Heffermehl,2010-08-19 In this groundbreaking and controversial critique of the selections of Nobel Peace Prize winners an eminent Norwegian lawyer and peace activist calls for its return to legal and moral compliance with the will of Alfred Nobel who wished to support disarmament to prevent war The Nobel Peace Prize is the world s most coveted award galvanizing the world s attention for 110 years In recent decades it has also become the world s most reviled award as heads of militarized states and out and out warmongers and terrorists have been showered with peace prizes Delving into previously unpublished primary sources Fredrik Heffermehl reveals the history of the inner workings of the Norwegian Nobel Committee as it has come under increasing political geopolitical and commercial pressures to make inappropriate awards As a Norwegian lawyer Heffermehl makes the case that the Norwegian politicians entrusted with the Nobel peace awards have brushed aside the legal requirements in Scandinavian estate law using the prize to promote their own political and personal interests instead of the peace ideas Alfred Nobel had in mind Evaluating each of the 119 Nobel Peace Prizes awarded between 1901 and 2009 the author tracks the ever widening divergence of the committee s selections from Nobel s intentions and concludes that all but one of the last ten prizes are illegitimate under the law   **Ritual Performance in Early Chinese Thought** Thomas Radice,2024-11-14 Examining early Chinese ritual discourse during the Warring States and early Western Han Periods this book reveals how performance became a fundamental feature of ritual and politics in early China Through a dramaturgical lens Thomas Radice explores the extent to which performer spectator relationships influenced all aspects of early Chinese religious ethical and political discourse Arguing that the Confucians conceived ritual as primarily a dramaturgical matter this book demonstrates not only that theatricality was necessary for expression and deception in a community of spectators but also how a theatrical presence ultimately became essential to all forms of public life in early China Thomas Radice illuminates previously unexplored connections between early Chinese texts aesthetics and traditions
