Scribner's Best of the Fiction Workshops, 1998

Scribners Best of the Fiction Workshops 1997 Natalie Danford, 1997-02-20 From Simon

Schuster Scribner's Best of the Fiction Workshops 1997 showcases the most exciting and innovative invoice in North

American fiction from 1997 This collection presents an appealing array of outstanding short stories by talented newcomers

selected from submissions from a wide range of writing workshops around the United States and Canada

American Short Story since 1950 Kasia Boddy, 2010-08-31 The American Short Story since 1950 offers a reappraisal and

contextualisation of a critically underrated genre during a particularly rich period in its history It offers new readings of

important stories by key writers including Flannery O Connor John Cheever Donald Barthelme Raymond Carver Lorrie Moore

and Grace Paley These readings are related throughout to the various contexts in which stories are written and published

including creative writing schools story writing handbooks mass market and little magazines

The Cambridge Companion to the American Short Story Michael J. Collins, Gavin Jones, 2023-05-25 This Companion offers students and

scholars a comprehensive introduction to the development and the diversity of the American short story as a literary form

from its origins in the eighteenth century to the present day Rather than define what the short story is as a genre or defend

its importance in comparison with the novel this Companion seeks to understand what the short story does how it moves

through national space how it is always related to other genres and media and how its inherent mobility responds to the

literary marketplace and resonates with key critical themes in contemporary literary studies The chapters offer authoritative

introductions and reinterpretations of a literary form that has re emerged as a major force in the twenty first century public

sphere dominated by the Internet

When We Were Wolves Jon Billman, 2009-07-01 If you could have been around a

hundred and fifty years ago and passed through the landscape as a beaver trapping tough with Jim Bridger or Jedediah Smith

before coal barons before soda ash and oil before Mormons before you could stand outside and watch satellites pass through

the night sky or silhouettes kissing in warm apartment windows when this history was wild and new you could have just

pointed and named something of permanence a mountain a river at least a creek after yourself Or they would have named it

for you a permanent mark just for being here From a new talent that Annie Proulx has called an important emerging writer

comes a surprising and expansive collection of stories steeped in the lore of the frontier but unmistakably fresh and of our

time When We Were Wolves roams over a West we never knew existed colonized by rogues and tricksters Custer

impersonators firefighters with a weakness for arson and the other rootless folk who come to rest under the vast and

forgiving desert sky Jon Billman writes about accidental lives people who are trapped in unsuitable marriages impossible

situations but who handle them with the odd grace of those who are determined to live by their own strange code He mingles the skewed humor of David Sedaris with the loping rough edged appeal of Tom McGuane This is a beguiling new entry on the map of American fiction **New Serial Titles** ,1997 A union list of serials commencing publication after Dec 31 1949
