Screw The Roses Send Me The Thorns The R:

Dickens and the Despised Mother Shale Preston, 2013-01-25 This work offers an original interpretation of the mothers of the protagonists in Dickens's autobiographical novels Taking Julia Kristeva's psychoanalytic concept of abjection and Mary Douglas's anthropological analysis of pollution as its conceptual framework the book argues that Dickens's primary emotional response towards the mother who abandoned him to work in a blacking warehouse was disgust and suggests that we can trace similar signs of disgust in the narrators of his fictional autobiographies David Copperfield Bleak House and Great Expectations The author provides a close reading of Dickens's autobiographical fragment and opens up the possibility that Dickens's feelings towards his mother actually bore a significant influence on his fiction The book closes with a provocative discussion of Dickens's compulsive Sikes and Nancy public readings

Come Together Emily Nagoski, PhD, 2025-02-11
NEW YORK TIMES BESTSELLER From the author of *Come as You Are* and co author of *Burnout* comes an illuminating exploration of how to maintain a happy sex life in a long term relationship Emily Nagoski is a national treasure helping us all understand how to finally build true joyful confident sex lives Glennon Doyle author of *Untamed* In *Come as You Are* Emily Nagoski PhD revolutionized the way we think about women's sexuality Now in *Come Together* Nagoski takes on a fundamentally misunderstood subject sex in long term relationships Most of us struggle at some point to maintain a sexual connection with our partner's or spouse And many of us are given not very good advice on what to do about it In this book Nagoski dispels the myths we've been taught about sex for instance the belief that sexual satisfaction and desire are highest at the beginning of a relationship and that they inevitably decline the longer that relationship lasts Nagoski assures us that's not true So what is true *Come Together* isn't about how much we want sex or how often we're having it it's about whether we like the sex we're having Nagoski breaks down the obstacles that impede us from enjoying sex from stress and body image to relationship difficulties and gendered beliefs about how sex should be and presents the best ways to overcome them You'll learn that spontaneous desire is not the kind of desire to strive for if you want to have great sex for decades vocabulary for talking with partners about ways to get in the mood and how to not take it personally when the mood is nowhere to be found how to understand your own and your partner's emotional floorplan so that you have a blueprint for how to get to a sexy state of mind Written with scientific rigor humor and compassion Nagoski shows us what great sex can look like how to create it in our own lives and what to do when struggles arise

Sadomasochism Peggy J. Kleinplatz, 2006 This book has been co published as *Journal of Homosexuality* volume 50 numbers 2-3 2006

Cultural Criminology and the Carnival of Crime Mike Presdee, 2003-09-02 This book attempts to make sense of the current increase in violence cruelty hate and humiliation arguing that an overly organised economic world has provoked desire for extreme forms of popular and personal pleasure

The Psychology of Love and Hate in Intimate Relationships Katherine Aumer, 2016-06-23 Social psychology has made great advancements in understanding how our romantic relationships function and to some extent

dissolve However the social and behavioral sciences in much of western scholarship often focus exclusively on the more positive aspects of intimate relationships and less so on more controversial or unconventional aspects The goal of this volume is to explore and illuminate some of these underrepresented aspects aspects such as non monogamy female orgasm sadism and hate that often function alongside love in intimate relationships Ultimately by looking at intimate relationships in this way the volume contributes to and advocates for a more holistic and comprehensive view of intimate relationships Throughout the volume contributors from social clinical and evolutionary psychology cover love and hate from a variety of sometimes opposing perspectives The first section covers love and the changing landscape of intimate relationships Its chapters review the current literature and research of understudied topics like non monogamy female orgasm sexual fantasies and the viewpoint of love as something other than positive The second section explores hate and how hate can operate in intimate relationships for example the appearance of sadistic behavior and debates the nature of hate as either a motivation or emotion The volume concludes by looking at ways in which the appearance of hate in relationships can be dealt with and overcome successfully Taken together these two sections reflect the full variety of experiences within intimate relationships With the aim of exploring how love and hate can and frequently do work together The Psychology of Love and Hate in Intimate Relationships is a fascinating psychological exploration of intimate relationships in modern times It is an invaluable resource to academics and students specializing in psychology gender and sociology including clinicians and therapists and all those interested in increasing our knowledge of intimate relationships
