Nicholls,1985-06-18      *Robert Burns and Pastoral* Nigel Leask,2010-07-02 Robert Burns and Pastoral is a full scale reassessment of the writings of Robert Burns 1759 1796 arguably the most original poet writing in the British Isles between Pope and Blake and the creator of the first modern vernacular style in British poetry Although still celebrated as Scotland s national poet Burns has long been marginalised in English literary studies worldwide due to a mistaken view that his poetry is linguistically incomprehensible and of interest to Scottish readers only Nigel Leask challenges this view by interpreting Burns s poetry as an innovative and critical engagement with the experience of rural modernity namely to the revolutionary transformation of Scottish agriculture and society in the decades between 1760 and 1800 thereby resituating it within the mainstream of the Scottish and European enlightenments Detailed study of the literary social and historical contexts of Burns s poetry explodes the myth of the Heaven taught ploughman revealing his poetic artfulness and critical acumen as a social observer as well as his significance as a Romantic precursor Leask discusses Burns s radical decision to write Scots pastoral rather than English georgic poetry in the tradition of Allan Ramsay and Robert Fergusson focusing on themes of Scottish and British identity agricultural improvement poetic self fashioning language politics religion patronage poverty antiquarianism and the animal world The book offers fresh interpretations of all Burns s major poems and some of the songs the first to do so since Thomas Crawford s landmark study of 1960 It concludes with a new assessment of his importance for British Romanticism and to a Four Nations understanding of Scottish literature and culture      *The Directory of Museums and Special Collections in the UK* Peter Dale,2023-05-31 Compiled with the assistance of the Museums Association this important directory incorporates over 2 100 museums almost double the number of inclusions in the 1st edition It covers all types including collections of artefacts The index contains over 3 000 subjects It is designed particularly to uncover those holdings that are more unusual and less well known The directory covers all subjects except living organisms An indispensable reference source for the library and an ideal companion for researcher or enthusiast alike      **The Death of Christian Britain** Callum G. Brown,2013-04-15 The Death of Christian Britain uses the latest techniques to offer new formulations of religion and secularisation and explores what it has meant to be religious and irreligious during the last 200 years By listening to people s voices rather than purely counting heads it offers a fresh history of de christianisation and predicts that the British experience since the 1960s is emblematic of the destiny of the whole of western Christianity Challenging the generally held view that secularization has been a long and gradual process beginning with the industrial revolution it proposes that it has been a catastrophic short term phenomenon starting with the 1960 s Is Christianity in Britain nearing extinction Is the decline in Britain emblematic of the fate of western Christianity Topical and controversial The Death of Christian Britain is a bold and original work that will bring some uncomfortable truths to light
