Tamanaha, 2022-12-22 An essential title for anyone thinking of law school or concerned with America's dysfunctional legal system Library Journal On the surface law schools today are thriving Enrollments are on the rise and law professors are among the highest paid Yet behind the flourishing facade law schools are failing abjectly Recent front page stories have detailed widespread dubious practices including false reporting of LSAT and GPA scores misleading placement reports and the fundamental failure to prepare graduates to enter the profession Addressing all these problems and more is renowned legal scholar Brian Z. Tamanaha Piece by piece Tamanaha lays out the how and why of the crisis and the likely consequences if the current trend continues The out of pocket cost of obtaining a law degree at many schools now approaches 200 000 The average law school graduate's debt is around 100 000 the highest it has ever been while the legal job market is the worst in decades Growing concern with the crisis in legal education has led to high profile coverage in the Wall Street Journal and the New York Times and many observers expect it soon will be the focus of congressional scrutiny Bringing to the table his years of experience from within the legal academy Tamanaha provides the perfect resource for assessing what's wrong with law schools and figuring out how to fix them *Failing Law Schools* presents a comprehensive case for the negative side of the legal education debate and I am sure that many legal academics and every law school dean will be talking about it Stanley Fish Florida International University College of Law
