Dmitri Shostakovich Catalogue Derek C. Hulme, 2010-02-18 Dmitri Shostakovich 1906-75 was one of the greatest composers of the 20th century as well as the first major Soviet composer. In the fourth edition of Dmitri Shostakovich Catalogue: The First Hundred Years and Beyond Derek C. Hulme names and describes all known musical compositions of the Russian composer. More than 175 major works are annotated and discussed, including such comprehensive details as titles and subtitles, dates of composition, instrumentation, and duration; information on dedications and premieres; arrangements by the composer and others; publication details; notes on bibliographical references; and the location of the autograph score and comprehensive chronological lists of vinyl, compact disc, and visual recordings. The entries are presented chronologically and by opus number, while indexes of names and compositions provide full accessibility. Several appendixes supplement the volume, guiding readers to further information in published sources and providing information on the composer's film, radio, television, and theatre productions; his abandoned projects and obscure works; and his recordings, including box sets and special USSR recordings. An appendix also discusses the monogram DSCH, a musical motif based on his name that permeates his compositions. This new edition also includes a comprehensive chronological chart of Shostakovich's works and historical events and several plates of memorabilia.

Prokofiev's Ballets for Diaghilev Stephen D. Press, 2017-07-05 Ballet impresario Sergey Pavlovich Diaghilev and composer Sergey Sergeyevich Prokofiev are eminent figures in twentieth-century cultural history, yet this is the first detailed account of their fifteen-year collaboration. The beginning was not trouble-free, but despite two false starts, *Ala i Lolli* and the first version of its successor *Chout*, Diaghilev maintained his confidence in the composer. With his guidance and encouragement, Prokofiev established his mature balletic style. After some years of estrangement during which Prokofiev wrote for choreographer Boris Romanov and conductor/publisher Serge Koussevitsky, Diaghilev came to the composer's rescue at a low point in his Western career. The impresario encouraged Prokofiev's turn towards a new simplicity and offered him a great opportunity for career renewal with a topical ballet on Soviet life, *Le Pas d'acier*. Even as late as 1928-29, Diaghilev compelled Prokofiev to achieve new heights of expressivity in his characterizations, *L'Enfant prodigue*. Although Western scholars have investigated Prokofiev's operas, piano works, and symphonies, little attention has been paid to his early ballets written for Diaghilev's *Ballets Russes*. Despite Prokofiev's devotion to opera, it was his ballets for Diaghilev, as much as his concertos and solo piano works, that earned him renown in Western Europe in the 1920s. Stephen D. Press discusses the genesis of each ballet, including the important contributions of the scenic designers Mikhail Larionov, Georgy Yakulov, and Georges Rouault, and the choreographer/dancers Lidiya Massine, Serge Lifar, and George Balanchine, and the special relationship between the ballet's progenitors.
