Screen Presence Monteiro Stephen Monteiro, 2016-05-31 Cinema plays a major role in contemporary art yet the deeper influence of its diverse historical forms on artistic practice has received little attention Screen Presence explores the intersections of film popular media and art since the 1950s through the examples of four pivotal figures Andy Warhol Robert Rauschenberg Mona Hatoum and Douglas Gordon While their film related works may appear primarily as challenges to conventional cinema these artists draw on overlooked forms of popular film culture that have been commonplace and even dominant in specific social contexts Through a range of new sources including advertisements specialty magazines postcards technical guides and souvenir programs Stephen Monteiro demonstrates the dependence of contemporary artists on cinema's shifting applications and interpretations offering a fresh understanding of the enduring impact of everyday media on how we make and view art

an inspiration for his film *Parasite* 2019 In this book Youngmin Choe argues that *Hanyo* encapsulates the mood of social change in postwar South Korea during the period of tremendous upheaval and rapid transformation that followed the devastating war which divided families across the newly formed Cold War boundaries The housemaid a figure that Kim Ki young would explore repeatedly throughout his career was a young woman driven by greed and envy a femme fatale set loose on the middle class home A monstrous embodiment of the destructive desires of capitalism which recklessly eroded the foundations of tradition this housemaid served as the conscience of a period that otherwise leaned heavily into economic transformation pointing to the anxiety that undergirded what might be otherwise regarded as a time of progress Going beyond the traditionalist approaches that resist feminist readings of *Hanyo* Youngmin Choe insists that the enduring legacy of *Hanyo* is both due to its uncanny aesthetics and though it certainly was not intended to be an explicitly feminist film in the questions it raises about class mobility gender oppression and women s work *British Gothic Cinema* B.
