeants Matt Brinnand and John Gosling who topped the Flying Squad wartime arrests both individually and collectively In under four years they arrested 789 criminals solved 1 506 cases and recovered stolen property valued at 250 000 or 10 million by todays standards with the aid of their informants undercover officers and their own unsurpassed ability The Special Duties Squad was a one off How the four officers accomplished their task is divulged in this thrilling book using hitherto unseen official documents and conversations from people who were there **Charles Warren** Kevin Shillington,2021-08-08 The life of Charles Warren

Royal Engineer is a compelling story full of action conflict triumph and disaster with reputations gained and lost All set against the background of an expanding British Empire It is a tale of secrecy Freemasonry and pioneering archaeology as the young Lt Warren still only in his twenties tunnelled under the Holy City of Jerusalem in search of evidence of the Temple of Solomon and Herod the Great A man of high principle and dogged determination Warren thrived on a challenge searching for lost British spies in the desert of the Exodus or publically calling out the rapacious colonialism of Cecil Rhodes Later in different circumstances he ordered the arrest of Winston Churchill Although thrice knighted for his many achievements Warren is most widely remembered as the controversial Metropolitan Police Commissioner who failed to catch Jack the Ripper In the end he faced the supreme challenge in the Anglo Boer War becoming the scapegoat for one of Britain s greatest military disasters the Battle of Spion Kop In this new biography the first for 80 years historian and biographer Kevin Shillington delves into the records and presents a reassessment of Warren s reputation *The Victorian Detective* Alan Moss,Keith Skinner,2013-09-20 At the dawn of the Victorian age there was effectively no police detective force in Britain and detecting methods were rudimentary by the end of Victoria s reign the Criminal Investigation Department had been established and basic forensic tests were in use This book explores the development of the professional detective during the nineteenth century giving examples of the methods he used to track down criminals and to convict them of offences ranging from petty theft to brutal murder It also explains the development of forensics from fingerprinting to tests that could identify whether or not blood was human Mysteries such as the Jack the Ripper murders are examined as well as the work of famous sleuths like the Prince of Detectives Jonathan Whicher the real life counterpart of the legendary Sherlock Holmes

Encyclopedia of Police Science Jack Raymond Greene,2006-10-23 In 1996 Garland published the second edition of the Encyclopedia of Police Science edited by the late William G Bailey The work covered all the major sectors of policing in the US Since then much research has been done on policing issues and there have been significant changes in techniques and in the American police system Technological advances have refined and generated methods of investigation Political events such as the terrorist attacks of September 11 2001 in the United States have created new policing needs while affecting public opinion about law enforcement These developments appear in the third expanded edition of the Encyclopedia of Police

Science 380 entries examine the theoretical and practical aspects of law enforcement discussing past and present practices The added coverage makes the Encyclopedia more comprehensive with a greater focus on today s policing issues Also added are themes such as accountability the culture of police and the legal framework that affects police decision New topics discuss recent issues such as Internet and crime international terrorism airport safety or racial profiling Entries are contributed by scholars as well as experts working in police departments crime labs and various fields of policing

A Certain Share of Low Cunning David J. Cox,2010-02-01 This book provides an account and analysis of the history of the Bow Street Runners precursors of today s police force Through a detailed analysis of a wide range of both qualitative and quantitative research data this book provides a fresh insight into their history arguing that the use of Bow Street personnel in provincially instigated cases was much more common than has been assumed by many historians It also demonstrates that the range of activities carried out by Bow Street personnel whilst employed on such cases was far more complex than can be gleaned from the majority of books and articles concerning early nineteenth century provincial policing which often do little more than touch on the role of Bow Street By describing the various roles and activities of the Bow Street Principal Officers with specific regard to cases originating in the provinces it also places them firmly within the wider contexts of provincial law enforcement and policing history The book investigates the types of case in which the Runners were involved who employed them and why how they operated including their interaction with local law enforcement bodies and how they were perceived by those who utilized their services It also discusses the legacy of the Principal Officers with regard to subsequent developments within policing Bow Street Police Office and its personnel have long been regarded by many historians as little more than a discrete and often inconsequential footnote to the history of policing leading to a partial and incomplete understanding of their work This viewpoint is challenged in this book which argues that in several ways the utilization of Principal Officers in provincially instigated cases paved the way for important subsequent developments in policing especially with regard to detective practices It is also the first work to provide a clear distinction between the Principal Officers and their less senior colleagues

Truly Criminal Martin Edwards,Peter James,2015-04-06 Truly Criminal showcases a group of highly regarded writers who all share a special passion for crime reflected in this superb collection of essays re examining some of the most notorious cases from British criminal history Contributors are all members of the Crime Writers Association CWA including leading novelists Peter Lovesey Andrew Taylor and Catherine Aird winner of the 2015 CWA Diamond Dagger There is also a bonus essay by the late great Margery Allingham about the controversial William Herbert Wallace case which has only recently been rediscovered Among the real life crimes explored in the book are the cases of some of the most infamous killers in British history including Samuel Herbert Dougal the Moat Farm murderer George Joseph Smith the brides in the bath killer and Catherine Foster who murdered her husband with poisoned dumplings With a foreword by international best selling author Peter James and updated with a new introduction from Martin Edwards this collection demonstrates the

art of true crime writing at its very best

Research for Writers R. Michael Stewart,2001

1888 the Dead & the

Desperate A. E. Wasserman,2019-09-04 London's social season is in full glory when Scotland Yard Inspector Frederick Abberline discovers an unidentified well dressed corpse down by the London docks A widower for three years Lord Langsford is in a dark place of his own Although he is shocked by the murder of his gambling acquaintance Edwin Percy he is astounded when he realizes all clues point to him He must solve the crime before Scotland Yard does or he himself will be accused Langsford and Inspector Abberline at odds with each other independently race to identify the killer while the aristocrats and social elite attend dinners and balls Even when Langsford is distracted by Grace Westfield Percy's wealthy and beautiful American fiancé he must turn his attention back to his desperate quest to find the killer and avoid being arrested and hung for a crime he did not commit In this exciting historical mystery Lord Langsford must face dire facts about a murder while wrestling with his heart over a lady promised to another Expect the unexpected because Wasserman in addition to being a superb writer is very adept at pulling surprises out of the bag [Discovering Diamonds Reviews UK](#) [Crime and Culture](#)

René Lévy,Amy Gilman Srebnick,2017-03-02 Scholarly interest in the history of crime has grown dramatically in recent years and because scholars associated with this work have relied on a broad social definition of crime which includes acts that are against the law as well as acts of social banditry and political rebellion crime history has become a major aspect not only of social history but also of cultural as well as legal studies This collection explores how the history of crime provides a way to study time place and culture Adopting an international and interdisciplinary perspective to investigate the historical discourses of crime in Europe and the United States from the sixteenth to the late twentieth century these original works provide new approaches to understanding the meaning of crime in modern western culture and underscore the new importance given to crime and criminal events in historical studies Written by both well known historians and younger scholars from across the globe the essays reveal that there are important continuities in the history of crime and its representations in modern culture despite particularities of time and place *Leading the Police* Kim Stevenson,David

Cox,Iain Channing,2018-03-12 In 2015 the College of Policing published its Leadership Review with specific reference to the type of leadership required to ensure that the next generation of Chief Constables and their management approach will be fit for purpose Three key issues were highlighted as underpinning the effective leadership and management of contemporary policing hierarchy culture and consistency Yet these are not just relevant to modern policing having appeared as constant features implicitly and explicitly since the creation of the first provincial constabularies in 1835 This collection reviews the history of the UK Chief Constable reflecting on the shifts and continuities in police leadership style practice and performance over the past 180 years critiquing the factors affecting their operational management and how these impacted upon the organization and service delivery of their forces The individuality of Chief Constables significantly impacts on how national and local strategies are implemented shaping relationships with their respective communities and local authorities

Importantly the book addresses not just the English experience but considers the role of Chief Constables in the whole of the United Kingdom highlighting the extent to which they could exercise autonomous authority over their force and populace The historical perspective adopted contextualises existing considerations of leadership in modern policing and the extensive timeframe and geographical reach beyond the experience of the Metropolitan force enables a direct engagement with contemporary debates It also offers a valuable addition to the existing literature contributing to the institutional memory of UK policing The contributors represent a range of disciplines including history law criminology and leadership studies and some also have practical policing experience

The English and Violence Since 1750 Clive Emsley, 2007-01-20 **Hard Men** is the leading authority on Britain's historic culture of violence It is dispassionate in tone and includes discussion of domestic violence against women and political protest

EBOOK: Keywords in Policing Ian Pepper, Helen Pepper, 2008-12-16 Language reflects the operating heart and culture of any group of people or organization The police service is no different except that in England and Wales it uses 43 slightly different dialects as well This book provides newcomers to British policing with an essential phrasebook that will support them while they learn the language of the profession Peter Wright former Assistant Chief Constable of West Mercia Constabulary A valuable reference text for those studying and involved in the field of law enforcement Easy to use accurate understandable and comprehensive and goes a long way to demystify common everyday terminology used in today's criminal justice system Dr Nigel J Callaghan Forensic Physician and Barrister at Law Like any large organisation the police service has developed its own language that may be confusing to those new to its ranks such as police officers community support officers special constables crime scene investigators or intelligence analysts This book is an invaluable reference providing short easy to read definitions of the most significant keywords and abbreviations used within contemporary policing and law enforcement Presented in alphabetical order the user friendly definitions describe the words terms and abbreviations which are frequently used within 21st century policing **Keywords in Policing** is essential reading for students and professionals studying and working in the fields of policing law enforcement and criminal justice particularly those on vocational courses serving within the police force community support officers or working with alternate law enforcement agencies

Crime Scene Investigation: Methods and Procedures Ian Pepper, 2010-07-16 Forensic evidence is dynamic in its context and continues to be highly significant in the detection and prosecution of crime This means that the knowledge skill and ability of the person who examines the scene of the crime the Crime Scene Investigator CSI must be thorough and up to date The second edition of this book guides trainee and newly appointed CSIs through the methods and procedures for the accurate recording and recovery of evidence from the scene of a crime This step by step handbook has been thoroughly updated and includes features such as Photographs of the recording recovery and comparison of evidence Detailed drawings of evidence organizational structures and procedures Checklists of roles equipment and activities required at a crime scene Self assessment questions There is also information on

best practice and professional development that is invaluable to any new or aspiring CSI Crime Scene Investigation is essential reading for all students undergraduate or FE with an interest in forensic law enforcement particularly those wishing to become Crime Scene Investigators It is also a handy reference for trainee and professional forensic practitioners

No Case to Answer Andrew Cook,2022-04-21 In the early hours of Thursday 8 August 1963 sixteen masked men ambushed the Glasgow Euston mail train at Sears Crossing in Buckinghamshire Making off with a record haul of 2 6 million the robbers received approximately 150 000 each over 2 million in today s money While twelve of the robbers were jailed over the next five years four were never brought to justice they evaded arrest and thirty year prison sentences and lived out the rest of their lives in freedom In stark contrast to the likes of Ronnie Biggs Buster Edwards and Bruce Reynolds they became neither household names nor tabloid celebrities Who were these men How did they escape detection for so long And how almost sixty years later are their names still not common knowledge In No Case to Answer Andrew Cook gathers and examines decades of evidence and lays it out end to end It s time for you to draw your own conclusions Journal of the Police History Society No. 31 2017 Adam Wood,2017-09-01 Volume 31 of the Journal of the Police History Society **Law's Strangest Cases** Peter Seddon,2016-02-12 A rollicking collection of barely believable stories from five centuries of legal history you ll be gripped by these tales of murder intrigue crime punishment and the pursuit of justice Meet the only dead parrot ever to give evidence in a court of law the doctor with the worst bedside manner of all time the murderess who collected money from her mummified victim for 21 years and explore one of the most indigestible dilemmas if you d been shipwrecked 2 000 miles from home would you have eaten Parker the cabin boy The tales within these pages are bizarre fascinating hilarious and most importantly true Revised redesigned and updated for a new generation of legal eagles this book is the perfect gift for lawyers armchair detectives and true crime aficionados everywhere *Crime in England 1688-1815* David Cox,2014-04-24 *Crime in England 1688 1815* covers the long eighteenth century a period which saw huge and far reaching changes in criminal justice history These changes included the introduction of transportation overseas as an alternative to the death penalty the growth of the magistracy the birth of professional policing increasingly harsh sentencing of those who offended against property owners and the rapid expansion of the popular press which fuelled debate and interest in all matters criminal Utilising both primary and secondary source material this book discusses a number of topics such as punishment detection of offenders gender and the criminal justice system and crime in contemporaneous popular culture and literature This book is designed for both the criminal justice history criminology undergraduate and the general reader with a lively and immediately approachable style The use of carefully selected case studies is designed to show how the study of criminal justice history can be used to illuminate modern day criminological debate and discourse It includes a brief review of past and current literature on the topic of crime in eighteenth century England and Wales and also emphasises why knowledge of the history of crime and criminal justice is important to present day criminologists Together

with its companion volumes it will provide an invaluable aid to both students of criminal justice history and criminology
