Collins,2011-08-17

Abstract Poetry 4 Life is a robust collection of poems and inspirational writings that are designed to enlighten the mind strengthen the soul and liberate the spirit This abstract and innovative approach to poetic literature has changed lives as it touches the deepest places of the human essence Escape the chaos of life and embrace symmetrical harmony within the infinite places of imagination and poetic wonder Do-Overs and Detours Steve Vernon,2017-02-17 Detours are amazing creatures A detour can shortcut your existence or it can lead you down a forever long road that will linger far into the distant reaches of eternity It is these unexpected tangents that people stumble across nearly every day that will haunt you in a frighteningly familiar fashion Wander into a laundromat and find a kind of a time machine Indulge yourself in a particularly nasty game of baseball Hitch a ride on a freight train with the piggyback man or entomb yourself in a trailer walled with books or take a ride on a bus that is going nowhere fast or just lean over an empty ocean and wait for the very first mermaid you see Detour around an overturned trailer of chickens and find a chance to do it all over again Take a taxi ride with a very hungry passenger or just walk in the park and watch a juggler balancing severed heads Reality will take you only so far and after that there is nothing to rely on but faith and fear I offer you eighteen eerie tales of fantasy horror science fiction and all around strangeness that will take you to the edge of the map and then nudge you just a little bit further If Harlan Ellison Richard Matheson and Robert Bloch had a three way sex romp in a hot tub and then a team of scientists came in and filtered out the water and mixed the leftover DNA into a test tube the resulting genetic experiment would most likely grow up into Steve Vernon Bookgasm **I Ching** ,2010-04 The I Ching Yijing is an important text in the canon of world literature It is also a divination tool familiar to millions of modern users Books on the I Ching tend to approach it exclusively as one or the other literary text or oracle This annotated translation is designed to reconcile a century of provocative new scholarship with the function of divination for the modern reader The most exciting new scholarship illuminates the epic tale of wise King Wen valorous King Wu and the rise of the Zhou dynasty The emergence of this wonderful story explains countless cryptic allusions in the I Ching It also provides an elegant way to recover the divinatory function for the modern reader and suggests how it may have functioned for the original diviners In this view to make a divination is to read the moment against the dynasty change narrative truly to consult King Wen The Power of Positive Eating...After the Fast Walt F.J. On Be(come)ing a Woman of Wisdom Patricia Spinoza, 2023-11-29. Volume 2 of this memoir picks up where Volume 1 left off with the author on her way to the Krishnamurti Educational Center in Alresford, England, about 60 miles southwest of London, to live and study in this spiritual community. As she turns from the external journey of her youth and young adulthood to an inward psychic journey, devastating and sublime in its revelations, we witness the author's continued quest to explode her natural sexual Shakti Energy into an influential and artful feminine wisdom. From mid-life to cronehood, we wonder at the unfolding of a relationship of chaos and love, at her embracing of celibacy, join her in the darkness of unknowingness, and journey into the hidden influence of the patriarchy. We cheer as she meets the challenges of attaining her bona fides as a Process Work therapist and delight in witnessing her heart opening during three months volunteering at an orphanage in India. Further, we follow the author's growing psychological and emotional maturity through sorceric maneuvers and psychedelic medicine work. Her journey culminates in an unexpected relationship with a tantric partner that, through their united body energies, leads to a vast, formidable, and sustained opening to sublime joy and connection with the very fabric of life. In this and the previously published volume, the author unashamedly exemplifies a pathway through conventional societal and familial limits to the hidden spiritual truths behind women's sexuality and truth-telling. These two books are nothing less than a call for women in every walk of life to dare to embrace their personal stories, family lineage, intimate relationships, motherhood, and sexual energies with wonder and curiosity, and courageously tell their stories. The author proposes that this vital ownership and declaration by women of their full feminine wisdom and power is the key to reshaping our society and sustaining the beauty and plenitude of planet Earth so she can sustain us.
