Screenwriting From The Heart:

Screenwriting from the Heart James Edward Ryan, 2000-01-01 Screenwriting from the Heart is James Ryan's answer to today's formulaic by the numbers Hollywood films. As a successful screenwriter and teacher, Ryan has distilled the content of his popular workshops into this indispensable guide to developing dramatic and passionate screenplays based on compelling characters. Maintaining that writing by formula results in contrived and untrue screenplays, Ryan's technique is based on the premise that our best work comes from the heart, from the inside out. This book shows screenwriters how to free up the unconscious imagination in order to use what they excavate from deep within themselves to craft a screenplay. **The Heart of the Film** Cynthia Whitcomb, 2017-03-31 Most movies include a love story, whether it is the central story or a subplot, and knowing how to write a believable relationship is essential to any writer's skill set. Discover the rules and laws of nature at play in a compelling love story and learn and master them. Broken into four sections, *The Heart of the Film* identifies the critical features of love story development and explores every variation of this structure, as well as a diverse array of relationships and types of love. Author Cynthia Whitcomb has sold over 70 feature-length screenplays and shares the keys to her success in *The Heart of the Film*, drawing on classic and modern films as well as her own extensive experience.

Organic Screenwriting Mark David Gerson, 2019-04-20 Finally, a book for screenwriters that focuses on creativity, not rules. Organic Screenwriting gives us permission to do what we set out to do in the first place: tell stories from our hearts. Luke Yankee, writer/producer of TV's *Conversations with Craft*, writing for film doesn't have to feel like an engineered exercise in story building. Rather, it can be a story-freeing adventure, one that retains all the magic, wonder, and awe of movies and makes us believe. Learn to craft engaging, compelling, entertaining stories for the screen spontaneously and without struggle, whether you're a seasoned screenwriter or just starting out. Be the storyteller you are. Go organic. Write your screenplay the natural way. What I share here speaks to the core of what I believe, not only about screenwriting but about writing, and that is that creativity is an organic process that relies more on discernment than rules, more on intuition than outlines, more on passion than structure. It's a free-flowing, in-the-moment experience that urges us to turn our backs on cookie-cutter formulas and paint-by-numbers canvases. It's a realm where story is king and the muse is both chancellor and court jester. It's a journey where we sit wide-eyed in a darkened theater and watch, awestruck, as our screenplay reveals itself to us on the flickering screen. Mark David Gerson, a seminal work that should be read carefully by any and all aspiring writers for film and television, an enduringly useful reference work. *The Midwest Book Review* **Lew Hunter's Screenwriting 434** Lew
