R. Tyrrell**

Scotland Sober And Free The Temperance Movement 18291979:

History of Drinking Anthony Cooke,2015-07-19 This book examines continuity and change in the functions of Scottish drinking places

Police Courts in Nineteenth-Century Scotland, Volume 2 David G. Barrie,Susan Broomhall,2016-04-22 Volume 2 of this two volume companion study into the administration experience impact and representation of summary justice in Scotland explores the role of police courts in moulding cultural ideas social behaviours and urban environments in the nineteenth century Whereas Volume 1 subtitled Magistrates Media and the Masses analysed the establishment development and practice of police courts Volume 2 subtitled Boundaries Behaviours and Bodies examines through themed case studies how these civic and judicial institutions shaped conceptual spatial temporal and commercial boundaries by regulating every day activities pastimes and cultures As with Volume 1 Boundaries Behaviours and Bodies is attentive to the relationship between magistrates the police the media and the wider community but here the main focus of analysis is on the role and impact of the police courts through their practice on cultural ideas social behaviours and environments in the nineteenth century city By intertwining social cultural institutional and criminological analyses this volume examines police courts external impact through the matters they treated considering how concepts such as childhood and juvenile behaviour violence and its victims poverty migration health and disease and the regulation of leisure and trade were assessed and ultimately affected by judicial practice

Police Courts in Nineteenth-Century Scotland, Volume 2 Professor Susan Broomhall,Dr David G Barrie,2015-01-28 Taking the form of two companion volumes *Police Courts in Nineteenth Century Scotland* represents the first major investigation into summary justice in Scottish towns c 1800 to 1892 Whereas Volume 1 subtitled Magistrates Media and the Masses analysed the establishment development and practice of police courts Volume 2 explores through themed case studies the role of police courts in moulding cultural ideas social behaviours and urban environments in the nineteenth century

Civil Society, Associations and Urban Places Boudien de Vries,2016-12-05 In recent years the concept of civil society has become central to the historian s understanding of class cultural and political power in the nineteenth century town and city Increasingly clubs and voluntary societies have been regarded as an important step in the formation of formal political parties particularly for the working and middle classes The result of this is the assertion that the more associations existing in a particular society the deeper democracy becomes entrenched In order to test this hypothesis this volume brings together essays by an international group of urban historians who examine the construction of civil society from associational activity in the urban place From their studies it soon becomes clear that such simple propositions do not adequately reflect the dynamics of nineteenth century urban society and politics Urban associations were ideological in purpose and deliberately discriminatory and as such set the boundaries of civil society Thus competing and segmented associations were not only an indication of pluralism and strength but also highlighted a fundamental weakness when faced down by the interests of the state Through a wide array of urban associations in a broad

range of settings comprising Austria and Bratislava France and Italy the Netherlands Austro Hungary England Scotland and the US this volume reflects on the construction of class nation and culture in the associations of the nineteenth century urban place In so doing it shows that a deep and interlocking civil society does not automatically lead to a rise in democratic activity Expansion of the networks of urban association could equally result in greater subdivision and to the fragmentation and isolation of certain groups Partition as much as coherence is our understanding of civil society and associations in the nineteenth century urban place [England, Ireland, Scotland, Wales](#) Keith Robbins,2008-09-04 This is a lovely and accessible examination of all branches of the Christian Church in England Ireland Scotland and Wales in the twentieth century in their central interaction with politics social issues war and culture It considers their pursuit of an elusive unity throughout a century when prevailing cultural attitudes underwent massive change **People and Society in Scotland, 1830-1914** W. Hamish Fraser,R. J. Morris,2021-11-01 This is the second volume of a three volume study of Scottish social change and development from the eighteenth century to the present day originally published by John Donald in association with the Economic and Social History Society of Scotland The series covers the history of industrialisation and urbanisation in Scottish society and records many experiences which Scotland shared in common with other societies looking at the impact of those changes throughout the spectrum of society from croft bothy and hunting lodge to mines foundries and urban poor houses The series is intended to illustrate the identity and distinctiveness of Scotland through its separate institutions and through areas such as language law and religion and recognises Scotland as a multi cultured society the highland and lowland cultures being only two among several *Alcohol and Temperance in Modern History* Jack S. Blocker Jr.,David M. Fahey,Ian R. Tyrrell,2003-12-17 A comprehensive encyclopedia on all aspects of the production consumption and social impact of alcohol Alcohol and Temperance in Modern History An International Encyclopedia spans the history of alcohol production and consumption from the development of distilled spirits and modern manufacturing and distribution methods to the present Authoritative and unbiased it brings together the work of hundreds of experts from a variety of disciplines with an emphasis on the extraordinary wealth of scholarship developed in the past several decades Its nearly 500 alphabetically organized entries range beyond the principal alcoholic beverages and major producers and retailers to explore attitudes toward alcohol in various countries and religions traditional drinking occasions and rituals and images of drinking and temperance in art painting literature and drama Other entries describe international treaties and organizations related to alcohol production and distribution global consumption patterns and research and treatment institutions as well as temperance prohibition and antiprohibitionist efforts worldwide [Building on a Common Foundation](#) Brian R. Talbot,2021-04-12 In the second half of the nineteenth century Scottish Baptists like other Evangelical Protestant denominations were focusing more on things they had in common such as a commitment to home evangelization and church planting providing a common fund to assist small and struggling congregations the provision of theological education for the

training of prospective pastors together with the need to disseminate information between the churches concerning their progress in the work of the gospel From the start of this Baptist Union in 1869 the numbers of churches and members grew steadily until 1935 It was a remarkable story of dedicated Christian service Scottish Baptists came through two world wars the social revolution of the 1960s and the materialistic emphases of the 1980s with a significant degree of success in adapting their evangelistic activities to relate to their social context There is little doubt that from the late 1980s the growing secularization in this country ensured that mission strategies adopted by these Scottish Christians were less successful than in previous decades However a revitalization of its work in the early years of the twenty first century has given renewed grounds for hope for its work and witness in the coming years

People and Power in Scotland Roger A. Mason, Norman

Macdougall, 2001-01-01 Few Scottish historians are better known than T C Smout and fewer still more deserving of the high esteem in which they are held He has made an outstanding contribution to Scottish historical studies both as an academic discipline and as a subject of wide popular appeal His retirement in 1991 after twelve years as Professor of Scottish History at the University of St Andrews diminished neither his interest nor his output It did however provide a fitting opportunity to honour his accomplishments This collection of ten essays by his friends and colleagues at St Andrews is a measure of his enormous success in promoting Scottish history there and of their respect for his achievements Ranging widely over the Scottish past from the fifteenth to the nineteenth centuries from high politics to popular protest from shipwrecks to railway mania from local social studies to the problem of national identity the essays pay tribute to the depth of Smout's historical understanding by reflecting the breadth of research that he has done so much to encourage

Pubs and Patriots Robert Duncan, 2013-09-04 This book considers the problem of excessive drinking and the drink crisis which apparently hindered the British war effort during the First World War

Industrial Nation William Knox, 2019-07-31 No detailed description available for Industrial Nation

Temperance Societies in Late Victorian and Edwardian England David M. Fahey, 2020-09-23 By studying the temperance societies that flourished in late Victorian and Edwardian England this book opens a window through which we can view middle class and working class society Such societies provided the backbone for temperance both as a social movement and a political lobby Most temperance societies became aligned with the Liberal Party in support of prohibition by Local Veto A few allowed members to drink but most were committed to total abstinence There were organizations of middle class men of workingmen and their wives of women and of children and youth The largest adult society was affiliated with the Church of England but most societies were identified with Nonconformist denominations

Memoirs of Victorian Working-Class Women Florence s. Boos, 2017-12-02 This volume is the first to identify a significant body of life narratives by working class women and to demonstrate their inherent literary significance Placing each memoir within its generic historical and biographical context this book traces the shifts in such writings over time examines the circumstances which enabled working class women authors to publish their life stories and places these memoirs within a

wider autobiographical tradition Additionally *Memoirs of Victorian Working Class Women* enables readers to appreciate the clear sightedness directness and poignancy of these works *Suffrage Reader* Claire Eustance,Joan Ryan,Laura Ugolini,2000-01-01 This reader contains a mixture of new narratives on suffrage together with reinterpretations of some long established truths about the campaign by British women for the vote Some chapters shift the focus from the great and the good based in London and explore the issues which motivated supporters in other parts of Britain Other chapters illuminate the lengths some men were prepared to go to see women become voters and the lengths others were prepared to go to stop them A variety of topics is covered by the contributors who include both established scholars and writers relatively new to the field A *Suffrage Reader* provides an opportunity to push back the boundaries of suffrage history enabling us to think again about the diverse and sometimes contradictory motives for and outcomes of involvement in the long campaign by women for the vote in Britain The book also makes it possible to pause and reflect upon recent developments in writing on suffrage history and the extent to which this has been bound up with developing attitudes towards politics in the latter decades of the 20th century *Tackling Addiction* Margaret Malloch,Rowdy Yates,2010-03-15 This edited collection brings together the thoughts and experiences of researchers practitioners and service users from the fields of health addiction and criminal justice and centres on current developments in addiction policy and practice *Tackling Addiction* examines what recovery addiction and dependence really mean *Scotland and the Music Hall, 1850-1914* Paul Maloney,2003-09-13 While London dominated the wider British music hall in the 19th century Glasgow the Second City of the Empire was the center of a vigorous Scottish performing culture one developed in a Presbyterian society with a very different experience of industrial urbanization It drew heavily on older fairground and traditional forms in developing its own brand of this new urban entertainment The book explores all aspects of the Scottish music hall industry from the lives and professional culture of performers and impresarios to the place of music hall in Scottish life It also explores issues of national identity both in terms of Scottish audiences responses to the promotion of imperial themes in songs and performing material and in the version of Scottish identity projected by Lauder and other kilted acts at home and abroad in America Canada Australia and throughout the English speaking world **Working-Class Women Poets in Victorian Britain** Florence S. Boos,2008-06-12 Though working class women in the nineteenth century included many accomplished and prolific poets their work has often been neglected by critics and readers in favour of comparable work by men Questioning the assumption that few poems by working class women had survived Florence Boos set out to discover supposedly lost works in libraries private collections and archives Her years of research resulted in this anthology *Working Class Women Poets in Victorian Britain* features poetry from a variety of women including an itinerant weaver a rural midwife a factory worker protesting industrialization and a blind Scottish poet who wrote in both the Scots dialect and English In addition to biographical information and contemporary reviews of the poets work the anthology also includes several photographs of the poets their environment and

the journals in which their poems appeared *Glasgow* Irene Maver,2019-08-06 No detailed description available for Glasgow Civil Society Before Democracy Nancy Bermeo,Philip Nord,2000-11-15 Bringing together historians and political scientists this unique collaboration compares nineteenth century civil societies that failed to develop lasting democracies with civil societies that succeeded Much of the current literature on the connection between civil society and consolidating democracy focuses exclusively on single contemporary polities that are ever changing and uncertain By studying historical cases the authors are able to demonstrate which civil societies developed in tandem with lasting democracies and which did not Contrasting these two sets of cases the book both enlightens readers about individual countries and extracts lessons about the connections between civil society and democracy in contemporary times Above all the authors ask the vital but under researched question OHow and why does democratic civil society develop O *The feminine public sphere* Megan Smitley,2013-07-19 At a time when women were barred from clerical roles middle class women made use of the informal power structures of Victorian and Edwardian associationalism in order to actively participate as citizens This investigation of women s part in civic life provides a fresh approach to the public sphere illuminates women as agents of a middle class identity and develops the notion of a feminine public sphere or the web of associations institutions and discourses used by disenfranchised middle class women to express their citizenship The extent of middle class women s contribution to civic life is examined through their involvement in reforming and philanthropic associations as well as local government Making use of a range of previously untapped sources this fascinating book will appeal in particular to those with an interest in Gender History and Scottish History

This is likewise one of the factors by obtaining the soft documents of this **Scotland Sober And Free The Temperance Movement 18291979** by online. You might not require more era to spend to go to the books opening as well as search for them.
