Ritual America Craig Heimbichner, Adam Parfrey, 2012-03-06 Adam Parfrey is one of the nation s most provocative publishers Seattle Weekly Secret society historian Craig Heimbichner follows the Middle Path to wisdom He works the graveyard shift in the secret lodge Joan d Arc Paranoia magazine Secret societies now a staple of bestseller novels are pictured as sinister cults that use hooded albinos to menace truth seekers Some conspiracy books claim that fraternal orders are the work of serpentine aliens and interbred humans who wish to supplant earth of its energy and later its very existence On the other side of the aisle books by high ranked Freemasons skeptical in tone but no less partisan in approach protect their organization s public image by denying the existence of its most contentious ideas Ritual America reveals the biggest secret of them all that the influence of fraternal brotherhoods on this country is vast fundamental and hidden in plain view In the early twentieth century as many as one third of America belonged to a secret society And though fezzes and tiny car parades are almost a thing of the past the Gnostic beliefs of Masonic orders are now so much a part of the American mind

that the surrounding pomp and circumstance has become faintly unnecessary The authors of *Ritual America* contextualize hundreds of rare and many never before printed images with entertaining and far reaching commentary making an esoteric subject provocative exciting and approachable Adam Parfrey is the author of *Cult Rapture Revelations of the Apocalyptic Mind* and *It's a Man's World Men's Adventure Magazines the Postwar Pulps* He is editor of the influential *Apocalypse Culture* series *Love Sex Fear Death The Inside Story of the Process Church of the Final Judgment* Craig Heimlichner has recently appeared on a National Geographic documentary about the Bohemian Grove contributed to the Feral House compilation *Secret and Suppressed II* and wrote about the famous occult order the O T O in *Blood and Altar* [Introduction to Magic, Volume II](#) Julius Evola, The UR Group, 2019-03-12 Authentic initiatic practices rituals and wisdom collected by the UR Group Shares a rigorous selection of initiatory exercises including instructions for creating the diaphanous body of the Opus magicum establishing initiatic consciousness after death and the construction of magical chains the enchained awareness of initiates Offers studies of mystery traditions throughout history presenting not only the principles themselves but also witnesses to them and their continual validity today The Gruppo di UR was a group of Italian esotericists who collaborated from 1927 to 1929 The purpose of this group was to study and practice ancient rituals gleaned from the mystery traditions of the world both East and West in order to attain a state of superhuman consciousness and power to allow them to act magically on the world They produced a monthly journal containing techniques for spiritual realization accounts of personal experiences translations of ancient texts and original essays on esoteric topics The group included a distinguished line up of occultists neo pagans freemasons Anthroposophists orientalist poets and members of high society The prime movers of the group were Arturo Reghini 1878 1946 a Pythagorean mathematician and reviver of a spiritual Freemasonry and Julius Evola 1898 1974 then a young philosopher with a precocious mastery of the esoteric doctrines of East and West Many years later in 1971 Evola gathered these essays into three volumes *Inner Traditions* published Volume I in 2001 under the title *Introduction to Magic Rituals and Practical Techniques for the Magus* This volume the second in the series complements the first one yet they are not strictly sequential and their contents can be read in any order Volume II shares authentic initiatic wisdom and a rigorous selection of initiatory exercises including instructions for creating the diaphanous body of the Opus magicum establishing initiatic consciousness after death and the construction of magical chains the enchained awareness of initiates It offers studies of mystery traditions throughout history presenting not only the principles themselves but also witnesses to them and their continual validity today This series shows that the Magic of the UR Group meant an active and affirmative attitude toward individual development handed down from a primordial tradition and discernable in alchemy Hermetism esoteric religious doctrines indigenous practices Tantra Taoism Buddhism Vedanta and the pagan mysteries of the West Although some of the practical experiments demanded extraordinary efforts both individual and collective there is incalculable value here even for the less heroic for merely reading these essays leaves a permanent mark on the reader
