

The background of the book cover is a sepia-toned photograph of a coastal scene. In the upper right, a large statue of a person in traditional Scottish dress stands on a rocky outcrop, pointing towards the sea. In the lower left, a fisherman in traditional gear stands on a pier, carrying a long pole with two large fish baskets. The sea is visible in the middle ground, and a distant shoreline with hills is in the background.

SCOTLAND AND NATIONALISM

SCOTTISH SOCIETY AND POLITICS 1707 TO THE PRESENT
FOURTH EDITION

Christopher Harvie

Scotland And Nationalism Scottish Society And Politics 1707 Present

Christopher T. Harvie

Scotland And Nationalism Scottish Society And Politics 1707 Present:

Scotland and Nationalism Christopher T. Harvie, Christopher Harvie, 2004-08-12 An authoritative survey of Scottish social and political history from 1707 to the present day This fourth edition brings the story and historiography of Scottish society and politics up to date

Scotland and Nationalism Christopher T. Harvie, 1998 Scotland and Nationalism provides an authoritative survey of Scottish social and political history from 1707 to the present day Focusing on political nationalism in Scotland Christopher Harvie examines why this nationalism remained apparently in abeyance for two and a half centuries and why it became so relevant in the second half of the twentieth century This fourth edition brings the story and historiography of Scottish society and politics up to date Additions also include a brand new biographical index of key personalities along with a glossary of nationalist groups

Sport and National Identity in the Post-War World Dilwyn Porter, Adrian Smith, 2013-04-15 What is the relationship between sport and national identity What can sport tell us about changing perceptions of national identity Bringing together the work of established historians and younger commentators this illuminating text surveys the last half century giving due attention to the place of sport in our social and political history It Includes studies of English football and British decline Englishness and sport Ethnicity and nationalism in Scotland Social change and national pride in Wales Irish international football and Irishness Sport and identity in South Africa Cricket and identity crisis in the Caribbean Baseball exceptionalism and American Sport Popular mythology surrounding the sporting rivalry between New Zealand and Australia Sport and National Identity in the Post War World presents a wealth of original research into contemporary social history and provides illuminating material for historians and sociologists alike

Scots in Victorian and Edwardian Belfast Kyle Hughes, 2013-12-11 A new departure in Scottish and Irish migration studies The Scottish diasporic communities closest to home those which are part of what we sometimes term the near Diaspora are those we know least about Whilst an interest in the overseas Scottish diaspora has grown in recent years Scots who chose to settle in other parts of the United Kingdom have been largely neglected This book addresses this imbalance Scots travelled freely around the industrial centres of northern Britain throughout the nineteenth and early twentieth centuries and Belfast was one of the most important ports of call for thousands of Scots The Scots played key roles in shaping Belfast society in the modern period they were essential to its industrial development they were at the centre of many cultural philanthropic and religious initiatives and were welcomed by the host community accordingly Yet despite their obvious significance in staunchly Protestant Unionist and at times insular and ill at ease Belfast individual Scots could be viewed with suspicion by their hosts dismissed as strangers and cast in the role of interfering outsiders Key Features The only book length scholarly study of the Scots in modern Ireland Brings to light the fundamental importance of Scottish migration to Belfast society during the nineteenth century Advances our knowledge and understanding of Scotland s near diaspora Highlights areas of tension in Ulster Scottish relations during the Home Rule era Puts forward a new agenda for a better understanding of

British in migration to Ireland in the modern period *Acts of Union and Disunion* Linda Colley, 2014-01-02 The United Kingdom Great Britain the British Isles the Home Nations such a wealth of different names implies uncertainty and contention and an ability to invent and adjust In a year that sees a Scottish referendum on independence Linda Colley analyses some of the forces that have unified Britain in the past She examines the mythology of Britishness and how far and why it has faded She discusses the Acts of Union with Wales Scotland and Ireland and their limitations while scrutinizing England's own fractures And she demonstrates how the UK has been shaped by movement of British people to other countries and continents and of people ideas and influences arriving from elsewhere As acts of union and disunion again become increasingly relevant to our daily lives and politics Colley considers how if at all the pieces might be put together anew and what this might mean Based on a 15 part BBC Radio 4 series *The Ruins of Experience* Matthew Wickman, 2013-04-23 There emerged during the latter half of the eighteenth century a reflexive relationship between shifting codes of legal evidence in British courtrooms and the growing fascination throughout Europe with the primitive Scottish Highlands New methods for determining evidential truth linked with the growing prominence of lawyers and a formalized division of labor between witnesses and jurors combined to devalue the authority of witness testimony magnifying the rupture between experience and knowledge Juries now pronounced verdicts based not upon the certainty of direct experience but rather upon abstractions of probability or reasonable likelihood Yet even as these changes were occurring the Scottish Highlands and Hebridean Islands were attracting increased attention as a region where witness experience in sublime and communal forms had managed to trump enlightened progress and the probabilistic abstract and mediated mentality on which the Enlightenment was predicated There in a remote corner of Britain natives and tourists beheld things that surpassed enlightened understanding experience was becoming all the more alluring to the extent that it signified something other than knowledge Matthew Wickman examines this uncanny return of experiential authority at the very moment of its supposed decline and traces the alluring improbability of experience into our own time Thematic in its focus and cross disciplinary in its approach *The Ruins of Experience* situates the literary next to the nonliterary the old beside the new Wickman looks to poems novels philosophical texts travel narratives contemporary theory and evidential treatises and trial narratives to suggest an alternative historical view of the paradoxical tensions of the Enlightenment and Romantic eras

The British Empire Philippa Levine, 2013-11-04 This is a broad survey of the history of the British Empire from its beginnings to its demise It offers a comprehensive analysis not just of political events and territorial conquests but paints a picture of what life was like under colonial rule both for those who ruled and for those whose countries came under British authority There has been a lively debate in recent years about whether empires generally are good or bad things and the British Empire has been very much at the centre of that debate with a number of voices arguing that it was a kinder gentler Empire than its rivals This book speaks specifically to that debate and also to a second and equally vigorous debate about

whether anyone in Britain actually cared about the possession of an Empire *The BBC and national identity in Britain, 1922-53* Thomas Hajkowski, 2013-07-19 Examining the ways in which the BBC constructed and disseminated British national identity during the second quarter of the twentieth century this book is the first study that focuses in a comprehensive way on how the BBC through its radio programs tried to represent what it meant to be British The BBC and national identity in Britain offers a revision of histories of regional broadcasting in Britain that interpret it as a form of cultural imperialism The regional organization of the BBC and the news and creative programming designed specifically for regional listeners reinforced the cultural and historical distinctiveness of Scotland Wales and Northern Ireland The BBC anticipated and perhaps encouraged the development of the hybrid dual identities characteristic of contemporary Britain This book will be of interest to scholars and students of nationalism and national identity British imperialism mass media and media history and the four nations approach to British history Reader's Guide to British History David Loades, 2020-12-17 The Reader's Guide to British History is the essential source to secondary material on British history This resource contains over 1 000 A-Z entries on the history of Britain from ancient and Roman Britain to the present day Each entry lists 6-12 of the best known books on the subject then discusses those works in an essay of 800 to 1 000 words prepared by an expert in the field The essays provide advice on the range and depth of coverage as well as the emphasis and point of view espoused in each publication **Alienation and Resistance** Laura Findlay, Gordon Spark, 2020-05-22 This collection draws together recent work by new and emerging scholars which examines the representation of alienation and resistance in texts and images both modern and traditional The essays collected here incorporate both high and low culture covering a wide range of disciplines from traditional literary sources to the more modern mediums of film and comic Informing each of the contributions is one overriding question what are the roles forms and conditions of alienation and resistance in our culture and its diverse media The contributors to this collection find examples of both alienation and resistance everywhere from sixteenth century drama to contemporary fiction from American comics to Eastern European cinema from representations of the body to the site of the body itself In seeking out these representations of alienation and resistance the essays begin also to probe the limits and limitations of such terms As such the collection as a whole offers both a broad overview of the field of play as it stands today and makes tentative suggestions as to potential paths of future inquiry **The Hero Building** Johnny Rodger, 2016-03-09 Why was it that across Scotland over the last two and a half centuries architectural monuments were raised to national heroes Were hero buildings commissioned as manifestations of certain social beliefs or as a built environmental form of social advocacy And if so then how and why were social aims and intentions translated into architectural form and how effective were they A tradition of building architectural monuments to commemorate national heroes developed as a distinctive feature of the Scottish built environment As concrete manifestations of powerful social and political currents of thought and opinion these hero buildings make important statements about identity the nation and social history The book

examines this architectural culture by studying a prominent selection of buildings such as the Burns monuments in Alloway Edinburgh and Kilmarnock the Edinburgh Scott Monument the Glenfinnan Monument and the Wallace Monument in Stirling They give testimony to how a variety of architectural forms and styles can be adapted through time to bear particular social messages of symbolic weight This tradition which literally allows us to dwell on important social issues of the past has been somewhat neglected in serious architectural history and heritage and indeed one of the main monuments has already been destroyed By raising awareness of this rich architectural and social heritage while analysing and interpreting the buildings in their historical context this book makes an exciting and original scholarly contribution to the current debates on identity and nationality taking place in Scotland and the wider UK Scottish National Party (SNP) Leaders James Mitchell, 2016-09-15 By any measure the story of the Scottish National Party is an extraordinary one Forced to endure decades of electoral irrelevance since its creation in the 1930s during which it often found itself grappling with internal debate on strategy and rebellion from within its own ranks the SNP virtually swept the board in the 2015 general election winning all but three of Scotland's fifty nine seats in Westminster What's more under the current leadership of Nicola Sturgeon the SNP has never been a more important force in the landscape of British politics The leaders who have stood at its helm during this tumultuous eighty year history from Sir Alexander MacEwen to Nicola Sturgeon and Alex Salmond have steered the SNP vessel with varying degrees of success but there is no doubt that all have contributed to the shape purpose and ultimate goal of the party of government we see today The latest addition to the acclaimed British Political Leaders series Scottish National Party Leaders examines each of these senior figures for the first time and is essential reading for anyone curious about how this former fringe party evolved into a political phenomenon changing not only the face of Scottish politics but British politics as well **Voice and New Writing, 1997-2007** M. Inchley, 2015-03-14 In New Labour's empathetic regime how did diverse voices scrutinize its etiquettes of articulation and audibility Using the voice as cultural evidence Voice and New Writing explores what it means to have a voice in mainstream theatre and for newly included voices to negotiate with the institutions that find and represent their identities **Contemporary Britain** John Oakland, 2002-05-03 Contemporary Britain is the latest book from the bestselling author of British Civilization and American Civilization It is a wide ranging collection of sources concerning every important aspect of life in Britain today from national identity to moral panics and offers an accurate snapshot of life in Britain at the beginning of the twenty first century Topics covered include Britain's role in world affairs British national identity constitutional reform within Britain social institutions including the NHS political parties Morality and religion Lively and accessible Contemporary Britain is the essential companion for anyone studying current British civilization *Women's Suffrage in the British Empire* Ian Christopher Fletcher, Philippa Levine, Laura E. Nym Mayhall, 2012-12-06 This edited collection examines the campaign for women's suffrage from an international perspective Leading international scholars explore the relationship between suffragism and other areas of social and political

struggle and examine the ideological and cultural implications of gendered constructions of race nation and empire The book includes comprehensive case studies of Britain India South Africa Australia New Zealand and Palestine Correspondence Between Hugh MacDiarmid and Sorley MacLean Susan R. Wilson,2010-04-08 This is both the first complete annotated edition of the letters exchanged by these major twentieth century Scottish poets and the first major exploration of their long friendship and literary association Spanning nearly fifty years from 27 July 1934 to 23 July 1978 this engaging correspondence offers a revealing and sometimes intimate look at their lively dialogical exchanges on a broad range of topics from major historical events such as the Spanish Civil War and WW II to the mundane challenges of daily life The introductory chapters chart the development of MacDiarmid and MacLean s enduring friendship in relation to their quite different literary contexts and careers discuss MacLean s significant contributions to MacDiarmid s Golden Treasury of Scottish Poetry and situate MacLean s literary innovations in terms of Gaelic modernism They thus provide comparative critical insights into the influence of cultural nationalism on each writer s developing poetics their work as translators and their mutual influence on each other s careers These private letters in which culture politics and modern history intersect offer a fascinating glimpse at the creative processes and collaborative work of Hugh MacDiarmid and Sorley MacLean Key Features The first complete annotated edition of the correspondence between the two poets The only major exploration of MacDiarmid and MacLean s friendship and literary association Full biographical and historical Introduction bibliography and appendices **Doctor Who - Twelfth Night** Andrew O'Day,2018-11-29 Peter Capaldi s Doctor Who unpredictable embattled mercurial has raised many fresh issues for followers of the Time Lord In this book the first to address the Capaldi era in depth international experts on the show explore Capaldi s portrayal of the Doctor and Steven Moffat s role as show writer and executive producer They evaluate the effect of Capaldi s older age on the series pace and themes his Scottishness and representations of Scotland in Doctor Who s history and the roles of the Doctor s female companions particularly Clara Oswald as played by Jenna Coleman The politics of war are addressed as is the development of the alien fighting military organisation UNIT in the show as well as controversial portrayals of the afterlife and of immortality There s discussion of promotional discourses the imagining of the Twelfth Doctor in fan fiction and fan art fan responses to the re gendering of the Master as female and of Christmas television and the uncanny For fans scholars and students alike this book is a fitting tribute to and assessment of Peter Capaldi s Doctor Who A Sociological Phenomenology of Christian Redemption Paul Gilfillan,2014-11-03 Despite much of the world s attention turning to Scotland in 2014 in the year of its Independence Referendum this is the only ethnographic study of Scottish nationalism to have appeared so far Based upon over fifteen years of research in a particular locality the author not only gives the reader an intimate portrait of the relations between class and national identity in contemporary Scotland but provides an intimate description of a particular Scottish locality from 1999 to 2014 This patient ethnographic study also gives an account of how the sociological imagination is indispensable in the task of

integral liberation as it models how empirical sociological study can give an account of human beatitude and ultimately answer the question of transcendence and integrates with the Christian tradition This book then attempts to state the full significance of Scottish nationalism upon the basis of a full or integral account of fully contextualised Scottish human being and in succeeding in this ambitious endeavour the author has produced a remarkable book that deserves the attention of students of the social sciences and theology alike

Using Europe: territorial party strategies in a multi-level system Eve Hepburn, 2013-07-19 This book explores how regional political parties use Europe to advance their territorial projects in times of rapid state restructuring It examines the ways in which decentralization and supranational integration have encouraged regional parties to pursue their strategies across multiple territorial levels This book constitutes the first attempt to unravel the complexities of how nationalist and statewide parties manoeuvre around the twin issues of European integration and decentralization and exploit the shifting linkages within multi level political systems In a detailed comparative examination of three cases Scotland Bavaria and Sardinia over a thirty year period the book explores how integration has altered the nature of territorial party competition and identifies the limits of Europe for territorial projects In addressing these issues this work moves beyond present scholarship on multi level governance to explain the diversity of regional responses to Europe By providing important new insights and empirical research on the conduct of territorial party politics and an innovative model of territorial mobilization in Europe this book will be of great interest to students and scholars of comparative politics European studies regionalism and federalism political parties and devolution

Byzantium and British Heritage Amalia G. Kakissis, 2023-07-12 Byzantium was a very influential part of the development of the Arts and Crafts Movement 1880 1910 in Britain and although the influence of the Gothic Revival 1830 80 is well known that of the Byzantine Revival 1840 1910 is not This volume is about the people and the movements that created the Byzantine Revival and shows how they influenced British heritage from architecture to the decorative arts during the late nineteenth and early twentieth centuries The central pillars of the volume are the architects and scholars who created the Byzantine Research Fund BRF Archive a unique collection of architectural drawings and photographs of numerous monuments across the Byzantine world and the social and professional networks in which they circulated The BRF members an eclectic and little known group who based themselves at the newly founded British School at Athens established the research of Byzantium in Britain and Greece They were trained in the traditions of the Arts and Crafts Movement which sought authenticity in design and decoration in reaction to the styles that had developed through industrialisation Their work uniting a distinctively British design tradition with Byzantine arts and crafts represents a highly significant and under researched link between Britain and the Hellenic world This volume is the first contribution to try to fill this knowledge gap Byzantium and British Heritage will appeal to all those interested in the relation between Byzantine and British culture and Byzantine art
