ON THE

FIRING LINE

The Public Life of Our Public Figures

Introduction by ALISTAIR COOKE

On The Firing Line The Public Life Of Our Public Figures

A. Scott Henderson, Paul Lee Thomas

On The Firing Line The Public Life Of Our Public Figures:

On the Firing Line William F. Buckley (Jr.), 1989 Selected transcripts of and original commentary on the television series Firing line *On the firing line* William Frank Buckley, 1988 **The Fire Is Upon Us** Nicholas Buccola, 2020-09 Paperback reprint Originally published 2019 *Spy*, 1989-07 Smart Funny Fearless It s pretty safe to say that *Spy* was the most influential magazine of the 1980s It might have remade New York s cultural landscape it definitely changed the whole tone of magazine journalism It was cruel brilliant beautifully written and perfectly designed and feared by all There s no magazine I know of that s so continually referenced held up as a benchmark and whose demise is so lamented Dave Eggers It s a piece of garbage Donald Trump *Conversations with William F. Buckley Jr* William F. Buckley (Jr.), William F. Meehan, 2009 The fifteen interviews in this collection are reprinted as they appeared originally Introduction Ronald Reagan and Margaret Thatcher Nicholas Wapshott, 2007-11-08 New details of the remarkable relationship between two leaders who teamed up to change history It s well known that Ronald Reagan and Margaret Thatcher were close allies and kindred political spirits During their eight overlapping years as U S president and UK prime minister they stood united for free markets low taxes and a strong defense against communism But just how close they really were will surprise you Nicholas Wapshott finds that the Reagan Thatcher relationship was much deeper than an alliance of mutual interests Drawing on extensive interviews and hundreds of recently declassified private letters and telephone calls he depicts a more complex intimate and occasionally combative relationship than has previously been revealed **A Torch Kept Lit** William F. Buckley, Jr., 2016-10-04 The New York Times Bestseller William F Buckley Jr remembers as only he could the towering figures of the twentieth century in a brilliant and emotionally powerful collection compiled by acclaimed Fox News correspondent James Rosen In a half century on the national stage William F Buckley Jr achieved unique stature as a writer a celebrity and the undisputed godfather of modern American conservatism He kept company with the best and brightest the sultry and powerful Ronald Reagan pronounced WFB perhaps the most influential journalist and intellectual in our era and his jet setting life was a who s who of high society fame and fortune Among all his distinctions which include founding the conservative magazine *National Review* and hosting the long running talk show *Firing Line* Buckley was also a master of that most elusive art form the eulogy He drew on his unrivaled gifts to mourn celebrate or seek mercy for the men and women who touched his life and the nation Now for the first time WFB s sweeping judgments of the great figures of his time presidents and prime ministers celebrities and scoundrels intellectuals and guitar gods are collected in one place *A Torch Kept Lit* presents more than fifty of Buckley s best eulogies drawing on his personal memories and private correspondences and using a novelist s touch to conjure his subjects as he knew them We are reintroduced through Buckley s eyes to the likes of Winston Churchill and Ronald Reagan Elvis Presley and John Lennon Truman Capote and Martin Luther King Jr Curated by Fox News chief Washington correspondent James Rosen a Buckley prot g and frequent contributor to *National Review* this volumes sheds light on a

tumultuous period in American history from World War II to Watergate the death of God to the Grateful Dead as told in the inimitable voice of one of our most elegant literary stylists William F Buckley Jr is back just when we need him most

Brothers No More William F. Buckley, Jr.,2012-05-02 Bestselling author William F Buckley Jr offers a terrific new novel in the gloriously gripping tradition of Howard Fast Irwin Shaw and Jeffery Archer of men and women caught between the force of history and the power of their own desires Italy 1944 Pfc Danny O Hara and Pfc Henry Chafee are part of a regiment ordered to attack a German unit north of Rome But at the critical moment one young man s courage fails him Court martial and shame are averted only by the other s apparently valiant effort to cover for him A complex lifelong bond is thus forged between two men who seem an unlikely match Henry is the son of a widowed librarian quiet studious devoted to his sister Caroline Danny is gregarious charming aglow with the glamour of wealth and privilege He is also the President s grandson Brothers No More is the sweeping story of the lives and times of these two men one searching to redeem his courage and resolve the other undone by his own ambition and greed both spellbound by the devout and beautiful Caroline From the European theater of World War II to the deadly jungles of Vietnam from the verdant lawns of Yale to the glittering casinos of the French Riviera from the intimate warmth of a suburban home to the most rarefied corridors of corporate power Brothers No More spans continents and decades to touch on some of the most significant events in modern history With the masterful storytelling power sophisticated wit and deft blend of fact and fiction that have won William F Buckley Jr legions of devoted readers around the world Brothers No More is an unforgettable novel of honor betrayal and faith Literature and Humanitarian Reform in the Civil War Era Gregory Eiselein,1996-12-22 this volume presents a reasonable fresh and well researched reading of several key texts in American studies Journal of the American Studies Association of Texas During the Civil War a crisis erupted in philanthropy that dramatically changed humanitarian theories and demanded new approaches to humanitarian work Certain writer activists began to advocate an eccentric benevolence a type of philanthropy that would undo the distinction between the powerful bestowers of benevolence and the weaker folks who receive it Among the figures discussed are the anti philanthropic Henry David Thoreau and the dangerously philanthropic John Brown **Strictly Right** Linda Bridges,John R. Coyne, Jr.,2007-04-13 An affectionate portrait of the man who started it all With this graceful homage to Bill Buckley two people who have known the pleasure of his company as friends and colleagues place him where he incontestably belongs at the center of the conservative political movement that moved the center of American politics to the right George F Will Newsweek Strictly Right paints an intimate and penetrating portrait of the elegant and multifaceted figure who has helped to add a new dimension to the American political canvas Henry A Kissinger Bill and I and others have been good friends for almost sixty years and I thought I knew of his life as well as anyone but Linda and John have brought the events together in a magnificent story that surpasses all that we have absorbed If you like and admire Bill you must read this If you don t read it anyway it will be good for you Evan G Galbraith former Ambassador to France and Chairman of

National Review Linda Bridges and John Coyne evoke the true old times when every morning brought a noble chance and every chance brought out William F Buckley Jr ready to write speak question provoke tease or praise in print in person or on the tube as required All honor to him and to the authors who capture him in these pages Richard Brookhiser author of What Would the Founders Do Our Questions Their Answers **Dollarocracy** John Nichols,Robert W. McChesney,2013-06-11 Fresh from the first 10 billion election campaign two award winning authors show how unbridled campaign spending defines our politics and failing a dramatic intervention signals the end of our democracy Blending vivid reporting from the 2012 campaign trail and deep perspective from decades covering American and international media and politics political journalist John Nichols and media critic Robert W McChesney explain how US elections are becoming controlled predictable enterprises that are managed by a new class of consultants who wield millions of dollars and define our politics as never before As the money gets bigger especially after the Citizens United ruling and journalism a core check and balance on the government declines American citizens are in danger of becoming less informed and more open to manipulation With groundbreaking behind the scenes reporting and staggering new research on the money power Dollarocracy shows that this new power does not just endanger electoral politics it is a challenge to the DNA of American democracy itself James Baldwin A. Scott Henderson,Paul Lee Thomas,2014-05-05 The recognition and study of African American AA artists and public intellectuals often include Martin Luther King Jr and occasionally Booker T Washington W E B DuBois and Malcolm X The literary canon also adds Ralph Ellison Richard White Langston Hughes and others such as female writers Zora Neale Hurston Maya Angelou and Alice Walker Yet the acknowledgement of AA artists and public intellectuals tends to skew the voices and works of those included toward normalized portrayals that fit wellwithin foundational aspects of the American myths refl ected in and perpetuated by traditional schooling Further while many AA artists and public intellectuals are distorted by mainstream media public and political characterizations and the curriculum several powerful AA voices are simply omitted ignored including James Baldwin This edited volume gathers a collection of essays from a wide range of perspectives that confront Baldwin s impressive and challenging canon as well as his role as a public intellectual Contributors also explore Baldwin as a confrontational voice during his life and as an enduring call for justice **Focus On: 100 Most Popular Former Roman Catholics** Wikipedia contributors, *Nearer, My God* William F. Buckley, Jr.,2011-10-05 His Roman Catholic faith has been an enduring part of the life and personality of William Buckley Jr Now for the first time since his ground breaking *God and the Man* at Yale he has written a book about faith his own *Nearer My God* An Autobiography of Faith is William Buckley s superbly written story of his life seen through his abiding love for the Catholic Church a love instilled in him from childhood He reminisces about his school days in England his family the affect the Lunn Knox dialogue had on him and examines many aspects of Catholicism and its theology doctrine and liturgy and on the way discourses about Lourdes the vernacular mass the Church and the State the Crucifixion the priesthood contraception as well

as the many people who have assisted him on his life's journey. A remarkable revealing book about one man and his faith.

Getting It Right William F. Buckley, 2013-02-05. *Getting It Right* is the story of Kara and Alex, half sisters who have never met. One is the product of an abusive foster care setting, the other of dysfunctional privilege. Haunted by crippling memories, Kara falls for the wrong men, tries to help her foster care siblings suffering from PTSD, and longs for the father and half sister she only knows from a photograph. Alex meanwhile struggles to keep her younger sisters out of trouble, her mother sane, and her marketing business afloat. Now Alex has a new responsibility from his hospital bed: her father tasks her with finding Kara, the mixed race child he abandoned. Alex is stunned to learn of Kara's existence but reluctantly agrees. To make things more complicated, Kara loves a married man whom the FBI is pursuing for insider trading. When Alex eventually finds her half sister, she becomes embroiled in Kara's dangers which threaten to drag them both down. If Kara doesn't help the FBI, she could face prosecution and possible incarceration, and if Alex can't persuade Kara to meet their father, she will let him down during the final days of his life. Set in Harlem, the Bronx, and the wealthy community of Bedford, New York, during two weeks in March, *Getting It Right* explores grit and resilience, evolving definitions of race and family, and the ultimate power of redemption and forgiveness.

President Reagan Lou Cannon, 2008-08-04. Hailed by the *New Yorker* as a superlative study of a president and his presidency, Lou Cannon's *President Reagan* remains the definitive account of our most significant presidency in the last fifty years. Ronald Wilson Reagan, the first actor to be elected president, turned in the performance of a lifetime. But that performance concealed the complexities of the man baffling most who came in contact with him. Who was the man behind the makeup? Only Lou Cannon, who covered Reagan through his political career, can tell us. The keenest Reagan watcher of them all, he has been the only author to reveal the nature of a man both shrewd and oblivious. Based on hundreds of interviews with the president, the First Lady, and hundreds of the administration's major figures, *President Reagan* takes us behind the scenes of the Oval Office. Cannon leads us through all of Reagan's roles: from the affable cowboy to the self-styled family man, from the politician who denounced big government to the president who created the largest peacetime deficit, from the statesman who reviled the Soviet government to the Great Communicator who helped end the cold war.

Keynes Hayek Nicholas Wapshott, 2012-09-10. I defy anybody Keynesian, Hayekian, or uncommitted to read Wapshott's work and not learn something new. John Cassidy, *The New Yorker*. As the stock market crash of 1929 plunged the world into turmoil, two men emerged with competing claims on how to restore balance to economies gone awry. John Maynard Keynes, the mercurial Cambridge economist, believed that government had a duty to spend when others would not. He met his opposite in a little-known Austrian economics professor, Friedrich Hayek, who considered attempts to intervene both pointless and potentially dangerous. The battle lines thus drawn, Keynesian economics would dominate for decades and coincide with an era of unprecedented prosperity, but conservative economists and political leaders would eventually embrace and execute Hayek's contrary vision. From their first face-to-face encounter to the heated arguments between their ardent disciples,

Nicholas Wapshott here unearths the contemporary relevance of Keynes and Hayek as present day arguments over the virtues of the free market and government intervention rage with the same ferocity as they did in the 1930s *Bright, Infinite Future* Mark Green, 2016-05-03 Blending the historical biographical and political the wide ranging *Bright Infinite Future* describes how the values of the 60s are creating a new progressive majority in 16 The multi faceted Mark Green bestselling author public interest lawyer and elected official is our guide through contemporary American politics as Nader launches the modern consumer movement Clinton wins the 1992 New York primary and therefore the nomination and Green loses the closest NYC mayoral election in a century to Bloomberg after 9 11 in a perfect storm of money terrorism and race As Public Advocate Green is Mayor Giuliani's b te noir exposing NYPD's racial profiling killing off Joe Camel and then running against a Murderer's Row of Cuomo de Blasio Schumer and Bloomberg Starting with the consequential movements of the 60s Green shows how a rising tide of minority and millennial voters GOP's lurch from mainstream to extreme and the contrast between the presidencies of Bush and Clinton Obama are leading to a new era of Progressive Patriotism built on four cornerstones an Economy for All Democracy for All Compact on Race Justice and Sustainable Climate Full of behind the scenes stories about bold faced names this will be the 2016 book for liberals looking to a bright infinite future Leonard Bernstein conservatives wanting to know what they're up against and readers who want to know what it takes in the arena

A Treasure Chest of Hidden History Rusty Glover, 2013-09-16 As a high school history teacher for the past 25 years I have collected and read hundreds of books pertaining to my subjects taught On the completion of each book I would carefully take notes on the most interesting events quotes or interpretations that I felt would enhance instruction for my students After filling numerous notepads of information on over 800 books I contemplated a project of sharing my most interesting findings The result of this twenty plus year project is this book This book is divided into 16 chapters based on the various topics presented Some chapters contain a small amount of entries such as Nicknames Espionage or Labor while chapters on the Presidents or quotes will fill over thirty pages The first chapter puts emphasis on the role my home state of Alabama has played on the national scene One chapter is entitled Miscellaneous Odds and Ends due to the subject matter not fitting into any other classification

Psychedelic Mysticism Morgan Shipley, 2015-11-12 Concerned with scholarly popular and religious backdrops that understand the connection between psychedelics and mystical experiences to be devoid of moral concerns and ethical dimensions a position supported empirically by the rise of acid fascism and psychedelic cults by the late 1960s *Psychedelic Mysticism Transforming Consciousness Religious Experiences and Voluntary Peasants in Postwar America* traces the development of sixties psychedelic mysticism from the deconditioned mind and perennial philosophy of Aldous Huxley to the sacramental ethics of Timothy Leary Richard Alpert and Ralph Metzner to the altruistic religiosity practiced by Stephen Gaskin and The Farm Building directly off the pioneering psychedelic writing of Huxley these psychedelic mystics understood the height of psychedelic consciousness as an existential awareness of unitive oneness a position that offered

worldly alternatives to the maladies associated with the postwar moment e g vapid consumerism and materialism lifeless conformity unrelenting racism heightened militarism In opening a doorway to a common world Morgan Shipley locates how psychedelics challenged the coherency of Western modernity by fundamentally reorienting postwar society away from neoliberal ideologies and toward a sacred understanding of reality defined by mutual coexistence and responsible interdependence In 1960s America psychedelics catalyzed a religious awakening defined by compassion expressed through altruism and actualized in projects that sought to ameliorate the conditions of the least advantaged among us In the exact moments that historians and cultural critics often locate as signaling the death knell of the counterculture Gaskin and The Farm emerged not as a response to the perceived failures of the hippies nor as an alternative to sixties politics but in an effort to fulfill the religious obligation to help teach the world how to live more harmoniously Today as we continue to confront issues of socioeconomic inequality entrenched differences widespread violence and the limits of religious pluralism Psychedelic Mysticism serves as a timely reminder of how religion in America can operate as a tool for destabilization and as a means to actively reimagine the very basis of how people relate such a legacy can aid in our own efforts to build a more peaceful sustainable and compassionate world

Embark on a transformative journey with Explore the World with is captivating work, Discover the Magic in **On The Firing Line The Public Life Of Our Public Figures** .
